

Jose Figueroa Alcorta 1906 A 1910

M. Epstein

Perón and the Enigmas of Argentina Robert D. Crassweller, 1987 A study of the life of Juan Peron focusing on the values, emotions, and psychological links--of the appeal of Peronism and its mythology and longevity.

A Reference Guide to Latin American History James D. Henderson, Helen Delpar, Maurice Philip Brungardt, Richard N. Weldon, 2000 A guide to Latin American history includes a chronology of key events from pre-Columbian history through the present, a thematic survey following each topic (economic change, cultural development, politics and government) across time, and 300 biographies of Latin Americans throughout history.

Sustaining Human Rights Michelle D. Bonner, 2010-11 The &“disappearance&” and torture of many people during the worst days of the authoritarian regimes that ruled many Latin American countries in the 1970s have been well documented and widely condemned as abuses of human rights. Less well known is what has become of the movements for human rights once democratic governments were restored in these countries. In this book, Michelle Bonner reveals how the defense of human rights continues today, taking Argentina as her primary example (with comparison to Chile in the final chapter). Bonner shows that the role of women&—viewed as protectors of the family&—is key to understanding how human rights movements have evolved. Moreover, the continuity of the &“historical frames&” used to legitimate their activity is an essential element in the success of their efforts, even while the claimed abuse has changed from the political repression undertaken by the dictators&’ minions to the economic hardships created by market inequities resulting from neoliberal policies. Based on extensive field research and providing a long historical view extending from colonial times to the present, this study compares the activities of the ten most prominent human rights organizations in Argentina and assesses the responses of both state and society.

The Statesman's Year-Book M. Epstein, 2016-12-26 The classic reference work that provides annually updated information on the countries of the world.

The Statesman's Year-Book Mortimer Epstein, 2016-12-27 The classic reference work that provides annually updated information on the countries of the world.

The Province of Buenos Aires and Argentine Politics, 1912-1943 Richard J. Walter, 2002-08-08 A political history of Argentina's wealthiest, largest and most populous province.

Kings, Rulers, and Statesmen Leonard F. Wise, Mark Hillary Hansen, E. W. Egan, 2005 Sovereigns have been the ultimate authority in many world regimes for more than 5,000 years. Informative and entertaining, this newly revised and completely updated volume is the definitive source book for accurate and thorough information on kings, rulers, and statesmen.

Manipulating Courts in New Democracies Andrea Castagnola, 2017-10-31 When can the Executive manipulate the composition of a Court? What political factors explain judicial instability on the bench? Using original field data from Argentina's National Supreme Court and all twenty-four Provincial Supreme Courts, Andrea Castagnola develops a novel theory to explain forced retirements of judges. She argues that in developing democracies the political benefits of manipulating the court outweigh the costs associated with doing so. The instability of the political context and its institutions causes politicians to focus primarily on short-term goals and to care mostly about winning elections. Consequently, judiciaries become a valuable tool for politicians to have under their control. Contrary to the predictions of strategic retirement theory, Castagnola demonstrates that there are various institutional and non-institutional mechanisms for induced retirement which politicians have used against justices, regardless of the amount of support their party has in Congress. The theoretical innovations contained herein shed much needed light on the existing literature on judicial politics and democratization. Even though the political manipulation of courts is a worldwide phenomenon, previous studies have shown that Argentina is the theory-generating case for studying manipulation of high courts.

Lines of Geography in Latin American Narrative Aarti Smith Madan, 2017-08-17 This book looks to the writings of prolific statesmen like D.F. Sarmiento, Estanislao Zeballos, and Euclides da Cunha to unearth the literary and political roots of the discipline of geography in nineteenth-century Latin America. Tracing the simultaneous rise of text-writing, map-making, and institution-building, it offers new insight into how nations consolidated their territories. Beginning with the titanic figures of Strabo and Humboldt, it rereads foundational works like *Facundo* and *Os sertões* as examples of a recognizably geographical discourse. The book digs into lesser-studied bulletins, correspondence, and essays to tell the story of how three statesmen became literary stars while spearheading Latin America's first geographic institutes, which sought to delineate the newly independent states. Through a fresh pairing of literary analysis and institutional history, it reveals that words and maps—literature and geography—marched in lockstep to shape national territories, identities, and narratives.

The Statesman's Year-Book S. Steinberg, 2016-12-28 The classic reference work that provides annually updated information on the countries of the world.

Atlas histórico Juan Suriano, Mirta Zaida Lobato, 2013-12-01 ¿Un Atlas Histórico de la Argentina? Tiempo y espacio se unen en esta síntesis de la evolución histórica de la Argentina en sus dimensiones políticas, económicas, sociales y culturales. Quienes habitaron el territorio, como fue conquistado y ocupado por la corona española cuando y por que estallaron las revoluciones, cual fue el proceso de conformación del Estado nacional, quienes eran los habitantes y como evoluciono la

población, como se transformaron las ciudades, de que forma se producía y quienes eran los productores en el campo y en la ciudad, quienes gobernaron y como era el sistema político: son algunas de las preguntas que se formulan las personas interesadas en el pasado argentino. El Atlas de la Nueva Historia Argentina ayuda a responder esos interrogantes de manera ordenada y sistemática. Es un instrumento de trabajo y una obra de consulta indispensable. Desde la historia de los hombres que poblaron el actual territorio de la Argentina en tiempos prehistóricos hasta hace apenas unos pocos años, el texto articula la información y los mapas contribuyen a comprender los cambios especiales y temporales así como complementan al texto mismo. En suma, las claves del proceso histórico se encuentran contrastadas con abundante material visual (mapas, gráficos, imágenes) y con la síntesis cronológica de los acontecimientos.

Parties and Power in Modern Argentina 1930-1946 Alberto Ciria, 1974-01-01 An analysis of the immediate causes of Peronism in its formative stages is included in this study of the emergence of powerful pressure groups and the decay of traditional political parties in Argentina during the period 1930-1946. A detailed, well-documented description of Argentine politics through four administrations. Originally published in Spanish as Partidos y poder en la Argentina Moderna (1930-1946) by Editorial Universitaria de Buenos Aires in 1966.

Argentina's Economic Reforms of the 1990s in Contemporary and Historical Perspective Domingo Cavallo, Sonia Cavallo Runde, 2017-02-03 Why has Argentina suffered so much political and economic instability? How could Argentina, once one of the wealthiest countries in the world, failed to meet its potential over decades? What lessons can we take from Argentina's successes and failures? Argentina's economy is - irresistibly - fascinating. Argentina's economic history - its crises and its triumphs cannot be explained in purely economic terms. Argentina's economic history can only be explained in the context of conflicts of interest, of politics, war and peace, boom and bust. Argentina's economic history is also intertwined with ideological struggles over the ideal society and the on-going struggle of ideas. The book comprises two distinct components: an economic history of Argentina from the Spanish colonial period to 1990, followed by a narrative by Domingo Cavallo on the last 25 years of reform and counter reform. Domingo Cavallo has been at the centre of Argentina's economic and political debates for 40 years. He was one of the longest serving cabinet members since the return of democracy in 1983. He is uniquely qualified to help the reader make the connection between historical and current events through all these prisms. His daughter, Sonia Cavallo Runde, is an economist specialized on public policy that currently teaches the politics of development policy. The two Cavallos offer academics and students of economics and finance a long form case study. This book also seeks to offer researchers and policymakers around the world with relevant lessons and insights to similar problems from the Argentine experience.

The Río de la Plata and its Maritime Front Legal Regime Lilian del Castillo-Laborde, 2007-11-30 This work makes both a historical and legal analysis of the process leading up to the 1973 adoption by Argentina and Uruguay of the Treaty

concerning the Río de la Plata and its Maritime Front, a wide watercourse that between the 16th and 19th century was object of rivalry between Spain and Portugal, Great Britain and France, continuing later between the South American countries, Argentina, Brazil and Uruguay. The book makes a legal interpretation of the innovative solutions adopted by the Treaty for the River, the Common Fishing Zone in the adjacent sea, the Bi-national Commissions and other matters including its subsequent application, thus providing a systematic and updated insight into navigation, fisheries and pollution prevention among other uses.

Buenos Aires and some points of interest in Argentina Buenos Aires (Argentina). Plaza Hotel, 1944

The South American Handbook, 1927

Historical Dictionary of Argentina Bernardo A. Duggan, Colin M. Lewis, 2019-04-15 Argentina celebrated a century of independence from Spain in 1910, and the republic was the tenth most important trading nation in the global economy. Although it had the promise of growth and industrial development at the time, crises, mismanagement, and unrealized potential associated with authoritarianism, populism, and military coups (culminating in thousands of “disappearances” over a period of unparalleled state terror) prevented that from happening. By 2001, Argentina announced that it would not service its foreign debt, triggering the largest default in world financial history. Since then, the country has sought to recapture the potential and promise of the past, and its place in the world while escaping from what appeared to be an interminable cycle of expansion, crises, conflict, and institutional collapse. Historical Dictionary of Argentina contains a chronology, an introduction, appendixes, an extensive bibliography, and more than 800 cross-referenced entries on the country’s important personalities and aspects of its politics, economy, foreign relations, religion, and culture. This book is an excellent resource for students, researchers, and anyone wanting to know more about Argentina.

Argentina, 1516-1987 David Rock, 1987-11-18 N this comprehensive history, updated to include the climactic events of the five years since the Falklands War, Professor Rock documents the early colonial history of Argentina, pointing to the colonial forms established during the Spanish conquest as the source for Argentina's continued reliance on foreign commercial and investment partnerships. The collapse of Argentina's close western European ties after World War II is thus seen as the underlying cause for her current economic and political crisis.

The State on the Streets Mercedes S. Hinton, 2006 An in-depth comparative analysis of the interplay of police, democracy, state, and civil society in Argentina and Brazil, with disturbing implications for the consolidation of democracy in Latin America as a whole.

Compendio de geografía, historia y constituciones de América Francisco de Arce, 1929
