The Arliss Cutter Thrillers Marc Cameron, 2022-07-28 Wrap up warm and journey into the Alaskan wilderness. Includes all four books in The Arliss Cutter Thrillers series; Open Carry, Stone Cross, Bone Rattle and Cold Snap. Open Carry: After enlisting in the military and fighting in the Middle East, US Marshal Arliss Cutter is sent to the icy wastelands of southeast Alaska. Three people have disappeared on Prince of Wales Island. Two are crew members of the reality TV show, Alaska Adventure Jobs. The other is a Tlingit Indian girl who had the misfortune of witnessing their murders. Cutter's job is to find the bodies, examine the crew's footage for clues, and track down the men who killed them. Easier said than done. Especially when the whole town is hiding secrets, the trail leads to a dead end - and the hunter becomes the prey. Stone Cross: Winter comes early to the rural native community of Stone Cross, Alaska - and so does hunting season. But Arliss Cutter has come here for a very different game. A federal judge is receiving death threats and refuses protection. Cutter and his deputy Lola Teariki have been assigned to shadow him on his trip to this icy outland. When Cutter and Lola arrive, the village is already gripped with fear. A young couple has disappeared and their handyman is found dead. To make matters worse, a dense fog has descended on the region, isolating the town from civilization. With the judge's life still at risk, and two people still missing, Cutter and Lola have their work cut out for them... Bone Rattle: In Juneau, a young archaeologist is sent to protect the ancient burial sites uncovered by an Alaskan gold mining company. He never returns. In Anchorage, a female torso - minus head, hands, and feet - is washed ashore near a jogging trail by the airport. It is not the first. At Alaska's Fugitive Task Force, Arliss Cutter and deputy Lola Teariki are pulled from their duties and sent to a federal court in Juneau to keep track of sequestered jurors in a high-profile drug trial. When a prosecuting attorney is murdered - and a reporter viciously attacked - Cutter realizes they're dealing with something darker. The truth lies deep within the ancient sites and precious mines of this isolated land - and inside the cold hearts of those who would kill to hide its secrets. Cold Snap: After an early spring thaw on the Alaskan coast, Anchorage police discover a gruesome new piece of evidence in their search for a serial killer - a dismembered human foot. In the remote northern town of Deadhorse, Deputy US Marshal Arliss Cutter escorts four very dangerous handcuffed prisoners onto a small bush plane. He's expecting a routine mission and a nonstop flight. But when the plane goes down in the wilderness, the prisoners murder the pilot and torch the plane. Back in Anchorage, deputy Lola Teariki has traced the dismembered foot to a missing girl and the serial psychopath who slaughtered her - one of the

prisoners on Cutter's flight. With no means of communication, Cutter will have to use all his skills if he is to survive the harsh Alaskan wilderness and an angry killer on the loose... This bone-chilling thriller series shows the desperate measures that must be taken to survive Alaska's icy heart, perfect for fans of Lee Child, James Swallow and Harlan Coben. **The Breaker** Nick Petrie, 2021-07-27 Nonstop action at a machine gun pace. If you aren't reading Nick Petrie, now is the time to start.--C.J. Box Peter Ash tangles with dangerous enemies and terrifying technology in the newest thriller from bestselling author Nick Petrie. A man wanted by two governments, Peter Ash has found a simple, low-profile life in Milwaukee, living with his girlfriend June and renovating old buildings with his friend Lewis. Staying out of trouble is the key to preserving this fragile peace . . . but when Peter spots a suspicious armed man walking into a crowded market, he knows he can't stand by and do nothing. Peter does interrupt a crime, but it wasn't at all what he'd expected. The young gunman appeared to have one target and one mission--but when he escapes, and his victim vanishes before police arrive, it seems there is more to the encounter than meets the eye. Peter's hunch is proven correct when a powerful associate from his past appears with an interest in the crime, and an irresistible offer: if he and June solve this mystery, Peter's record will be scrubbed clean. While Peter and Lewis trace the gunman, reporter June digs into the victim of the incident, a man whose face rings a bell in her memory. As their parallel investigations draw together, they're thrust into the path of a ruthless tech thief, an eerily cheerful assassin, a brilliant and troubled inventor, and a revolutionary technology that could wreak devastation in the wrong hands. But for Peter, even more is at stake: this investigation is his only path to a life free from the threat of prosecution or prison. Before the end, he'll have to fight harder than ever before to ensure that freedom doesn't come at too high a cost. . . .

Active Measures Marc Cameron, 2019-11-26 OLD ENEMIES NEVER DIE Cuba and the United States are in talks to normalize relations, something the old guard on the Communist-controlled island has vowed to stop—by any means necessary. Zayda de la Guardia, a rogue general in the Cuban security services, has gotten his hands on a nuclear weapon left over from the Cold War. He plans to launch it on Miami, an attack that could kill millions. There's just one thing standing in his way: special agent Jericho Quinn and his team have traveled undercover to Cuba to unravel de la Guardia's plot before it ignites a nuclear holocaust. Thrown into a secret prison, pursued by assassins, and trapped on the tiny island during one of the worst hurricanes of the century, Quinn and his crew must survive a trial by fire to prevent an international confrontation that would make the Cuban Missile Crisis look like a fist fight.
