The Complete Poems of John Donne Robin Robbins, 2014-06-06 The Poems of John Donne is one volume paperback edition of the poems of John Donne (1572-1631) based on a comprehensive re-evaluation of his work from composition to circulation and reception. Donne's output is tremendously varied in style and form and demonstrates his ability to exercise his rhetorical capabilities according to context and occasion. This edition aims to present the text of all his known poems, from the epigrams, songs and satires written for fellow young men about town, to the more mature verse-epistles and memorial elegies written for his patrons. The Longman Annotated English Poets series traditionally aims to present poems in chronological order; in this edition, however, the principle has been observed only within generic sections. This organisation reproduces the manner in which Donne's original readers first encountered the poems in the various manuscripts of his elegies and satires that circulated in Donne's lifetime. Volume One contains the Epigrams, Verse Letters to Friends, Love Lyrics, Love Elegies and Satires; Volume Two contains the religious poems, Wedding Celebrations, Verse Epistles to Patronesses, Commemorations, and the Anniversaries. The lyrics have been arranged alphabetically for ease of reference and because, in all but a few cases, precise date of composition is impossible to determine. Each poem has extensive editorial commentary designed to put the twenty-first century reader in possession of all that is necessary fully to appreciate Donne's work. A substantial headnote sets each poem in its historical and literary context, while the annotations give detailed guidance on the wealth of classical and religious allusions and give full representation to the literary, historical and philosophical culture out of which the poems grew. In keeping with the traditions of the series, Donne's own text has been modernised in punctuation and spelling except where to do so would alter or disrupt a rhyme.

Marxist Approach in the select Novels of Indira Parthasarathi Dr. G. Ebenezar Helan, 2025-03-13 The book "Marxist Approach in the Select Novels of Indira Parthasarathy" is divided into six chapters maps out the essence of Marxism and its varied branches through the select novels of Indira Parthasarathy. Indira Parthasarathy (commonly known as Ee. Paa) is the pen name of R. Parthasarathy, a noted Tamil writer and playwright. He is unique in his style. His choice of themes and characters are remarkable. He is a voracious reader. The researcher has selected five of Parthasarathy's English translated novels, they are *Poison Roots*, *The River of Blood*, *Ashes and Wisdom*, *The Wings in the Void* and *The Comrades of Jesus* for study. The Researcher has planned to scan Parthasarathy's novels in the light of Marxism. The term Marxism is popularised

by Karl Kautsky. Marxism is about the oppression of the proletariat by the bourgeoisie, women by men, blacks by whites, homosexuals by heterosexuals and disabled body by abled body. The book has been divided into six chapters such as Introduction, Classical Marxism in Poison Roots and The River of Blood, Marxist Feminism in Ashes and Wisdom, Marxist Humanism in The Wings in the Void, Cultural Marxism in Comrades of Jesus and Summation. The first chapter of the book „Introduction“ surveys the origin and the development of Indian Writing in English, the biography of Indira Parthasarathy and Marxism. The second chapter, titled Classical Marxism in Poison Roots and The River of Blood' points out the religious, political and economical oppression and the suppression of the lower class people by the landlords. The third chapter, Marxist Feminism in Ashes and Wisdom' elaborates the ill treatment of women by men. The fourth chapter Marxist Humanism in The Wings in the Void" snapshots the enslavement of the corporate sector employees. The fifth chapter „Cultural Marxism in Comrades of Jesus' depicts the despotism of the Eastern cultures by the Western cultures. In the last chapter „Summation“ the researcher concludes the thesis with some solutions to the problems faced by the oppressed in the capitalistic society and the scopes for further research.

Haldane John Campbell,2020-07-16 Can you name the creator of the Territorial Army, the British Expeditionary Force, the Imperial General Staff, and the Officers' Training Corps? The man who laid the foundation stones of MI5, MI6, the RAF, the LSE, Imperial College, the redbrick universities, and the Medical Research Council? This book restores Richard Burdon Haldane to his rightful place among the great men of British and Canadian history. Serving as war minister in the 1905 Liberal British government, his groundbreaking proposals on defence, education, and government structure were astonishingly ahead of his time - the very building blocks of modern Britain. Even the Canadian Constitution, as now interpreted, is unthinkable without Haldane. His ubiquitous networks ranged from Wilde to Einstein, Churchill to Carnegie, king to kaiser; his polymathic interests enabled pioneering cross-party, cross-sector cooperation. Yet in 1915 he was ejected from the Lord Chancellorship, unjustly vilified by an ignorant press campaign as a German sympathizer. John Campbell charts these ups and downs, reveals the intensely personal side of Haldane through previously unpublished love letters, and shows his enormous relevance in our search for just societies and states today. Amidst political and national instability, it is surely now right to reinstate Haldane as an outstanding example of true statesmanship.

Walls, Borders, Boundaries Marc Silberman,Janet Ward,Karen E. Till,2012 How is it that walls, borders, boundaries--and

their material and symbolic architectures of division and exclusion--engender their very opposite? This edited volume explores the crossings, permeations, and constructions of cultural and political borders between peoples and territories, examining how walls, borders, and boundaries signify both interdependence and contact within sites of conflict and separation. Topics addressed range from the geopolitics of Europe's historical and contemporary city walls to conceptual reflections on the intersection of human rights and separating walls, the memory politics generated in historically disputed border areas, theatrical explorations of border crossings, and the mapping of boundaries within migrant communities.

Redefining Stalinism Harold Shukman, 2004-11-23 Born in 1879 in Georgia, Stalin joined the Bolsheviks under Lenin in 1903 and became General Secretary of the Communist Party in 1922. These edited papers reassess the deeds, policies and legacy of a man who was responsible for innumerable deaths and untold human misery.

Jewels of India Maneesh Media, 2022-04-23 *Jewels of India: Leading Indo-Canadian Personalities*, an exclusive book, encapsulates the joyous, courageous, memorable and successful 75 Indo-Canadian stories, who are super achievers in their respective fields. This compendium portrays the historical conditions, structural constraints and the struggles that shaped their lives and their families' lives in Canada. It is a documentation of how these Indian Jewels in Canada socialised, protected and supported themselves and the society as they adapted to external constraints.

Anniversary Essays on Tolstoy Donna Tussing Orwin, 2010-02-25 A century after Leo Tolstoy's death, the author of *War and Peace* is widely admired but too often thought of only with reference to his realism and moral sense. The many sides of Tolstoy revealed in these essays speak to readers with astonishing force, relevance, and complexity. In a lively, challenging style, leading scholars range over his long life, from his first work *Childhood* to the works of his old age like *Hadji Murat*, and the many genres in which he worked, from the major novels to aphorisms and short stories. The essays present fresh approaches to his central themes: love, death, religious faith and doubt, violence, the animal kingdom, and war. They also assess his reception both in his lifetime and subsequently. Setting new agendas for the study of this classic author, this volume provides a snapshot of more current scholarship on Tolstoy.

The (Mis)Representation of Queer Lives in True Crime Abbie E. Goldberg, Danielle C. Slakoff, Carrie L. Buist, 2023-08-25 This book examines the representation and misrepresentation of queer people in true crime, addressing their status as both victims and perpetrators in actual crime, as well as how the media portrays them. The chapters apply an intersectional perspective in examining criminal cases involving LGBTQ people, as well as the true crime media content surrounding the cases. The book illuminates how sexual orientation, gender, race, and other social locations impact the treatment of queer people in the criminal legal system and the mass media. Each chapter describes one or more high-profile criminal cases involving queer people (e.g., the murders of Brandon Teena and Kitty Genovese; serial killer Aileen Wuornos;

the Pulse nightclub mass shooting). The authors examine how the cases are portrayed in the media via news, films, podcasts, documentaries, books, social media, and more. Each chapter discusses not only what is visible or emphasized by the media but also what is invisible in the accounting or societal focus surrounding the case. Lesser-known (but similar) cases are used in the book to call attention to how race, gender, sexuality, sexual orientation, social class, and/or other features influence the dominant narrative surrounding these cases. Each chapter addresses teachable moments from each case and its coverage, leaving readers with several considerations to take with them into the future. The book also provides media resources and supplemental materials so that curious readers, including scholars, students, content creators, and advocates, can examine the cases and media content further. The book will appeal to scholars and students of criminology, psychology, sociology, law, media studies, sexuality studies, and cultural studies, and people with an interest in true crime.

Media Control Robert E. Gutsche, Jr.,2015-10-22 Media Control: News as an Institution of Power and Social Control challenges traditional (and even some radical) perceptions of how the news works. While it's clear that journalists don't operate objectively ? reporters don't just cover news, but they make it ? Media Control goes a step further by arguing that the cultural institution of news approaches and presents everyday information from particular and dominant cultural positions that benefit the power elite. From analysing how the press operate as police agents by conducting surveillance and instituting social order through its coverage of crime and police action to bolstering private business and neoliberal principles by covering the news through notions of boosterism, Media Control presents the news through a cultural lens. Robert E. Gutsche, Jr. introduces or advances readers' applications of critical race theory and cultural studies scholarship to explore cultural meanings within news coverage of police action, the criminal justice system, and embedding into the news democratic values that are later used by the power elite to oppress and repress portions of the citizenry. Media Control helps the reader explicate how the power elite use the press and the veil of the Fourth Estate to further white ideologies and American Imperialism.

Untouchable Randall Sullivan,2012-11-06 The investigative biography of Michael Jackson's final years: "A tale of family, fame, lost childhood, and startling accusations never heard before" (ABC Nightline). When Michael Jackson died on June 25,

2009, millions of fans around the world were shocked. But the outpouring of emotion that followed his loss was bittersweet. Dogged by scandal for years and undone by financial mismanagement, Jackson had become untouchable in many quarters. Untouchable pulls back the curtain Jackson's public person to introduce a man who, despite his immense fame, spent his entire life utterly alone; who, in the wake of a criminal trial that left him briefly hospitalized, abandoned Neverland to wander the globe before making one final—and fatal—attempt to recover his wealth and reputation. The Jackson that emerges in these pages is both naïve and cunning, a devoted father whose parenting became an international scandal, a shrewd businessman whose failures nearly brought down a megacorporation, and an inveterate narcissist who craved a quiet, normal life. Randall Sullivan delivers never-before-reported information about Jackson's business dealings, his relationship with his family, and the pedophilia allegations that derailed his life and mar his legacy today, as well as the suspicious nature of his death. Based on exclusive access to Jackson's inner circle, Untouchable is an intimate, unflinching portrait of the man who continues to reign as the King of Pop. "A dishy Michael Jackson biography that makes the exhaustively covered King of Pop fascinating all over again." —People
