Coolidge David Pietrusza, 2013-01-22 Calvin Coolidge: A Documentary Biography reveals the album version of President Calvin Coolidge, featuring extended excerpts and, indeed, often the entire texts of major Coolidge addresses-as well as presenting a host of other illuminating documents, authored both by or about America's vastly underrated thirtieth president. Calvin Coolidge: A Documentary Biography shines a searchlight on Silent Cal Coolidge's world and worldview as no previous book ever has. It's all here: * The opposites-attract love story of taciturn Cal Coolidge and his outgoing wife Grace Goodhue Coolidge. * Jack Kennedy had his Irish Mafia, Jimmy Carter had his Georgia Mafia. The story of Frank Stearns, Dwight Morrow, and Calvin Coolidge's Amherst Mafia. * Phenomenal vote getter Coolidge won more offices than any other president. The secret of how this painfully shy man did it. His strong appeal to Democrats. * The 1919 Boston Police Strike. How a city under siege ultimately makes Calvin Coolidge president. * How a runaway 1920 GOP convention stampedes to nominate Coolidge for the vice-presidency. * Unbelievable tragedy visits in July 1924 as Calvin Coolidge stands to become president in his own right--the death of his son Cal Jr. * The Coolidge presidency: a partnership of three remarkable figures: Coolidge, Treasury Secretary Andrew Mellon, and Budget Director Herbert Lord. * Coolidge vs. the Klan: reaching out to embattled minorities: Jews, blacks, Catholics. * The gutsy Coolidge vetoes.* How Coolidge chose not to run in 1928. Each entry also includes a revealing explanatory introduction by noted Coolidge scholar and award-winning author David Pietrusza. The book is further augmented by: * a Calvin Coolidge fact sheet. * a comprehensive Coolidge bibliography. * a detailed Coolidge time line. * a photo insert plus illustrations throughout the text. * an essay detailing recently discovered facts regarding the fabled Coolidge Persistence quote. In addition to numerous key speeches and texts from Coolidge himself, the volume includes contemporary readings from: * Bruce Barton * The Boston Herald * Marion Leroy Burton * First Lady Grace Goodhue Coolidge * Vice President Charles G. Dawes * Frederick H. Gillett * Al Jolson * Walter Lippmann * Judge Wallace McCamant * Treasury Secretary Andrew W. Mellon * Dwight W. Morrow * Alexandra Carlisle Pfeiffer * H. I. Phillips * The Pittsburgh Courier * Theodore Roosevelt * C. Bascom Slemph * Frank W. Stearns * R. M. Washburn PRAISE FOR DAVID PIETRUSZA'S SILENT CAL'S ALMANACK Calvin Coolidge was one of the greatest presidents of the 20th century and is certainly the most underrated. This book, compiled by one of my favorite historians, will give readers a full appreciation of why Silent Cal's wisdom shines like a beacon through the fog of historical amnesia. -Jonah Goldberg, author of Liberal Fascism an authority

The Perfection Deception Jane Bluestein,2015-08-25 When Dr. Bluestein would tell someone that she just finished writing a book on perfectionism, she would often hear a whole tirade on shoddy workmanship and terrible customer service. 'If you ask me, we need a whole lot more perfectionism,' one individual insisted

The Decline of America David D. Schein,2018-02-13 The Decline of America offers a carefully documented analysis of the last seventeen U.S. presidents. Each president is profiled with unsparing scrutiny so we can see where it's all gone wrong. David Schein follows these critiques by proposing ways to improve America's outlook for the next 100 years—before it's too late.

When You Wonder, You're Learning Gregg Behr, Ryan Rydzewski, 2021-04-20 With lessons from Mister Rogers' Neighborhood and examples from the acclaimed education network Remake Learning, this book brings Mister Rogers into the digital age, helping parents and teachers raise creative, curious, caring kids. Authors Gregg Behr and Ryan Rydzewski know there's more to Mister Rogers than his trademark cardigan sweaters. To them, Mister Rogers' Neighborhood isn't just a children's program — it's a proven blueprint for raising happier, healthier kids. As young people grapple with constant reminders that the world isn't always kind, parents and teachers can look to Fred Rogers: an ingenious scientist and legendary caregiver who was decades ahead of his time. When You Wonder, You're Learning reveals this never-before-seen side of America's favorite neighbor, exploring how Rogers nurtured the "tools for learning" now deemed essential for school, work, and life. These tools can boost academic performance, social-emotional well-being, and even physical health. They cost almost nothing to develop, and they're up to ten times more predictive of children's success than test scores. No wonder it's been called "a must-read for anyone who cares about children." With insights from thinkers, scientists, and teachers — many of whom worked with Rogers himself — When You Wonder, You're Learning helps kids and the people who care for them do what Rogers taught best: become the best of whoever they are.

The Father Factor Stephan B. Poulter, Ph.D, 2010-12 The father factor is the conscious understanding, awareness, and appreciation of the critical influence that your father had, still has, or could have in your career development and future potential. Noting that the father-son or father-daughter relationship is one of the least understood relationships in adult life, Dr. Poulter helps you become acutely aware of the immeasurable impact (negative or positive) that your father has on your ability to relate to other people. From this recognition you will also learn to move past the career roadblocks that frequently stem from the lingering effects of your father's influence. Defining five main styles of fathering, Dr. Poulter devotes a chapter each to: The Superachiever Father The Time Bomb Father The Passive Father The Absent Father (whether physically or emotionally) The Compassionate / Mentor Father. By becoming aware of how your father related to you, particularly in a

destructive relationship, you'll understand how your career relationships in many ways mirror your degree of comfort with your father's emotional legacy. In this way, career roadblocks-often based on interactions with people on the job-will be more easily transformed into career building blocks that will lead to advancement and success.

Selling is So Easy It's Hard Dr. Gary S. Goodman,2019-05-06 Most sales training programs offer the same old pointers: Always be closing, keep it simple, stupid, and ask for referrals. You know these clichés. *Selling Is So Easy, It's Hard* is the first program to focus on the 77 correctable selling mistakes that novices and veterans make. Without conscious awareness, these errors, snafus, miscues, and blunders keep the typical seller from earning at least 25% more business. This translates into millions of dollars in lost income over the course of a career, according to best- selling author and speaker Dr. Gary S. Goodman.

The Prime Movers Christopher Alan Anderson,2015-05-14 You align to Source by giving your love to your sexual other half. A man gives his (securitive) love to a woman; a woman gives her (reproductive) love to a man. That is all there is. We don't need to concern ourselves about 'loving ourselves,' as if one could. Our only concern is to love our sexual other half. Do you hear this? Only the action of giving your love to your sexual other half will keep you in alignment to Source such that the Law of Attraction will work for you. Why is this so? Because you are one (of the two) sexual Prime Movers. In this quote the author gives his overview of the problem and solution of mankind. Keywords: Metaphysics, Sovereign, Love, Spirit, Sex, Law, Life, God, Source, Enlightenment

Who Is in Your Ears Bako Ambiana,2015-08-31 This book contains powerful philosophies and theological perspectives in simple yet enlightening ways. If you were waiting for the right time, this is the time for the best to come out from you. If you read this book and complain about the same things, then you might as well go lie in the graveyard and dont invite us to the funeral. I laugh, but I phrase it this way because I was the same way. Im coming to you as a young man who had a dream to impact peoples lives and who endured so much emotional distress to achieve my dreams. When I told my friends what I wanted to accomplishthat I was going to become an author, I was going to have my own company, I was going to win a scholarship, I was going to speak and host events, I was going to travel around the USA attending conferencesmany friends looked at me and laughed because I was saying all those things when I didnt even have a car, much less any plan to go after what I wanted. Some friends discouraged me because I have an accent, and they said nobody is going to listen to me when I speak. But I held on to the one person who always says its possible. You can live your dream. This book is about finding someone whose voice inspires you, makes you stronger, and kicks you into action to work toward your dreams. Yes, God is our redeemer, he is our savior, and he makes a way when there seems to be no way. I am a firm believer that God always helps those who help themselves. God wants to see you go out there and have a mentor who can train you, coach you, and work with you. If God sees how much you are dedicated in making your life better, he will always be around to guide you in

the right direction. So by the end of reading this book, you will be inspired to act with your heart. Every dreamer needs to read this book. The world is a better place because you showed up.

Sagebrush Rebel William Perry Pendley, 2013-07-08 The fascinating story of how Ronald Reagan, self-proclaimed sagebrush rebel, took his revolutionary energy policies to Washington and revitalized the American economy. Governor Reagan, with his unbridled faith in American ingenuity, creativity, and know-how and his confidence in the free-enterprise system, believed the United States would “transcend” the Soviet Union. To do so, however, President Reagan had to revive and revitalize an American economy reeling from a double-digit trifecta (unemployment, inflation, and interest rates), and he knew the economy could not grow without reliable sources of energy that America had in abundance. The environmental movement was in its ascendancy and had persuaded Congress to enact a series of well-intentioned laws that posed threats of great mischief in the hands of covetous bureaucrats, radical groups, and activist judges. A conservationist and an environmentalist, Ronald Reagan believed in being a good steward. More than anything else, however, he believed in people; specifically, for him, people were part of the ecology as well. That was where the split developed. William Perry Pendley, a former member of the Reagan administration and author of some of Reagan's most sensible energy and environmental policies, tells the gripping story of how Reagan fought the new wave of anti-human environmentalists and managed to enact laws that protected nature while promoting the prosperity and freedom of man—saving the American economy in the process.

Education Is Freedom: The Future Is in Your Hands James W. Keyes, 2024-02-27 Education is Freedom explores the

transformative power of education and its ability to liberate individuals and societies from the constraints of ignorance, inequality, and oppression. In this book, author James Keyes explores the ways education empowers people to take control of their lives, to pursue their dreams, and to contribute to the world in meaningful and fulfilling ways. He provides a roadmap to the “why,” “what,” and “how” of learning. The book outlines the importance of education for all mankind, the power of education to change our world, and the wisdom to unlock our personal freedom while preserving our democracy. Where does humanity go to school? Democracy across the world is at risk. With the polarization of today’s society, the foundational right to freedom of speech is now being challenged from all sides. The truth is under siege as misinformation and hostility have replaced critical thinking and civil discourse. Our freedom of self-determination has a prerequisite: an informed electorate. If that electorate is armed with false information or is influenced by outside forces, their actions and reactions can put democracy in jeopardy. Today, more than ever, we must nurture the education, knowledge and wisdom of individuals to discern right from wrong, truth from fiction, and success from failure. If learning is the key to success, then how can humanity advance its own cause? Our forefathers recognized that an educated populace was the very foundation of democracy. Education is a self-help guide for humanity that allows us to individually and collectively understand the roadmap to freedom. For the individual, education is the one common denominator that separates those who are free from the ones trapped in their own reality. “Someone can take your money, your material things, your job...but they can’t take away what you know. With knowledge you can replace anything lost, you can be free to explore the world, you are beholden to no one.” Whatever challenges or adversity you face in life, embracing a learning mentality will empower you and set you free. Humanity must indeed go back to school, because the future is in our hands!
