**Discovering the everyday landscape** Camilla Casonato,Marco Vedoà,Gloria Cossa,2022-10-14 Heritage and landscape education is crucial to training young people in active and responsible citizenship, protection of the public assets, appreciation of the cultural diversity and intergenerational dialogue. Therefore, it cannot be limited to sporadic experiences and on outstanding heritage and contexts but must be transdisciplinary, inclusive and practicable everywhere. This book relates the research and action project "Scuola Attiva Risorse" (ScAR), winner of the Polisocial Award that recognizes research for social purposes at the Politecnico di Milano. The text describes an experimental and innovative action delivered within the fragile context of the urban peripheries. This participatory process involved schools, universities, cultural institutions, administrations and private actors in interpreting and enhancing the "hidden" cultural heritage in Milan's fringe neighbourhoods.

**Building Knowledge, Constructing Histories** Ine Wouters,Stephanie van de Voorde,Inge Bertels,Bernard Espion,Krista de Jonge,Denis Zastavni,2018-09-05 Building Knowledge, Constructing Histories brings together the papers presented at the Sixth International Congress on Construction History (6ICCH, Brussels, Belgium, 9-13 July 2018). The contributions present the latest research in the field of construction history, covering themes such as: - Building actors - Building materials - The process of building - Structural theory and analysis - Building services and techniques - Socio-cultural aspects - Knowledge transfer - The discipline of Construction History The papers cover various types of buildings and structures, from ancient times to the 21st century, from all over the world. In addition, thematic papers address specific themes and highlight new directions in construction history research, fostering transnational and interdisciplinary collaboration. Building Knowledge, Constructing Histories is a must-have for academics, scientists, building conservators, architects, historians, engineers, designers, contractors and other professionals involved or interested in the field of construction history.

Felsina pittrice, vite pittori bolognesi alla maesta di Luigi XIV Carlo Cesare Malvasia,1678

**Carte di famiglia** Autori Vari,2011-03-16T00:00:00+01:00 Il dossier relativo Totone di Campione, rappresentante della piccola aristocrazia lombarda, costituisce uno dei gruppi più interessanti di documenti altomedievali italiani relativi ai secoli VIII-IX. Il dossier si compone di ventidue documenti - dall'anno 721 all' 877 - articolati in due parti. I primi quattordici sono relativi alleazioni di membri della famiglia di Totone. I rimanenti otto si riferiscono invece alla chiesa familiare di San Zeno di Campione, donata nel 777, insieme con le sue dipendenze, alla basilica e poi monastero milanese di Sant'Ambrogio. In questo caso, fatto del tutto eccezionale, a un gruppo di documenti articolato e numericamente consistente si accostano i dati archeologici. Fanno parte integrante dello studio, infatti, le ricerche e gli scavi condotti sulla chiesa di San Zeno, che hanno portato alla luce non solo l'edificio ecclesiastico nelle sue varie fasi costruttive, ma anche l'area cimiteriale ad esso collegata. Agli studiosi dell'alto medioevo questo volume offre l'opportunità, rarissima, di riflettere su una serie documentaria coerente, che permette di esaminare da vicino l'azione concreta di un gruppo familiare, la struttura dinamica dei suoi rapporti interni e i suoi legami con la società circostante e con il potere. Il volume si chiude con un'appendice in cui vengono pubblicate le chartae di Totone, in versione originale latina e in traduzione italiana. Una traduzione effettuata con il proposito di lasciare il più possibile intatto l'andamento particolare della lingua degli originali, senza abbellimenti modernizzanti che, come spesso accade in questi casi, potrebbero travisarne il senso. La lettura del dossier, unita a quella dei saggi che lo precedono, offre una finestra di straordinario interesse su una società provinciale dell'Italia del nord fra età longobarda e carolingia.

Felsina pittrice vite de pittori bolognesi alla maesta christianissima di Luigi 14. re di Francia e di Nauarra il sempre vittorioso consagrata dal co. Carlo Cesare Maluasia fra Gelati l'Ascoso. Diuisa in duoi tomi; con indici in fine copiosissimi. Tomo primo [-secondo] ,1678

**Palazzo Besozzi Casati di Cologno** Andrea Spiriti,2015-11-24 L'opera è uno studio dedicato agli affreschi della Villa Besozzi Casati di Cologno Monzese (MI). Il ciclo decorativo che orna il pianterreno e il piano nobile di palazzo Besozzi Casati a Cologno Monzese è frutto di quattro momenti distinti: la fase tardomanieristica 1590/1600 che comprende il camino a pianterreno e il fregio del piccolo ambiente di primo piano, con un ciclo mitologico; la grande decorazione datata 1673 e che è costituita dagli affreschi di quattro ambienti al pianterreno e quattro ambienti al primo piano; le aggiunte settecentesche qualificate dallo scalone monumentale e dai sobri decori nell'attuale zona dell'ufficio del sindaco; il riassetto ottocentesco dovuto alla nuova proprietà Casati e al successivo uso pubblico. Le opere sono il frutto coerente della

committenza familiare dei Besozzi e insieme eco di un più vasto movimento figurativo caratterizzante dello Stato di Milano nella seconda metà del Seicento e strettamente legate al progetto insieme politico e culturale di Bartolomeo III Arese (1610-1674).

Gazzetta ufficiale della Repubblica italiana. Parte prima ,1886

*Vestiarium. Le vesti per la liturgia nella storia della Chiesa. Antichità e Medioevo* Francesco Pertegato, 2019-02-19 Le vesti di distinzione della Roma antica - la tunica talare, la dalmatica, la planetaria e, forse, la clamide - sono all'origine di quelle tuttora indossate nella liturgia della Chiesa cattolica. A queste si sono affiancate nel tempo le insegne (stola, manipolo, pallio, pastorale, mitra e tiara), di derivazione più controversa. L'attribuzione ai diversi gradi dell'ordine ecclesiastico e le modalità del loro uso riflettono il processo storico di elaborazione teologica e il consolidarsi di una gerarchia che fa capo al vescovo, coadiuvato dal diacono. Il processo investe anche l'architettura dei luoghi di culto, le immagini e, ovviamente, la celebrazione liturgica, nella quale si inseriscono ben presto canti e azioni del dramma sacro, germe nascente del teatro in Europa. Questo volume intende delineare il contesto culturale e politico che accompagna tale percorso, dai primi secoli fino al quattordicesimo, quando foggia e decorazioni delle vesti, ma anche la loro simbologia che veicola il pensiero mistico, giungono a compimento, insieme all'unificazione della Chiesa e alla piena affermazione del primato papale. Il non facile compito viene affrontato mediante il ricorso, comparato, alle fonti scritte, al patrimonio iconografico e alle vesti sopravvissute, rarissime fino al decimo secolo. Di queste si fornisce, nei capitoli finali, un primo repertorio europeo relativo a tunicelle, dalmatiche, casule e piviali. L'opera è corredata di 590 immagini, comprese 100 restituzioni grafiche degli indumenti studiati.
