Dostoevsky Sober Hope: Finding Faith in the Bleak Midwinter As winter descends to end the year 2023, it is a time for contemplation: a time to revel in the joys and find balm for the woes of the past year, a time to find the courage to hold on, and the hope to thrive in the new year. Fyodor Dostoevsky (1821 - 1881) faced his own bleak (and Russian!) winters, from childhood play amongst the impoverished at his father's medical clinic to a last minute reprieve from the Tsar's firing squad for discussing banned books followed by ten years of prison camp and military service in exile. While his novels, such as *Crime & Punishment* and *The Brothers Karamazov* demonstrate human depravity they also give glimmers of grace, love, and beauty which have made him one of the most beloved novelists of all time. It is our hope that as you find time to relax during the holiday season (making it a habit for the new year!), that you will find these discussions deeply meaningful. Awaiting for you within are discussions of his characters from novels and short stories alike, Dostoevsky-inspired poems, and reviews of films, books, and even contemporary music which reflect the light and warmth he dared to find in his own bleak winter.

The Fool and the Clown in Western Culture and Literature Svetozar Poštić, 2025-06-30 The Fool and the Clown in Western Culture and Literature: Homo Insiapiens is a fascinating description of these two perennial figures in European and North American history, folklore, theater, literature, arts, and popular culture. The first part of the book separates them into ten different subcategories and recounts the most vivid and influential manifestations of different kinds of fools and clowns in cultural history. The second part singles out three European writers who have made a significant contribution to the elucidation of the concept of folly. William Shakespeare, Fyodor Dostoevsky, and Samuel Beckett have painted an entire gallery of fools, clowns, and buffoons, created not only to entertain but also to explore the meaning of human life. The most important concepts in the book are illustrated by captivating characters and tales that have made people both laugh and arrive at a deeper understanding of themselves and the world around them.

**Love and Russian Literature** Ira Nadel, 2023-11-30 Russia haunted the British cultural imagination throughout the 20th century - whether as a romantic source of literary and political inspiration or as a warning of creeping totalitarianism. In this new book, Ira Nadel, charts the story of that influence through the work of some of the key figures in British literature across the century, including Joseph Conrad, Somerset Maugham, Jane Harrison, Virginia Woolf, and H.G. Wells. Framed by the story of two romantic encounters, between Walter Benjamin and the actress Asja Lacis in Moscow in 1926 and between Isaiah Berlin and Anna Akhmatova in 1945, Love and Russian Literature casts a vivid new light on the ways in which responses to Russia shaped the history of British modernism.

**Dostoevsky in the Arts and Beyond** Olga Tabachinkova, Liudmila Saraskina, Galima Lukina, Ekaterina Salnikova, 2024-08-30 The book is a substantial contribution to international Dostoevsky research, exploring Dostoevsky's contemporary relevance from a multicultural and multidisciplinary perspective. It offers some fresh readings of Dostoevsky's texts, presenting new complex studies on the writer and his works in the mirror of several arts of the last three decades. The book is divided into three Parts, featuring researchers from Bulgaria, Great Britain, Russia and Ukraine. Part One deals with conceptual issues, treating Dostoevsky above all as a prophet and philosopher, and thus determines the ideological system of coordinates for the studies presented in the rest of the book. Part Two examines Dostoevsky's legacy through the lenses of literary theory, music, and Illustration art, and Part Three, via world cinema and theatre. The volume has gathered together an array of original and innovative studies from world leading experts in Dostoevsky's creative universe, to make an authoritative input into the field.

**Dostoyevsky** Judith Gunn,2016-12-15 An intriguing study of the life and works of one of the world's most celebrated writers

*I Want You to Be Happy* Pope Francis,2025-02-18 From Pope Francis, a daily reader that explains the characteristics of true, lasting happiness—achievable no matter your circumstances or situation. Pope Francis shares wisdom and encouragement to help readers seek God's will and His best. The short, accessible chapters distill His message into bite-sized readings that can be read all at once or in daily segments. This collection of inspiring pieces reminds readers that God cares and wants us to live well and love well. God wants us to be happy.

*Dangerous Liaisons* Giorgio Baruchello,Ársæll Már Arnarsson,2023-10-24 Humor and cruelty can be the best of friends. Many cruel domains have facilitated hilarity of all kinds, whether experienced directly or vicariously, stretching from the torture chamber to the living room—or wherever else a screen is to be found. Conversely, many jests have provided the vehicle with which to dispense cruelty, whether callously or gleefully, in myriad settings, from public events to intimate family dinners. Combining the sources and resources of the humanities and social sciences, this book investigates the mutually supportive liaisons of humor and cruelty. We unearth the brutal, aggressive, and/or sadomasochistic roots of mockery and self-mockery, sarcasm and satire, whilst addressing contemporary debates in humor studies focusing on the thorny ethics and existential challenges arising from the acceptance of the much-appreciated yet seldom innocent channel for human interaction called humor. Like Aristotle and Dewey, Arnarsson and Baruchello do not define their terms at the outset, but instead they relentlessly pursue the meanings of two ordinary words that everyone vaguely understads to arrive at a critical insight into the concepts these words represent, which are both disparate and interrelated. - Richard Marc Rubin, President, George Santayana Society

*Terrifying Texts* Cynthia J. Miller,A. Bowdoin Van Riper,2018-08-28 From Faust (1926) to The Babadook (2014), books have been featured in horror films as warnings, gateways, prisons and manifestations of the monstrous. Ancient grimoires such as the Necronomicon serve as timeless vessels of knowledge beyond human comprehension, while runes, summoning diaries, and spell books offer their readers access to the powers of the supernatural--but at what cost? This collection of new essays examines nearly a century of genre horror in which on-screen texts drive and shape their narratives, sometimes unnoticed. The contributors explore American films like The Evil Dead (1981), The Prophecy (1995) and It Follows (2014), as well as such international films as Eric Valette's Malefique (2002), Paco Cabeza's The Appeared (2007) and Lucio Fulci's The Beyond (1981).

**Scenography Expanded** ,2017-06-29 Shortlisted for the 2019 TaPRA Edited Collection Prize Scenography Expanded is a foundational text offering readers a thorough introduction to contemporary performance design, both in and beyond the theatre. It examines the potential of the visual, spatial, technological, material and environmental aspects of performance to

shape performative encounters. It analyses examples of scenography as sites of imaginative exchange and transformative experience and it discusses the social, political and ethical dimensions of performance design. The international range of contributors and case studies provide clear perspectives on why scenographic design has become a central consideration for performance makers today. The extended introduction defines the characteristics of 21st-century scenography and examines the scope and potentials of this new field. Across five sections, the volume provides examples and case studies which richly illustrate the scope of contemporary scenographic practice and which analyse the various ways in which it is used in global cultural contexts. These include mainstream theatre practice, experimental theatre, installation and live art, performance in the city, large-scale events and popular entertainments, and performances by and for specific communities.

*Translating Great Russian Literature* Cathy McAteer, 2021-01-03 Launched in 1950, Penguin's Russian Classics quickly progressed to include translations of many great works of Russian literature and the series came to be regarded by readers, both academic and general, as the de facto provider of classic Russian literature in English translation, the legacy of which reputation resonates right up to the present day. Through an analysis of the individuals involved, their agendas, and their socio-cultural context, this book, based on extensive original research, examines how Penguin's decisions and practices when translating and publishing the series played a significant role in deciding how Russian literature would be produced and marketed in English translation. As such the book represents a major contribution to Translation Studies, to the study of Russian literature, to book history and to the history of publishing.

*Treading Boldly Through a Pornographic World* Daniel Weiss, Joshua Glaser, 2021-06-15 Parents today are the first generation to raise kids in a digitally connected, porn-saturated world. Porn can be accessed in locker rooms, cafeterias, classrooms, and bedrooms—anywhere kids have access to digital devices. Worse yet, pornography that was once considered fringe has become increasingly mainstream. All this is misshaping children's understanding of sexuality, stunting their capacity to process emotions, and crippling their ability to form long-term relationships. In *Treading Boldly through a Pornographic World*, Daniel Weiss and Joshua Glaser offer practical and spiritual guidance for parents seeking to help their teens navigate this pornographic digital landscape. Combining the latest research with personal and professional experience to guide families into the goodness for which God created us all, the authors skillfully outline the steps necessary for parents to move beyond merely surviving pornography's challenges onto a rewarding path where their children can truly thrive.

*Dostoevsky and the Affirmation of Life* Predrag Cicovacki, 2017-07-12 Dostoevsky's philosophy of life is unfolded in this searching analysis of his five greatest works: *Notes from the Underground*, *Crime and Punishment*, *The Idiot*, *The Possessed*, and *The Brothers Karamazov*. Predrag Cicovacki deals with a fundamental issue in Dostoevsky's opus neglected by all of his commentators: How can we affirm life and preserve a healthy optimism in the face of an increasingly troublesome reality? This work displays the vital significance of Dostoevsky's philosophy for understanding the human condition in the twenty-first

century. The main task of this insightful effort is to reconstruct and examine Dostoevsky's aesthetically motivated affirmation of life, based on cycles of transgression and restoration. If life has no meaning, as his central figures claim, it is absurd to affirm life and pointless to live. Since Dostoevsky's doubts concerning the meaning of life resonate so deeply in our own age of pessimism and relativism, the central question of this book, whether Dostoevsky can overcome the skepticism of his most brilliant creation, is innately relevant. This volume includes a thorough literary analysis of Dostoevsky's texts, yet even those who have not read all of these novels will find Cicovacki's analysis interesting and enthralling. The reader will easily extrapolate Cicovacki's own philosophical interpretation of Dostoevsky's literary heritage.

*Madness and the Mad in Russian Culture* Angela Brintlinger, Ilya Vinitsky, 2015-11-26 The problem of madness has

preoccupied Russian thinkers since the beginning of Russia's troubled history and has been dealt with repeatedly in literature, art, film, and opera, as well as medical, political, and philosophical essays. Madness has been treated not only as a medical or psychological matter, but also as a metaphysical one, encompassing problems of suffering, imagination, history, sex, social and world order, evil, retribution, death, and the afterlife. *Madness and the Mad in Russian Culture* represents a joint effort by American, British, and Russian scholars - historians, literary scholars, sociologists, cultural theorists, and philosophers - to understand the rich history of madness in the political, literary, and cultural spheres of Russia. Editors Angela Brintlinger and Ilya Vinitsky have brought together essays that cover over 250 years and address a wide variety of ideas related to madness - from the involvement of state and social structures in questions of mental health, to the attitudes of major Russian authors and cultural figures towards insanity and how those attitudes both shape and are shaped by the history, culture, and politics of Russia.

*Dostoevskii's Overcoat: Influence, Comparison, and Transposition.* Joe Andrew, Robert Reid, 2013-12-23 One of the most famous quotations in the history of Russian literature is Fedor Dostoevskii's alleged assertion that 'We have all come out from underneath Gogol's Overcoat'. Even if Dostoevskii never said this, there is a great deal of truth in the comment. Gogol certainly was a profound influence on his work, as were many others. Part of this book's project is to locate Dostoevskii in relationship to his predecessors and contemporaries. However, the primary aim is to turn the oft-quoted apocryphal comment on its head, to see the profound influence Dostoevskii had on the lives, work and thought of his contemporaries and successors. This influence extends far beyond Russia and beyond literature. Dostoevskii may be seen as the single greatest influence on the sensibilities of the twentieth and twenty-first centuries. To a greater or lesser extent those concerned with the creative arts in the twentieth and twenty-first centuries have all come out from under Dostoevskii's 'Overcoat'.

**Living between Science and Belief** Charles Villa-Vicencio ,2021-03-02 Most thoughtful people live in an interregnum between science and religion. Traditional religious answers concerning the beginning, purpose, and end of life are questioned by the natural sciences, with neuroscience conceivably constituting the last frontier where skeptics and believers explore common ground. The question concerns the nature of reflective and creative moments in life. Can these be reduced to the intersect between the nerve cells and molecules of the physical brain? Does this account for the human sense of mystery, or even spirituality? Is there a nexus between the physical and unknown dimensions of existence? The mutation in the history of theism suggest that progressive theology in the West may be set for a further change.

*Discovering Sexuality in Dostoevsky* Susanne Fusso, 2006-07-28 Most discussion of sexuality in the work of Dostoevsky have been framed in Freudian terms, but Dostoevsky himself wrote from a decidedly pre-Freudian perspective. By looking at some of the views of human sexual development that were available in Dostoevsky's time, Fusso gives us a new way of understanding a critical element in his writing.

Dying with Ease Jeff Spiess, 2020-10-11 Death may be inevitable, but fearing the end-of-life is avoidable. Learn how to put your fear of your final days to rest. We all know we are going to die, but live as though we don't believe it. Rather than explore our options and consider the possibilities that can impact our final days, we ignore the idea altogether out of fear. By avoiding the topic of death, we increase the pain and grief we experience at the end of life, and the suffering of those left behind. After three decades of caring for the dying, Dr. Jeff Spiess argues that if we honestly face our mortality, we will make wiser decisions, die with less distress, and live the remainder of our lives, whether days or decades, more fully and with less anxiety. Using cultural and religious references alongside poignant narratives, this optimistic work informs, inspires, and challenges our cognitive and emotional understandings of our own lives and deaths. Dying with Ease contains the practical nuts and bolts information about advance care planning, hospice, palliative care, and ethical and legal issues surrounding dying in America. Dr. Spiess answers such questions as: How can I plan for the last part of my life? What options do I have if my suffering is unbearable? What do religion and spiritual philosophy have to say about dying? What does it feel like to die? While dying can be difficult, it can also be beautiful. By learning to relax in the face of death at our current stage of life, we can make wiser and more authentic decisions throughout the rest of our lives-- however long they may be.

Narrative Faith David Stromberg, 2017-10-18 Narrative Faith engages with the dynamics of doubt and faith to consider how literary works with complex structures explore different moral visions. The study describes a literary petite histoire that problematizes faith in two ways—both in the themes presented in the story, and the strategies used to tell that story—leading readers to doubt the narrators and their narratives. Starting with Dostoevsky's *Demons* (1872), a literary work that has captivated and confounded critics and readers for well over a century, the study examines Albert Camus's *The Plague* (1947) and Isaac Bashevis Singer's *The Penitent* (1973/83), works by twentieth-century authors who similarly intensify questions of faith through narrators that generate doubt. The two postwar novelists share parallel preoccupations with Dostoevsky's art and similar personal philosophies, while their works constitute two literary responses to the cataclysm of the Second World War—extending questions of faith into the current era. The book's last section looks beyond narrative inquiry to consider themes of confession and revision that appear in all three novels and open onto horizons beyond faith and doubt—to hope.
