Media, 2022-05-28T22:59:00Z Please note: This is a companion version & not the original book. Sample Book Insights: #1 The Law of Attraction is the fundamental principle of manifestation. It states that every moment is the result of a series of previous moments. To manifestation, you must feel what it's like to connect. #2 The human condition is a myth. In our natural state, we have the ability to control our lives and make them any way we want. But we've been taught that we're not in control, and that life is controlled by circumstances over which we have no control. #3 The Law of Attraction is the most basic and absolute law in the universe. It is the law behind success or failure. It is what causes fender benders or fatalities. It is what runs every waking moment of our lives. #4 We've been taught that life is born of a series of circumstances that we can't control. We've been taught that we gain only as we labor, that action is the magic word, and that we must be on guard and watchful.

Scripting the Life You Want Royce Christyn, 2020-04-07 A step-by-step guide to the process of “scripting” your future and successfully manifesting what you want in life • Explores the science behind how the scripting method works and shares the vivid journal entries from the author’s big breakthrough--when he successfully used his method to land a lead role on a TV show • Details how the understanding of incredible new (and, until now, mostly unheard of) scientific discoveries and emerging technologies is the most important key to creating and manifesting in your life • Reveals fun, easy tools for manifesting and self-help, updated for a new generation In this step-by-step guide, filled with success stories and practical exercises, Royce Christyn details a simple “scripting” process for harnessing the Law of Attraction and manifesting what you want in your life--happiness, wealth, travel, love, health, the perfect career, or simply a productive day. The process is backed by science and experience, yet it feels like magic. And all you need is a pen and paper. Inspired by New Thought and Positive Thinking classics, Christyn explains how he developed his scripting method through 4 years of trial and error, keeping what worked and dropping what didn’t until he brought his success rate from 5% to nearly 100%. Sharing pages from his own journals, he outlines how to create the life you want with daily journaling exercises, beginning with a simple list-making practice to figure out your wants and intentions and then progressing to actual scripting of your future, whether the next 12 hours or the next 10 days. He shows how, over time, your scripts will increase in accuracy until they converge with reality. He shares the vivid entries from his big breakthrough--when he successfully used his method to land a lead guest-starring role on Disney Channel’s *Wizards of Waverly Place* with Selena Gomez. He explores how “feeling” your future success as you write your daily scripts helps attract your desired outcomes, and he shares the key phrases to include to make your script come true. The author also explores the science behind how the scripting method works, including a down-to-earth examination of quantum mechanics. From small dreams to lifelong goals, this book gives you the tools to put your thoughts into action and finally close the gap between where you are and where you want to be in your life.

Embodiment Toni Bergins, M.Ed., 2024-10-29 A new paradigm for embodied healing in a unique, experiential, therapeutic process in which expressive movement, guided imagery, ritual, music, and creative expression work together. In Embodiment, Toni Bergins, the founder and creator of JourneyDance, an internationally renowned dance movement program, shares with readers a powerful way to address trauma mindfully so people can confront it, heal, and grow to love themselves unconditionally, just as they are. Embodiment is a dynamic, conscious practice that can help people release what no longer serves them and shows them how to stop stuffing/numbing the pain and start feeling, stop over-thinking/limiting, and get moving! Embodiment is the new buzzword in personal transformation, but, most often, it is connected to static practices like breathwork and meditation. For Toni Bergins, embodiment is best achieved through active movement, and has created a practice where people literally get out of their heads and into their bodies! Her program is a trauma-informed one that offers a new promise: leading readers through deep, personal work but making it feel like play. In this book, she turns the heaviness of processing pain and past trauma into an expressive art aligned with the most recent research. Specifically, trauma expert Bessel van der Kolk, writes in his bestselling The Body Keeps the Score, "In order to overcome trauma, people

need to feel safe enough to open up their hearts and minds to others and become engaged with new possibilities. This can be done if trauma survivors are helped to confront and confess the reality of what has happened and are helped to feel safe again. In many cultures this involves communal rhythmical activities, such as dancing...” And that is Toni Bergins’ mission and method: to help readers move into a new story for their lives. Embody features Toni’s prescription for a comprehensive healing journey, comprised of five core elements: · Music, to open the doorways of impulse, imagination, creativity and healing to change mood and awareness; · Movement, to enhance presence and confidence, and release old patterns and traumas; · Mystical Inquiry, where imagery and creative visualization exercises are used to guide readers into an alchemic and shamanic state to investigate past hurts, and learn to trust their instincts; · Prayers and Invocations, to raise energetic vibrations to a positive place with powerful affirmations; and · Journaling, with writing prompts to process inner self-awareness learned on the dance floor or through any of the other Embody elements.
