Ezekiel John W. Olley,2009 This work is the first major commentary to focus on the text of LXX Ezekiel in any modern language. Rather than seeing LXX mainly as a text-critical resource with variants to be explained, this commentary, as part of the Septuagint Commentary Series, examines a specific manuscript in its own right as a document used by Greek readers unfamiliar with Hebrew. Included are transcription and English translation of Codex Vaticanus, the oldest extant manuscript of the whole book, and a detailed commentary that also compares the earlier P967 and the Masoretic Text where they differ. Another major new contribution is the utilisation of the sense-delimitation (paragraphs) of Codex Vaticanus itself, exploring how this influences reading of the text.

My World Rodney Ricks,2024-08-22 This book I wrote delves into my life living with diabetes and navigating a world inhabited by people with disabilities. It touches on friends, family, loved ones, fame, fortune, riches, and the search for cures for all diseases--those naturally occurring and those man-made. It's a killer in a world created by God and complicated by human intervention. This book, a piece of my heart and soul, is offered to the world for reading, rating, loving, cherishing, laughing, crying, enjoying, and wondering about for days, a lifetime, forever. It's a legacy of books, a history left behind for family, friends, loved ones, and everyone in the world to cherish.

Building Her House Nancy Wilson,2006 How does a woman build her house? Nancy Wilson begins with the kitchen table, remembering how each scratch and stain in the wood chronicles hours of stories and jokes, questions and concerns (through courtships and pregnancies), prayers and discussions. She continues, each essay full of stories and encouragement - the beauty of imperfection, the comfort of Velveeta, the strengths of mothers- and daughters-in-law, the honesty that is

submission, the laughter of reading aloud. As ever, while Nancy draws out our sins and weaknesses and sore spots, she comforts us with the favor of God and rouses us to a joyous faith.

Featuring a rich tapestry of

narratives that span adventure, social critique, and existential exploration, this collection showcases London's trademark blend of realism and romanticism. With a keen eye for the natural world and the struggles of the human spirit, London's prose is characterized by vivid imagery and robust dialogue, reflecting the tumultuous backdrop of early 20th century America—a time marked by social upheaval, industrialization, and a burgeoning interest in socialism. This anthology is highly recommended for anyone interested in classic American literature, offering an unparalleled glimpse into the psyche of a writer who was not only a storyteller but also a keen observer of society.
