*Law and TV Series* Adam Andrzejewski, Mateusz Salwa, 2018-09-24 The aim of this essay is to analyse TV series from the point of view of philosophical aesthetics. Aiming to show how philosophy may contribute to “seriality studies”, Andrzejewski and Salwa focus on seriality as a factor which defines the structure of TV series, their aesthetic properties, as well as their modes of reception. TV series have been studied within media theory and cultural studies for quite a long time, but they have been approached mainly in terms of their production, distribution, and consumption across various and changing social contexts. Following the agenda of philosophical aesthetics Andrzejewski and Salwa claim instead seriality implies a sort of normativity, i.e. that it is possible to indicate what features a television show has to have in order to be a serial show as well as the manner in which it should be watched if it is to be experienced as a serial work.

*Central Division Series Omnibus (Books 1-4 Plus The Novella Training Grounds)* Mark S. R. Peterson, 2018-07-01 From the deep Minnesota woods to the dangerous streets of the Twin Cities, Minneapolis PD investigators KOLIN RAYNES and SIMON TEMPLETON are not afraid to get their hands dirty when it comes to serial killers and human sex traffickers. This omnibus is a compilation of the first four suspenseful thriller novels in the Central Division Series, including the novella titled Training Grounds. This set includes: Book 1: Beholder’s Eye Novella Training Grounds (the first Central Division short) Book 2: Straight Razor Book 3: Discarded Book 4: Shades of Darkness Enjoy this exciting thriller series!

Television Finales Douglas L. Howard, David Bianculli, 2018-11-13 Today more than ever, series finales have become cultural touchstones that feed watercooler fodder and Twitter storms among a committed community of viewers. While the final episodes of *The Fugitive* and *M\*A\*S\*H* continue to rank among the highest rated broadcasts, more recent shows draw legions of binge-watching fans. Given the importance of finales to viewers and critics alike, Howard and Bianculli along with the other contributors explore these endings and what they mean to the audience, both in terms of their sense of narrative and as episodes that epitomize an entire show. Bringing together a veritable “who’s who” of television scholars, journalists, and media experts, including Robert Thompson, Martha Nochimson, Gary Edgerton, David Hinckley, Kim Akass, and Joanne Morreale, the book offers commentary on some of the most compelling and often controversial final episodes in television history. Each chapter is devoted to a separate finale, providing readers with a comprehensive survey of these watershed moments. Gathering a unique international lineup of journalists and media scholars, the book also offers readers an

intriguing variety of critical voices and perspectives.

*Sawbuck ( a D. E. I. Novel)* Al Ellis,2010-07-29 When Lorraine Bower is murdered, it's a case of mistaken identity. The real mark was Sandra Dalton of Dalton Easter Investigations (DEI). Sandra believes she is the target of Ralph Axel, a suspected drug smuggler. The DEI team (including Brick Dalton and Allen Easter) moves in to action. While trying to protect Sandra, Allen is kidnapped and beaten. His daring escape leads the DEI team to a secret code that, if broken, may lead them to the drug smugglers. In between all the action, Allen falls in love with Mona Munson, and wonderful dilemmas arise. When Sandra is confronted by the real murderer, Allen and Brick are nowhere to be found. She must try to escape by herself and on her own. The DEI team ends up going full circle following non-clues and mendacity in this tale of mystery, murder and mayhem.

*Contemporary Television Series* Silvia Branea,Bianca Mitu,2014-06-19 Contemporary Television Series: Narrative Structures and Audience Perception proposes an interdisciplinary and multicultural approach of old concepts like fiction, reality and narrativity applied to actual worldwide television series. The authors that have contributed to this volume analyze the almost invisible barriers between fiction and reality in television series from different perspectives. The results of their studies are extremely interesting and revealing. The new perspectives offered by this volume will be of great interest to any scholar of European and international studies, because they bring to light new ideas, new methodologies and results that could be further developed. This volume allows readers to explore these unique insights, even if they are not senior researchers, and to easily digest the content, and also to acknowledge the impact of the viewing of television series on reality and on their own lives.

**The Victorian Novel and the Space of Art** Dehn Gilmore,2014-01-09 This interdisciplinary study argues for the vital importance of visual culture as a force shaping the Victorian novel's formal development and reading history. It shows how authors like Charles Dickens, William Makepeace Thackeray, Wilkie Collins and Thomas Hardy borrowed language and conceptual formations from art world spaces - the art market, the museum, the large-scale exhibition, and art critical discourse - not only when they chose certain subjects or refined certain aspects of realism, but also when they tried to adapt various genres of the novel for a new and newly vociferous mass audience. Quandaries specific to new forms of public display affected authors' sense of their relationship with their own public. Debates about how best to appreciate a new mass of visual information impacted authors' sense of how people read, and consequently the development of particular novel forms like the multi-plot novel, the historical novel, the sensation novel, and fin-de-siècle fiction.

**Mama Told Me Not To Come - A Justice Security Novel** T. M. Bilderback,2025-01-01 Take four people that have been friends since college. Add a desire to protect others. Toss in a fun-loving look on life, and mix with a dash of a not-quite-by-the-book way of doing things, and what do you have? The partners of Justice Security. They are Joey Justice, after whom the company was named, Misty Wilhite, the love of Joey's life, Dexter Beck, the martial arts master and computer nerd, and Percival "King Louie" Washington, who bears a striking facial resemblance to a particular cartoon character. In this introductory story, the partners provide security for a society dog show, with unexpected death coming from an unknown source. They also provide security for a Heavyweight Boxing Championship that has no challenger, and they are hired to investigate the deaths of two innocent teens. Those deaths are tied into a government contract, and, through an unfortunate accident, they make a mortal enemy of an insane Mexican drug cartel leader. They are aided by their government liaison - FBI Agent Marcus Moore. But with the situation turning darker by the minute, can these four unlikely heroes continue to stay alive? Inspired by the classic song performed by Three Dog Night, Mama Told Me Not To Come is an adventure that you won't forget!

**Dexter by Design** Jeff Lindsay,2010-08-24 NATIONAL BESTSELLER • The Dexter series continues with Dexter's deadliest case yet. • The Killer Character That Inspired the Hit Showtime Series Dexter After his surprisingly glorious honeymoon in Paris, life is almost normal for Dexter Morgan. Married life seems to agree with him: he's devoted to his bride, his stomach is full, and his homicidal hobbies are nicely under control. But old habits die hard—and Dexter's work as a blood spatter analyst never fails to offer new temptations that appeal to his offbeat sense of justice. Not to mention that his Dark Passenger still waits to hunt with him in the moonlight. The discovery of a corpse (artfully displayed as a sunbather relaxing on a Miami beach chair) naturally piques Dexter's curiosity and Miami's finest realize they've got a terrifying new serial killer on the loose. And Dexter, of course, is back in business.

**Studies in the Victorian and Neo-Victorian Novel** Adrian Radu,2024-02-29 Readers of the nineteenth century novel expected literature to be a form journalism and fictional history. They wanted to read about easily identifiable situations with a chronological, straightforward and easily discernible development of plot, familiar backgrounds and credible characters. About a hundred years later, the Victorian novel became the great tradition, omnipresent and reliable. However, today the age and the context are different, and novels need more substance, including such themes as memory, race and empire, sex and science, spectrality and the heritage industry or key issues like gender, sexuality, and postmodernism. All these elements are considered Neo-Victorian which, in spite of their novelty, do point to a certain Victorian "anchor". This volume contains ten studies, the substance of which is the analysis of novels that, according to their date of publication, are products of the

Victorian and Neo-Victorian periods as defined above. The authors investigate and discuss Victorian roots and characteristics, preserved or recycled Victorian themes, Neo-Victorian characters and motifs, or any other characteristics that may label them as Victorian or Neo-Victorian products.

**Indian Popular Fiction** Prem Kumari Srivastava, Mona Sinha, 2021-11-25 The scholarly essays in this book open up experimental and novel spaces and genres beyond the traditional and the literary world of Indian Popular Fiction as it existed towards the end of the last millennium. They respond to the possibilities opened up by the technology-driven and internet-savvy reading and writing world of today. Contemporaneous and bold, most of the essays resonate with the racy and fast-paced milieu and social media space inhabited by today's youth. Combative in its drift, this book makes possible an attempt to disband hierarchies and dismantle categories that have engulfed the expansive landscape of Indian Popular Fiction for too long. It facilitates discussion on graphic novels, microfiction, popular-entertainment and political satire on television and celluloid, social media-driven romances existing in the domain of the 'real' rather than that of 'fantasy' and mythological readings against the backdrop of gender and politics. Aimed at facilitating further research by scholars and enthusiasts of Indian Popular Fiction, this book is also an ode to the current trends generated by social and internet media cosmos. Please note: Taylor & Francis does not sell or distribute the Hardback in India, Pakistan, Nepal, Bhutan, Bangladesh and Sri Lanka.

The Many Forms of Fear, Horror and Terror ,2020-09-25 This eBook records the proceedings of the 3rd Annual 'Fear, Horror, and Terror' conference, which was held at Mansfield College, Oxford in September 2009. A group of academics from disparate subject areas, including literature, film studies, religious studies, social psychology, and psychoanalysis, came together to discuss fear, horror, and terror.

Black Dog - A Justice Security Novel T. M. Bilderback, 2025-01-01 Inspired by the classic Led Zeppelin song, and the twelfth Justice Security story, Black Dog takes place very soon after the events of Hell's Bells. The story opens with Jessica Queen, Percival King Louie Washington, and Dexter Beck dealing with recurring nightmares. The dreams are so bad that all three consult with Dr. Caleb Mitchell, the Justice Security staff psychiatrist. Caleb discovers a common thread running through the dreams, and prescribes two things for each of them: a strong sedative to help them sleep, and to deal with the apparent issues that are causing the nightmares. Easier said than done. Jessica must deal with an earlier case - the genetically enhanced dog from Mama Told Me Not To Come. While assurances came from the owners of the deadly dog's siblings, Jessica doesn't believe that all of them are dead. Louie, on the other hand, must deal with the betrayal of his former girlfriend, Donna. Since Donna was an agent working for Esteban Fernandez, Louie has been afraid to date anyone. He must overcome his fears, and convince himself that not every woman is going to betray him and those he loves. Dexter is dealing with his own issues, and his problems won't go away without some serious soul-searching. Meanwhile, Carly Stewart-Li has returned from rehab, and has made an unexpected life choice: she's chosen to turn her back completely on Hollywood, and

wants to become a plainclothes operative for Justice Security! Grief, twists, turns, and the loss of another partner...Black Dog gives you a look at the private lives of the people of Justice Security!

**The Tell-Tale Art** Christine A. Jackson,2011-11-16 Greed and guilt, near-indecipherable codes, murder plots born of madness--these motifs drive the best modern mysteries, but they are rooted in the early nineteenth century and the carefully constructed fiction of Edgar Allan Poe. Poe's methods of storytelling and suspense remain relevant, reappearing in detective novels and on screens large and small. This work examines a wide selection of today's mystery and thriller novels, films, television programs, and video games to explore Poe's ongoing influence on popular entertainment. Authors such as Michael Connelly, Stieg Larsson and Dennis Lehane, television shows like *The Closer* and *Dexter*, and movies from *Laura* and *Vertigo* to *Shutter Island* and *The Girl with the Dragon Tattoo* all receive attention. The popularity of Poe's narratives in these contemporary guises is testimony to his visionary genius. Instructors considering this book for use in a course may request an examination copy [here](#).
