Teens Choosing to Read Gay Ivey, Peter Johnston, 2023 In a sea of troubling reporting about education, teaching, reading, and the wellbeing of teens, Ivey and Johnston bring some good news that shows what happens when we stop underestimating young people. This accessible book offers an engaging account of a 4-year study of adolescents who went from reluctant to enthusiastic readers. These youth reported that reading not only helped them manage their stress, but also helped them negotiate happier, more meaningful lives. This amazing transformation occurred when their teachers simply allowed them to select their own books, invited them to read, with no strings attached, and provided time for them to do so. These students, nearly all of whom reported a previously negative relationship with reading, began to read voraciously inside and outside of school; performed better on state tests; and transformed their personal, relational, emotional, and moral lives in the process. This illuminating book leads readers on a tour of adolescents' reading lives in their own words, offering a long-overdue analysis of students' deep engagement with literature. The text also includes research to inform arguments about what students should and should not read and the consequences of limiting students' access to the books that interest them through censorship. Book Features: Links young adults' reading engagement with socio-emotional and intellectual development. Provides nuanced descriptions of teaching practices that facilitate student agency in learning. Features student voices that have been absent in debates about what is appropriate for young people to read and under what circumstances. Connects student perspectives on reading, with positive outcomes of reading, to research from other disciplines. Illuminates the breadth and depth of the responsibilities of teaching English language arts.

Horrificing True Crime Stories Danielle Tynning, 2020-10-10 Real-life is stranger and more frightening than fiction, and this book serves to cement that principal even further. In this compilation, there are eleven cases of some of the most deplorable, unjust and violent crimes I've come across. From cannibals to rapists to the sickest, most twisted criminals you've not yet heard of, you'll read about them all in this book. I'll tell you the story of Rurik Jutting, a British banker living in Hong Kong who held two women hostage, tortured them and raped them over a number of days. You'll learn about Issei Sagawa, a Japanese cannibal who killed and ate a woman - but walks free on the streets today. Then there's the vile three-week torture of an Australian woman who, when she was eventually rescued, paramedics initially thought she was dead. You can also read about the 'Hello Kitty' murder, which is as bizarre as it sounds - and as equally haunting. But please be warned, the cases in this book are highly disturbing and include graphic and distressing descriptions. Please take this trigger warning seriously as this book depicts horrific crimes that involve sexual abuse, domestic abuse, child abuse and graphic violence throughout. This book is intended to explore the evil in this world and expose the heinous behaviour some people are capable of. Please heed this warning before continuing to read. The book fits under the following categories: Serial Killers True Crime Murder and Mayhem True Crime Murder Cases True Crime Biography

The Jewish Messiah Arnon Grunberg, 2008-01-10 The new novel by the internationally acclaimed author- a farce of nuclear proportions (Vanity Fair) Arnon Grunberg is one of the most subtly outrageous provocateurs in world literature. The Jewish Messiah, which chronicles the evolution of one Xavier Radek from malcontent grandson of a former SS officer, to Jewish convert, to co-translator of Hitler's Mein Kampf into Yiddish, to Israeli politician and Israel's most unlikely prime minister, is his most outrageous work yet. Taking on the most well-guarded pieties and taboos of our age, The Jewish Messiah is both a great love story and a grotesque farce that forces a profound reckoning with the limits of human guilt, cruelty, and suffering. It is without question Arnon Grunberg's masterpiece.

Evil Angels John Bryson, 2016-10-18 The basis for the Meryl Streep film A Cry in the Dark: The dramatic true story of a mother's worst nightmare and the murder trial that shocked Australia. On a camping trip at Ayer's Rock, the Chamberlain family's infant daughter disappeared in the middle of the night. Her distraught mother, Lindy, claimed she saw a dingo carry her off into the Australian outback. Two years later, their tragedy worsened when, without a murder weapon, a body, or even a motive, a jury convicted Lindy Chamberlain of killing her own daughter. The public cheered. John Bryson, a trial lawyer and award-winning journalist, deconstructs the factors that led to a seemingly reasonless incarceration and the public attitude that demanded it. With this book, he began to sway popular opinion in the Chamberlains' favor by discussing the failures on the part of the police, forensics team, and press. Winner of the CWA Gold Dagger and the inspiration for the film A Cry in the Dark starring Meryl Streep, Evil Angels presents an impartial analysis of the most notorious miscarriage of justice in

Australian history. It serves as a reminder of the dangers of blindly searching for a conviction, the importance of scientific accuracy, the volatility of the media, and the ease with which a nation can fall prey to bigoted thinking. Written with literary finesse, this is one of the twentieth century's most important—and thoughtful—works of true crime.

The Historical Books Dr. Richard D. Nelson, 2011-09-01 In *The Historical Books*, Richard D. Nelson introduces neophyte readers to the basic concepts of history and historical writing and provides a simple framework of events and periods that can be used to situate historical data reported in texts or presupposed by them. Standard interpretive methods are accessibly explained and illustrated by consistent reference to 2 Samuel 24. The focus of discussion moves from the narrow level of individual pericope to larger units of meaning. Because the ultimate goal is to expose the claims made on the reader by these biblical texts and to help the reader make sense of these claims, the interpretive spotlight rests on the present interaction of text and reader rather than on the past.

The Reading Lives of Teens Chin Ee Loh, 2024-11-04 In these changing times of global flows of media and technologies and reports of declining reading enjoyment, researchers, policymakers and educators need to engage anew with essential issues of what counts as reading, what kinds of reading matter and how to support teen reading engagement in school and out-of-school settings. Bringing together contributions from well-known and emerging adolescent literacy researchers from different disciplinary perspectives, this edited collection consolidates contemporary research on teens' volitional print and digital reading, whether in school or out-of-school contexts. The first part of the book offers overviews of what teens are reading, followed by chapters on community support on reading and new ways of researching teen reading. With chapters from North America, Europe, Australia, Asia and the Middle East, the collection will offer multifaceted and complex insights into what, how and why teens read in different contexts. Reflection questions at the end of each chapter encourage readers to consider how the research can be applied in their own research, policy and practice contexts. This book will be of interest to researchers, policymakers and educators who are invested in supporting adolescent-engaged reading with evidence-based policies and strategies.

Suburbanity Byron Forrest Yawn, 2013 Rick Warren famously wrote, It's not about you. But much of the Western church seems to disagree, having settled for a self-centered message of personal fulfillment. With incisiveness and a passionate love for the church, pastor and author Byron Forrest Yawn offers a compelling call away from narcissism and back to the powerful and transforming gospel of Jesus. He shows the difference between... Sunday-morning life coaches selling self-help seminars, and preachers proclaiming God's redemptive work through Christ promises of prosperity and comfort, and a realistic and helpful perspective on suffering escape from unbelievers and their godless world, and redemptive engagement with people As Byron exposes the false gospel of suburbanity, he offers readers a better alternative: to look beyond themselves and embrace God's call to be His image-bearers and ambassadors, partnering with Him as He restores people and all creation to

His original design.

Mad in America Robert Whitaker,2019-09-10 An updated edition of the classic history of schizophrenia in America, which gives voice to generations of patients who suffered through cures that only deepened their suffering and impaired their hope of recovery Schizophrenics in the United States currently fare worse than patients in the world's poorest countries. In *Mad in America*, medical journalist Robert Whitaker argues that modern treatments for the severely mentally ill are just old medicine in new bottles, and that we as a society are deeply deluded about their efficacy. The widespread use of lobotomies in the 1920s and 1930s gave way in the 1950s to electroshock and a wave of new drugs. In what is perhaps Whitaker's most damning revelation, *Mad in America* examines how drug companies in the 1980s and 1990s skewed their studies to prove that new antipsychotic drugs were more effective than the old, while keeping patients in the dark about dangerous side effects. A haunting, deeply compassionate book -- updated with a new introduction and prologue bringing in the latest medical treatments and trends -- *Mad in America* raises important questions about our obligations to the mad, the meaning of insanity, and what we value most about the human mind.

Second Shooter James Gulisano,2003-10-08 One man. Two lifetimes. Mike Lloyd is a nice guy. But once upon a time, he wasn't so nice. Selected Charlotte Perkins Gilman Charlotte Perkins Gilman,2025-07-03 Deep dive into the impressive collection of works from the trailblazing 20th-century feminist Charlotte Perkins Gilman. From her semi-autobiographical 'The Yellow Wallpaper', written after a severe bout of postpartum psychosis, to her utopian feminist novel 'Moving the Mountain', 'Selected Charlotte Perkins Gilman' is the perfect companion for history buffs looking to delve into the early beginnings of feminist theory. Ideal for fans of Helena Bonham Carter and Carey Mulligan in Netflix's acclaimed 'Suffragette' film. Charlotte Perkins Gilman (1860-1935) was an American humanist, writer, and advocate for social reform. She is considered today a utopian feminist and served as a role model for later feminists with her unorthodox concepts and lifestyle. Her works are celebrated for offering new perspectives on gender issues and include the semi-autobiographical short story 'The Yellow Wallpaper', 'Women and Economics', and 'Forerunner'. She was inducted into the National Women's Hall of Fame and remains today a huge influence on feminist thinking of the early 20th century.

The Forerunner Charlotte Perkins Gilman,2022-07-19 Should we not laugh to see a horse in corsets? The time is coming when we shall so laugh to see a woman. - *The Forerunner* Volume 1 (1909-1910) by Charlotte Perkins Gilman. In this anthology collection of key writings by prominent humanitarian and pro-equality writer, Charlotte Perkins Gilman, the reader is afforded a fascinating insight into the lives and societal challenges of women in the early 20th century. Through a selection of expertly written poems, essays, and fictional stories as well as non-fiction narratives, the monthly magazine excerpts

include lesser-known works such as 'Our Androcentric Culture; or, The Man-Made World', the poem 'Then This', and an essay entitled 'A Small God And a Large Goddess'. The original writing showcases a progressive thinker with a strong female voice, who was ahead of her time in terms of feminism and women's rights, in this selection of politically-inspired pieces from 1909. Charlotte Perkins Gilman, also known as Charlotte Perkins Stetson, was born on 3rd July 1860 in Connecticut, USA. Her early family life was troubled, with her father abandoning his wife and family; a move which strongly influenced her feminist political leanings and advocacy of women's rights. After working as a tutor and painter, Perkins – a self-declared humanist and tomboy – began to work as a writer of short stories, novels, non-fiction pieces, and poetry. Her best-known work is her semi-autobiographical short story, inspired by her post-natal depression, entitled 'The Yellow Wallpaper', which was published in 1892 and made into a film in 2011. Charlotte Perkins Gilman was a member of the American National Women's Hall of Fame and strongly believed that the domestic environment oppressed women through the patriarchal beliefs upheld by society. A believer in euthanasia, she was diagnosed with incurable breast cancer in January 1932 and subsequently took her own life in August 1935, writing in her suicide note that she chose chloroform over cancer.

The Crux Charlotte Perkins Gilman, 1911 A group of women from New England head westward to Colorado, where they struggle to establish a more forward-thinking community.
