

La Ciudad De Mario Levrero

Juan Herrero Cecilia

La ciudad Mario Levrero,1999 Publicada por primera vez en Montevideo en 1970, La ciudad es ya un clásico de las letras uruguayas. El protagonista, que acaba de mudarse a una casa inhóspita, sale la primera noche a buscar comida y se pierde en la oscuridad y la lluvia, iniciando una aventura, mezcla de sueño y pesadilla, por un mundo de leyes incomprensibles pero precisas e implacables.-

Cuando Vips era la mejor librería de la ciudad Alberto Olmos,2020-06-09 Cuando Vips era la mejor librería de la ciudad inquietará felizmente al lector, que pasará de la carcajada al asombro, de la indignación a la duda. Un libro escrito por una de las voces más valientes, arriesgadas y provocadoras de este presente convulso en el que nadie está a salvo.. La crítica social y política, los asuntos públicos y privados son sometidos a un proceso de revelado para señalar la fina linea que separa la propaganda de las ideas o el talento de la fama.

Latin American Science Fiction Writers Darrell B. Lockhart,2004-03-30 Many readers are unaware of the vast universe of Latin American science fiction, which has its roots in the 18th century and has flourished to the present day. Because science fiction is part of Latin American popular culture, it reflects cultural and social concerns and comments on contemporary society. While there is a growing body of criticism on Latin American science fiction, most studies treat only a single author or work. This reference offers a broad overview of Latin American science fiction. Included are alphabetically arranged entries on 70 Latin American science fiction writers. While some of these are canonical figures, others have been largely neglected. Since much of science fiction has been written by women, many women writers are profiled. Each entry is prepared by an expert contributor and includes a short biography, a discussion of the writer's works, and primary and secondary bibliographies. The volume closes with a general bibliography of anthologies and criticism.

Trilogía involuntaria (La ciudad | El lugar | París) Mario Levrero,2023-03-01 La ciudad, El lugar y París son las tres primeras novelas de Mario Levrero. Publicadas entre 1970 y 1982, componen lo que él llamó Trilogía involuntaria, pues comparten, sin deberse a un plan inicial, cierta unidad temática e incluso topológica. Sus personajes pueblan escenarios sembrados de lastre y dilación, en los que el sueño da paso a la amenaza y lo fantástico aparece entre las ruinas de lo real.

En un volumen único, que incluye los prólogos de Ignacio Echevarría, Julio Llamazares y Constantino Bértolo, estas nouvelles ocupan un lugar central en la obra de este maestro secreto. La crítica dijo... «Cada uno de sus libros es mejor que el anterior». Damián Tabarovsky «Se podría arriesgar que el nombre de Levrero compone hoy, junto al de Fogwill y al de Roberto Bolaño, una suerte de canon involuntario latinoamericano». Maximiliano Tomás «Levrero es el reverso corriente de Kafka, una sombra manoseada de Camus en clave cómica». Babelia, El País «Mario Levrero es para las letras latinoamericanas un gran descubrimiento». Revista Ñ, Clarín

La nariz de Gógol Leda Rendón,2022-01-04 Quienes se sienten más orgullosos de los libros que han leído que de los libros que han escrito reflejan sin duda una herencia que Jorge Luis Borges, por poner un ejemplo, nos dejó a todos y al mismo tiempo reafirman que la lectura es un acto creativo. Leda Rendón reúne en este libro, La nariz de Gógol, 55 textos a los que llama híbridos y con sobrada razón, pues parten de la experiencia de la autora con la lectura de obras fundamentales de la literatura universal y transitan, a veces de inmediato, a la ficción plena. Tal vez la mayor dificultad que conlleva el ejercicio de la crítica literaria sea distinguir entre un juicio de valor, que es una manera de generalizar, y la expresión de una mera experiencia personal. En los textos del presente volumen, encontramos que esa dificultad no es tal para Leda Rendón, quien se basa en un ejercicio crítico para desbordar su imaginación y la de sus lectores.

Una mirada expectante Giuseppe Gatti Riccardi,2024-11-04 En noviembre de 1970 la editorial Tierra Nueva de Montevideo publica *La ciudad*, de Mario Levrero. Esta fecha bisagra -literaria y no política (como sería, en cambio, 1973)- se ha tomado como punto de partida para seleccionar el conjunto de los veintiséis narradores y narradoras que forman parte del presente volumen antológico dedicado a la prosa de ficción contemporánea de Uruguay. Elementos como la heterogeneidad de formas y temas, la interculturalidad arraigada y una nunca renegada marginación periférica caracterizan un panorama literario marcado por una visión variada de lo real, ya desligado tanto de los moldes histórico-culturales tradicionalmente asentados como de las expectativas de corte comercial (lo que permite que la escritura nacional se beneficie de un mayor grado de autonomía en la experimentación temática y formal).

De/lirios Gabrielle Cornefert,2023-03-06 Drawing on the concept of de/lirio—which articulates a series of disorders in the first-person literary enunciation, on the one hand, and the psychopathological characterization of this first person, on the other hand—the study explores the deviant lyric of Mario Levrero and Alberto Laiseca and shows how they respond productively to aesthetic, ethical and ontological problems of the turn of the millennium, in the Río de la Plata and beyond.

Angélica Gorodischer: fantasía y metafísica Juan Ramón Vélez García,2012-10-16 El siguiente trabajo de investigación tiene como objeto estudiar en la obra de la escritora argentina Angélica Gorodischer temas y recursos propios

de la fantasía literaria para plantear implicaciones filosóficas y metafísicas que van desde el estatus ontológico y epistemológico del hombre hasta el cuestionamiento de la realidad. El título Angélica Gorodischer: fantasía y metafísica responde a una voluntad de estructurar dicho análisis en torno a dos ejes fundamentales e interconectados: la utilización formal de procedimientos de la "fantasía literaria" (término abarcador que pretende dar cuenta de varias manifestaciones del impulso fantástico en el ámbito de la creación literaria) y el planteamiento de cuestiones de índole metafísica, entendiendo por aquéllas las que se centran en el estatus ontológico del hombre en el universo. En el apartado reservado a las conclusiones se ofrece una recapitulación de los resultados obtenidos en el transcurso del estudio, así como una reafirmación de las posturas teóricas expuestas. A modo de apéndice incluye una serie de preguntas formuladas por correo electrónico a la autora en diferentes fechas y que permiten conocer de primera mano las impresiones de Gorodischer sobre algunas de las cuestiones planteadas.

Estética y pragmática del relato fantástico Juan Herrero Cecilia,2000 La estética del relato fantástico constituye un reto especial para la mentalidad racionalista del lector contemporáneo y, al mismo tiempo, ejerce sobre él una desconcertante y sutil fascinación, porque este género literario cultiva la sensación de inquietante extrañeza poniendo en confrontación y en ambigua confusión lo vivido y lo soñado, lo natural y lo sobrenatural, lo racional y lo irracional. Al situar al lector dentro de la extraña e inexplicable experiencia vivida por el personaje en el mundo de la ficción, el género de lo fantástico nos hace percibir el lado oculto de las fuerzas misteriosas que dirigen el dinamismo profundo de la vida y explora las dimensiones supraracionales de la enigmática identidad del ser humano. Con los estudios recogidos en este libro, el autor ha puesto de relieve las principales características que constituyen la dimensión estética, dialógica y pragmática del género fantástico. Además de tratar sobre la evolución literaria del género y sobre las principales teorías en torno a la literatura fantástica, el análisis se detiene especialmente en los aspectos relacionados con la organización narrativa y con las estrategias que en ella funcionan para motivar, desde el discurso mismo del relato, la participación y la cooperación interpretativa del lector (dimensión dialógica o interacción comunicativa entre el universo del texto -organizado según una estética específica- y el lector).

Cuentos completos Mario Levrero,2019-05-01 Esta edición condensa el universo literario de Levrero, y está integrada por la totalidad de cuentos publicados entre 1970 y 2003. En este volumen al cuidado de su hijo Nicolás Varlotta se reúnen por primera vez cuentos que hasta ahora se creían inconseguibles. «En estos cuentos está el Levrero más secreto y el que, de

alguna manera, tiene el ochenta por ciento del ADN que lo hizo un escritor extraordinario.» Fabián Casas De la misma manera que decimos que algo es borgeano o kafkiano, Mario Levrero también dejó una huella inconfundible que trasciende la literatura. Su obra se caracteriza por dos grandes líneas: una influenciada por Kafka y los cuentos infantiles, llena de relatos de peripecias, siempre bordeando lo siniestro, y otra realista, más cercana a Jorge Varlotta, su yo cotidiano. Esta edición condensa el universo literario del autor, y está compuesta por la totalidad de cuentos publicados en vida, entre 1970 y 2003. Compilado por su hijo Nicolás Varlotta y prologado por Fabián Casas, en este volumen se reúnen por primera vez relatos que hasta ahora se creían inconseguibles. A quince años de su muerte, la obra de Levrero sigue ganando lectores y reconocimiento internacional. Su estilo y su imaginación son raros en la literatura en español, por eso su nombre integra hoy el canon latinoamericano del siglo xx, y él está consagrado como uno de los escritores más geniales de la narrativa rioplatense.

A través de la vanguardia hispanoamericana Manuel Fuentes,Paco Tovar,2011-12-05 A través de la vanguardia hispanoamericana reúne las ponencias y comunicaciones del VIII Congreso Internacional de la Asociación Española de Estudios Literarios Hispanoamericanos, celebrado en Tarragona entre los días 16 y 19 de septiembre de 2008. Durante aquellas jornadas se abordaron, siempre desde una perspectiva crítica, temas y aspectos diversos; autores y obras relacionados con las vanguardias literarias de Hispanoamérica: orígenes, momento histórico y posteriores transformaciones. Se valoró también su relación con las fuentes europeas, pero destacando, ante todo, las aportaciones originales.

Sociedad, Escritura, Memoria Giuseppe Gatti Riccardi,2013-04 La producción narrativa del escritor montevideano Hugo Burel (1951), ganador del premio Juan Rulfo en 1995 con el cuento El elogio de la nieve y autor -al momento de la publicación del presente trabajo- de doce novelas, seis recopilaciones de relatos y un guión teatral, representa el elemento de conexión que se ha elegido para enhebrar una relación transversal entre, por un lado, los temas históricos, sociales y políticos que se analizarán en los primeros capítulos y, por otro, los vinculados tanto con el estudio del espacio urbano y extra-urbano como con los matices típicamente uruguayos de la literatura fantástica (capítulos tres a seis).
