Emilia Pardo Bazán: La Tribuna Graham Whittaker, 2017-07-31 A facing page translation of Emilia Pardo Bazán's classic novel

Republica de Colombia Pedro A. Pedraza, 1909

La Tribuna: Translated with Commentary Emilia Pardo Bazán (condesa de), 2017 Emilia Pardo Bazán was born in the Galician town of A Coruña into a noble family who nurtured her lifelong thirst for knowledge. She is undoubtedly the most controversial, influential and prolific Spanish female writer of the nineteenth century, publishing a vast number of essays, social commentaries, articles, reviews, poems, plays, novels, novellas and short stories. Her third novel, *La Tribuna*, heralds a new age in Spanish literature, a naturalist work of fiction that examines the situation of contemporary women workers. The author's preparation for the novel involved reading and consulting contemporary pamphlets and newspapers, as well as spending two months in a Galician tobacco factory observing and listening to conversations. This method, common in English writers like Dickens and frequently adopted in France by the masters of Realism, was almost unprecedented in Spain. Set against a background of turmoil and civil unrest, *La Tribuna* reflects the author's interest in the position of women in Spanish society. The working-class heroine, Amparo, develops from a shapeless, apolitical street urchin into a masterpiece of femininity, a charismatic orator who becomes a 'tribune' of the people. At the same time, however, she allows herself to be seduced by a prosperous middle-class youth whose promises prove to be just as empty as the revolutionary slogans in which she believes so fervently.

El poder de la música Pedro González Mira, 2025-04-15 Para el personaje central de esta novela, la música fue, primero, un misterio indescifrable; luego, una pasión; y, finalmente, una razón de ser. Pedro González Mira lo sitúa en un pequeño pueblo valenciano, donde crece escuchando las campanas de la iglesia, los sonidos de la radio familiar y la banda municipal ensayando en insólitos y polvorientos rincones. Gloria Lasso, Los Cinco Latinos, las madrugadas de Radio Luxemburgo, el piano almibarado y decadente de Eddy Duchin, bañado en sesiones de cine al aire libre, o las canciones de Led Zeppelin lo conducen a una lenta metamorfosis que lo llevará hasta Bach, Mozart o Beethoven. Formado lejos de las academias y con la intuición musical como bandera, descubre que posee el don de la curiosidad permanente y la necesidad de expresarse a través de las emociones, desentrañando obsesivamente los secretos que esconden los sonidos hasta

convertirse en crítico musical. Tras el éxito de *Eso no estaba en mi libro de historia de la música y Los músicos de Hitler*, el autor se pregunta qué nos enseñan los sonidos que nos rodean. Con la mirada afilada del escrutador y la emoción intacta de quien sigue sorprendiéndose ante una melodía inesperada, traza un relato fascinante que no solo nos sumerge en su propia historia, sino que también nos ayuda a comprender la nuestra. «Una moderna y reflexiva Bildungsroman en la que la crítica musical actúa a la vez como brújula, faro y túnel sin salida. Su protagonista, Gastón, se embarca en un tránsito, a veces doloroso, de la vida a la música y de la música a la vida». Luis Gago, crítico musical de El País.

La rueda de Onfalia Juan Vicente Melo,2023-11-14 Evocación de un pasado remoto, entrelazamiento de voces y de recuerdos, fantasmas que frecuentan los pasillos de las viejas casas porteñas, amores frustrados, secretos inconfesables de familia, todo como si de una gran partitura se tratara. Ritmo y melodía de un lenguaje en deuda con la vocación musical del autor. Esta novela es el punto final de una obra lúdica y alucinada que desde siempre fue un misterio para el público y un reto para la crítica.

Luis González y González en su taller de historiador Antonio Saborit, 2010-06-09 En una suerte de invitación a la toma de conciencia de la propia importancia, la presente antología de la obra de Luis González y González llama al lector común a mirarse en la historia y a comprender su papel de materia viva y constructora del devenir histórico. A través de la mirada de Antonio Saborit, estudioso apasionado y conocedor comprometido de la obra de González y González, el recorrido por el México de los años revolucionarios se desdobra: no hubo un México, hubo dos, veinte..., tantos como hombres de a pie, aquellos que de pronto se convirtieron en contrapunto de la historia de bronce. Esta antología se publica para recordar al ilustre historiador a diez años de su fallecimiento, acaecido en el año 2003.
