The Actor as Storyteller Bruce Miller, 2012-01-01 (Book). The Actor as Storyteller is intended for serious beginning actors. It opens with an overview, explaining the differences between theater and its hybrid mediums, the part an actor plays in each of those mediums. It moves on to the acting craft itself, with a special emphasis on analysis and choice-making, introducing the concept of the actor as storyteller, then presents the specific tools an actor works with. Next, it details the

process an actor can use to prepare for scene work and rehearsals, complete with a working plan for using the tools discussed. The book concludes with a discussion of mental preparation, suggestions for auditioning, a process for rehearsing a play, and an overview of the realities of show business. Included in this updated edition are: A detailed examination of script analysis of the overall play and of individual scenes; A sample of an actor's script, filled with useful script notations; Two new short plays, one written especially for this text; Updated references, lists of plays, and recommended further reading

The Existential Actor Jeff Zinn, 2017-12-12 This is a book for the thinking actor, and the finest actors I've known are just that. The best actors bring it all together body, heart, spirit, and mind. This book is for the actor who thinks about craft and influence, who thinks about the relationship of performance to living, who thinks about doing and what that doing means. Acting is a metaphor and it's a mirror, and, so, a theory of acting, if true, shows us to ourselves. Jeff Zinn knows this. He knows it as an actor, director, teacher, and thinker. His theory of everything is simple and revelatory. (from the foreword by Todd London)

The Best Plays Theater Yearbook 2007-2008 Jeffrey Eric Jenkins, 2009 Here in this 86th edition of The Best Plays Theater Yearbook are all of the many features that have long distinguished this indispensable reference work on the American theater. What makes the series unique is its unequaled depth and breadth of information on the season under review and its record of the key achievements in theater over a multitude of earlier seasons: detailed listings of all plays produced on and Off Broadway, and hundreds Off Off Broadway, between June 2004 and May 2005; essays by distinguished theater critics and commentators on all 10 of the chosen plays; listings of the longest-running plays and of the winners of the notable theater awards, in many cases ever since those awards were established; and the full membership of the Theater Hall of Fame. But the scope of this book extends far beyond New York, recognizing as it does the vitality and the innovative contributions of resident theaters throughout the country. The invaluable survey of the season around the United States includes the American Theatre Critics Association's Steinberg New Play Award and Citations, plus a directory of more than 300 new play productions and readings at resident theaters everywhere.
