Each of us dreams into existence an infinitude of realities and outcomes. When you realize this, Neville Goddard taught, you will discover yourself to be a slumbering branch of the Creator clothed in human form, and at the helm of limitless possibilities. - Mitch Horowitz - Neville Goddard is best described as an enlightened mystic and hermetic. His knowledge was so deep and all-encompassing that any seeker will find what they're looking for with him! There is nothing like him in knowledge and depth! Neville Goddard's wish was to make people aware of their creative power. He was not only concerned with manifestation, but also with re-understanding and consciously applying the profound mechanisms of our existence. And this knowledge can be fully understood and consciously applied using this reference book by Neville Goddard. When man begins to discover this power within him, he never plays the part that he formerly played. He doesn't turn back and become just a reflector of life; from here on in he is the affector of life. - Neville Lancelot Goddard - The categories of this Neville Goddard Book are: - Neville Goddard Collection and Books - Manifestation and Manifesting
