New Moon Magic Risa Dickens,Amy Torok,2023-09-12 Harness the power of lunar magic with 13 essential practices for the modern witch—one for each New Moon of the year Fresh, fierce, and unapologetically feminist, this is both guidebook and rallying cry: an intersectional and inclusive magical praxis that resists, disrupts, and opens the door to nourishment, abundance, and transformation—for readers of *Psychic Witch* and *The Spell Book for New Witches* In *New Moon Magic*, Missing Witches authors Risa Dickens and Amy Torok offer Witchy practices to change your life and reshape the world, without falling prey to the commercialization that belies the true heart—and power—of magic. Witchcraft is praxis: how we do what we believe, and how we make those beliefs manifest. *New Moon Magic* is an offering to all witches, honoring the Craft's roots in centuries of empowerment, survival, and resistance—despite capitalism's attempts to co-opt and dilute its practice. Here, Dickens and Torok reclaim tools of witchcraft as the ways and means of enchantment, imbued with magic that resists commodification and capitalism. The authors introduce 13 New Moon practices, each paired with a Witch who embodies the Craft: Potions with Cerridwen and St. Hildegard von Bingen Divination with Lozen and Harriet Tubman The Garden with Mayumi Oda Ritual & Ceremony with Genesis P-Orridge The Circle with Audre Lorde Through historical research, interviews, and the authors' own raw personal stories, *New Moon Magic* offers wisdom and guidance from real Witches past and present. It shows you how to take up tools and practices, discover (or rediscover) your own magic, and nurture a Witchcraft that creates instead of consumes.

Stephenie Meyer James Blasingame Jr.,Kathleen Deakin,Laura A. Walsh,2012-06-07 Inspired by a vivid dream, Stephenie Meyer, a stay-at-home mom, wrote a manuscript that started a worldwide sensation that has yet to abate. In 2005 her debut novel, *Twilight*, crashed onto the shore of teen literature like a literary tsunami. Four books later, she had become the top-selling author in the world. When the final book in the *Twilight* series, *Breaking Dawn*, was released in 2008, more than a million copies were sold on the first day alone. The popular culture phenomenon of Stephenie Meyer and her writing is much more than the sum total of her weeks on the bestseller list, however. *Stephenie Meyer: In the Twilight* looks at the life and work of this author, beginning with her childhood and covering her teen years and life before stardom. This volume also profiles Meyer's world since becoming a cultural icon. In addition to discussing Meyer's writing style, the chapters also explore each of her books, with a final chapter focusing on her presence in social media and public events. As young and old

continue to devour her every word, this volume puts into perspective the work and impact that Meyer has around the world. Stephenie Meyer: In the Twilight will be of interest to teachers and librarians, as well as to middle and high school students—not to mention adults—who are interested in learning more about their favorite author.

Unbored Joshua Glenn, Elizabeth Foy Larsen, 2013-07-18 Unbored is the book every modern child needs. Brilliantly walking the line between cool and constructive, it's crammed with activities that are not only fun and doable but that also get kids standing on their own two feet. If you're a kid, you can: -- Build a tipi or an igloo -- Learn to knit -- Take stuff apart and fix it -- Find out how to be constructively critical -- Film a stop-action movie or edit your own music -- Do parkour like James Bond -- Make a little house for a mouse from lollipop sticks -- Be independent! Catch a bus solo or cook yourself lunch -- Make a fake exhaust for your bike so it sounds like you're revving up a motorcycle -- Design a board game -- Go camping (or glamping) -- Plan a road trip -- Get proactive and support the causes you care about -- Develop your taste and decorate your own room -- Make a rocket from a coke bottle -- Play farting games There are gross facts and fascinating stories, reports on what stuff is like (home schooling, working in an office...), Q&As with inspiring grown-ups, extracts from classic novels, lists of useful resources and best ever lists like the top clean rap songs, stop-motion movies or books about rebellion. Just as kids begin to disappear into their screens, here is a book that encourages them to use those tech skills to be creative, try new things and change the world. And it gets parents to join in. Unbored is fully illustrated, easy to use and appealing to young and old, girl and boy. Parents will be comforted by its anti-perfectionist spirit and humour. Kids will just think it's brilliant.

Buzz Books 2014: Spring/Summer, 2014-01-08 There's nothing like the excitement of being one of the first people to discover a great new read. Now in its fourth edition, Buzz Books has proven itself as the place where book publishing insiders and passionate book lovers alike can get their first taste of some of the year's most extraordinary new books. The overwhelming majority of our selections go on to win awards and appear on booksellers' monthly lists of "best books" as well as "best books of the year" from many sources—while topping bestseller lists and reading group selections as well. Some people think of the spring and summer publishing seasons as a quieter time, but last year's Buzz Books collection provided early looks at such books as Philipp Meyer's *The Son*, Kate Atkinson's *Life After Life*, and Anthony Marra's debut *A Constellation of Vital Phenomena*, all hailed as among the year's very best novels. Inside the book business, this volume also coincides with one of the most important industry events, the American Booksellers Association's "Winter Institute." This is an annual gathering of 500 independent booksellers, now a major launch pad for the spring and summer seasons, where dozens of authors—including ten of those whose work is included here—sign pre-publication galleys and discuss their forthcoming books informally with bookstore owners. Instead of keeping that industry "buzz" closed off in the room with that small group of lucky booksellers, we're giving everyone the same kind of access to checking out the newest voices the publishing industry is building for the next season. Samples of novelists you may already know and love include new books

from British authors Jojo Moyes (*One Plus One*) and Edward St. Aubyn (*Lost for Words*), alongside bestselling writers Robyn Carr (*Four Friends*) and Greg Iles, now with a new publisher for his latest thriller *Natchez Burning*. We preview Giller Prize winner Joseph Boyden's *The Orenda*, already lavishly honored in Canada, plus praised novelists Jean Kwok (known for *Girl in Translation*) and Maggie Shipstead (author of *Seating Arrangements*) return with their anticipated second novels. This edition's collection of highly-anticipated debuts includes everything from screenwriter Laline Paull's *The Bees* and Marie-Helene Bertino's *2 A.M. at The Cat's Pajamas* to a posthumous roman-à-clef from magazine journalist Michael Hastings to bestselling narrative nonfiction author of *Burning Down the House* (the basis for the movie *The Social Network*) Ben Mezrich's *Seven Wonders*. Our selection of nonfiction is modest in quantity but broad in range, from Twitter co-founder Biz Stone to author of bestselling *Nickel and Dimed* Barbara Ehrenreich's memoir. We also include memoir with recipes (from Leah Eskin) and in letters (from Nina Stibbe), plus the latest from bestselling science journalist Sam Kean. Our biggest-ever section of young adult literature mirrors the growing popularity of these works among readers young and not-so-young. Sally Green's *Half Bad* is already an international publishing sensation ahead of its release, with sales in dozens of territories. We sample new works from well-known authors such as Ann Brashares and Lemony Snicket alongside *Twilight: New Moon* director Chris Weitz's *The Young World*—the first in a new series—and Scholastic editor Amanda Maciel's *Tease*. There is something here for every reader's taste, and the selections are roughly organized by genre and then publication date. For a broader picture of new books on the horizon, fill your to-be-read lists with the extensive preview of the publishing seasons that starts off Buzz Books. We love providing these exciting excerpts ahead of publication, and you can share this free ebook with friends and spread your enthusiasm for any of these selections online. Buzz Books can be downloaded for free from any major ebookstore, and we have included direct links to pre-order the full book after each excerpt.

Rituals of the Dark Moon Gail Wood, 2004 Rituals of the Dark Moon Everyone is familiar with the image of Witches performing rituals under a Full Moon. Mysterious but not frightening, the Dark Moon (the night before the New Moon) is lesser known but equally powerful. This guidebook reveals the hidden wisdom of the Dark Moon Path. It presents the thirteen Dark Moons of the year by the zodiac sign in which they fall, along with rituals designed to help you experience and learn from their energies. You'll explore the Dark Moon lessons of: • The Unseen in Aquarius • Risk in Leo • Time in Pisces • Silence in Virgo • Identity in Aries • Descent in Libra • The Body in Taurus • Intuition in Scorpio • Knowledge in Gemini • Creativity in Sagittarius • Emotion in Cancer • Power in Capricorn • The Dark in Arachne (a spirit sign) Deepen your understanding of the Moon as the Goddess as you experience the intuitive and deep healing powers of the Dark.

Price Action Trading Bill Eykyn,2003-01-09 Extract from the Preface: '1. What the book covers This book is about day trading. Using the price action itself, rather than any of the usual array of indicators based on it. The US 30-year Treasury Bond Futures is the favoured instrument - the T-Bonds, as they are commonly called. There are good reasons for choosing this instrument to learn to trade - one being that they do not require a detailed knowledge of bonds themselves. The other attractions, whether you are a beginner or a seasoned veteran, are to do with liquidity, range, behaviour, patterns and the price action displayed at the key support and resistance points it encounters. Most days the T-bonds offer trading opportunities which can be taken within a money management environment that can give you an edge for profit - and this book has been designed to show you how to do just that. Fully illustrated with charts taken from a live trading screen and displayed in exactly the way you would have seen them for yourself, on your computer monitor. What you see is not just what happened, in detail, but also clear evidence of just how you could have profited yourself from each trading situation. 2. Who the book is for This book has been written for anyone wishing to day trade, using a discretionary method, rather than a mechanical system. It is a learning tool which should commend itself to the experienced trader, as much as to someone new to this business. Certainly I hope that any raw recruit would find it an easy read, even if it took a while longer to digest the subject matter as a whole. 3. How the book is structured The seasoned trader will probably start by skip reading, to see if he can cut to the chase quickly. The less experienced will immediately see - from the detail of the charts alone - that there is a great deal of info

The Legend of the Goddess: Invoking Sri Suktam Om Swami,2024-05-20 "If there's only one sadhana you could do to invoke the Goddess of opulence, it would be the one of Sri Suktam," says the bestselling author Om Swami. Emerging from the sixteen sacred verses of the Rig Veda, Sri Suktam is one of the most ancient and powerful hymns in the world. Tracing our Vedic roots, this spectacular book is replete with the mystical origins of Vedic lore and other untold stories behind each verse of Sri Suktam. Written in the masterful, inimitable style of Om Swami, he continues to reveal the secrets of sadhana. Prepare to be captivated by The Legend of the Goddess, an illuminating journey through the sublime verses of Sri Suktam, offering a historical perspective and a grand roadmap for personal and material success. "This is my most devotional and important work thus far," says Om Swami. "Sadhana has blessed me with unlimited abundance. I pray the same for you." hiranya-varṇāṃ hariṇīm suvarṇa-rajata-srajām | candrām hiraṇ-mayīm lakṣmīm jātavedo ma āvaha || Immanent in all beings, I hum like the female bumble bee. As kundalini, I unfold myself with the brilliance of thousands of risen suns, fires and moons. On entering the last stage of (mantra) sound, I become the mother of all sounds, showering objects of enjoyment in the same way as a cow showers milk. Having praised me, addressing me as Hiranyavarna, the very wise Prajapati obtained

my grace and became the narrator of the yoga religion. Like a doe I flee farther and farther from the mind of the yogin. Yogins observing their vows bind me through their own devotion.

The Witches' Almanac, Standard Edition: Issue 39, Spring 2020 to Spring 2021 Theitic, 2019-12-04 Founded in 1971 by Elizabeth Pepper, the art director of Gourmet magazine for many years, The Witches' Almanac is a witty, literate, and sophisticated publication that appeals to general reads as well as hard-core Wiccans. At one level, it is a pop reference that will fascinate anyone interested in folklore, mythology and culture, but at another, it is the most sophisticated and wide-ranging annual guide available today for the mystic enthusiast. Modeled after the Old Farmers' Almanac, it includes information related to the annual Moon Calendar (weather forecasts and horoscopes), as well as legends, rituals, herbal secrets, mystic incantations, interviews and many a curious tale of good and evil. Although it is an annual publication, much of the content is both current and timeless - not specific to the date range of each issue. The theme of Issue 39 (Spring 2020 - Spring 2021) is Stones - the Foundation of Earth. Also included are articles on: Celestial Powers: Lightning Gods, Bolts from the Blue; Gargoyles; How to work with the Spirits of the Land; The Art of Embodying Godforms in Ritual; Holey Stones; Borges Beasts and much more.

Talking through Reading and Writing Daniel Rose, Christine Walsh, 2020-11-11 In this book you will read many examples of rich literacy conversations between a teacher and his 8th grade students that never would have occurred face to face in the classroom. These conversations take place online when 8th graders write to their teacher about the books they're interested in reading and choosing to read independently. Students write about what happens when they read or don't read, how they feel about reading, how they're connecting with characters and ideas, why they don't have enough time to read, and what their reading goals are. And their teacher writes back to them. Every week. After each conversation you will read some "meta-talk" that shines a light on what the conversation has taught us about this language learner and how this "data" is informing our beliefs and practices. Embedded within the chapters are suggested resources (articles, book recommendations, links, websites, blogs, etc.) you can follow should you want to read more in that chapter. What these students reveal about their own literacy development- their successes, their challenges, their lives- and how their teacher nudges them along socially, emotionally and academically, teach us the value and power of one practical, authentic literacy tool- the Reading Conversation Journal.

Books and Beyond Kenneth Womack, 2008-10-30 There's a strong interest in reading for pleasure or self-improvement in America, as shown by the popularity of Harry Potter, and book clubs, including Oprah Winfrey's. Although recent

government reports show a decline in recreational reading, the same reports show a strong correlation between interest in reading and academic achievement. This set provides a snapshot of the current state of popular American literature, including various types and genres. The volume presents alphabetically arranged entries on more than 70 diverse literary categories, such as cyberpunk, fantasy literature, flash fiction, GLBTQ literature, graphic novels, manga and anime, and zines. Each entry is written by an expert contributor and provides a definition of the genre, an overview of its history, a look at trends and themes, a discussion of how the literary form engages contemporary issues, a review of the genre's reception, a discussion of authors and works, and suggestions for further reading. Sidebars provide fascinating details, and the set closes with a selected, general bibliography. Reading in America for pleasure and knowledge continues to be popular, even while other media compete for attention. While students continue to read many of the standard classics, new genres have emerged. These have captured the attention of general readers and are also playing a critical role in the language arts classroom. This book maps the state of popular literature and reading in America today, including the growth of new genres, such as cyberpunk, zines, flash fiction, GLBTQ literature, and other topics. Each entry is written by an expert contributor and provides a definition of the genre, an overview of its history, a look at trends and themes, a discussion of how the literary form engages contemporary issues, a review of the genre's critical reception, a discussion of authors and works, and suggestions for further reading. Sidebars provide fascinating details, and the set closes with a selected, general bibliography. Students will find this book a valuable guide to what they're reading today and will appreciate its illumination of popular culture and contemporary social issues.

Cheese Factories on the Moon Scott A. Frisch, Sean Q. Kelly, 2015-12-03 It has become part of US political convention to attack 'earmarks' - legislative provisions that direct funds to specific projects - as wasteful and corrupt. In this provocative book Scott A. Frisch and Sean Q. Kelly argue that in fact earmarks are good for American democracy. Using extensive interviews with Washington insiders and detailed examples they illustrate how earmark projects that were pilloried in fact responded to the legitimate needs of local communities, needs that would otherwise have gone unmet. They also demonstrate that media coverage of earmarks tends to be superficial and overly-dramatic. *Cheese Factories on the Moon* is a much-needed challenge to a widespread but deeply flawed 'consensus' about what is wrong with US congressional spending.

Making Magick Edain McCoy, 1997 Through exercises designed to develop basic skills, *Making Magick* lays a firm foundation of elemental magickal wisdom. The first chapters begin with an introduction to magick and how it works. The last half of the book will take readers into the advanced magickal arts, which rely on highly honed skills of meditation, astral projection, visualization, and sustaining of creative energy. A complete course in natural magick.
