The Davidson Family of Rural Hill, North Carolina Jim Williams, Ann Williams, 2020-02-12 John Davidson came to the North Carolina back country circa 1751 as a young man, with his sister and widowed mother. Typical of Scots-Irish settlers, they arrived with little more than basic farming tools, determined to make it on their own terms. Davidson worked hard, prospered, married well and built a plantation on the Catawba River he called Rural Hill. The Davidson's were loyal British citizens who paid their taxes and participated in colonial government. When the Crown's overbearing authority interfered, independence became paramount and Davidson and his neighbors became soldiers in the Revolutionary War. After the war Davidson managed his plantation, created shad fisheries, helped develop the local iron industry with his sons-in-law and was an early planter of cotton. His sons and grandsons, along with their slave families, continuously increased and improved the acreage and became early practitioners of scientific farming. Drawing on public documents, family papers and slave records, this history describes how a fiercely independent family grew their lands and fortunes into a lasting legacy.

Sport and the Physical Emancipation of English Women Kathleen E. McCrone, 2024-11-01 First published in 1988. This study can be situated within the history of women, women's education, women's rights, sport, leisure and recreation. Its aim is not to establish or submit to review what is known or thought to be known about the Victorian world-view and woman's place within it, but rather to investigate reactions against this view and the emergence of a counter-view through sport and exercise. An attempt is made to rescue the English sportswoman from the obscuring mists of the past, to discuss her as a transitional figure between opposing views of womanhood and to place her within the context of the general movement for the emancipation of women as an important effect and cause — without necessarily assuming what women's status in sport and in society should have been.
