Смыслы, тексты и другие захватывающие сюжеты: Сборник статей в честь 80-летия Игоря Александровича Мельчука Сборник статей,2017-11-07 В октябре 2012 года Игорю Александровичу Мельчуку, выдающемуся российскому лингвисту, автору известной модели языка «Смысл—Текст», исполняется 80 лет. В настоящем томе собраны статьи коллег, учеников и близких друзей юбиляра, посвященные этому событию и призванные воздать должное его научным достижениям, которыми была отмечена его творческая деятельность в лингвистике на протяжение более чем пятидесяти лет, основной материал тома составляют научные статьи, по тематике относящиеся к различным разделам лингвистики – от семантики до морфологии.

Общая лексикология Павел Дронов,2017-12-14 Данная книга посвящена возникновению, образованию и значению слова. Как правило, подобные работы опираются на материал какого-либо одного языка, т. е. речь идет о проблемах частной лексикологии. В данном случае лексикологические проблемы рассматриваются на примерах из различных индоевропейских и неиндоевропейских (финно-угорских, тюркских, монгольских и др.) языков. Книга вооружает студента теоретической информацией (причем так, что он получает возможность в дальнейшем более внимательно изучить труды лексикологов и языковедов широкого профиля, их взгляды на природу слова, на предмет лексикологии, на ее место в системе других лингвистических дисциплин, функциональные модификации слова в тексте и т. д.).Кроме теоретической информации, книга содержит тщательно подобранные автором тексты-задания, призванные целенаправленно активизировать творческую инициативу адресата, его языковую интуицию, способность к лингвистическому экспериментированию, к адекватной оценке языковой реальности и – главное – привлечь внимание к фундаментальным универсалиям естественного языка в целом.«Общая лексикология» послужит полезным справочником не только будущим филологам, но и студентам-философам, экономистам, юристам, широкому кругу специалистов гуманитарного профиля в целом.Книга найдет заинтересованного читателя и среди тех негуманитариев, для кого «стилистика», «риторика», «фразеология» – не только абстрактные лингвистические понятия, но реальная языковая материя, которая позволяет совершенствовать речевую культуру индивида.

Garner's Modern English Usage Bryan Garner,2016-03-11 With more than a thousand new entries and more than 2,300 word-frequency ratios, the magisterial fourth edition of this book-now renamed Garner's Modern English Usage (GMEU)-reflects usage lexicography at its finest. Garner explains the nuances of grammar and vocabulary with thoroughness, finesse, and wit. He discourages whatever is slovenly, pretentious, or pedantic. GMEU is the liveliest and most compulsively readable reference work for writers of our time. It delights while providing instruction on skillful, persuasive, and vivid writing. Garner liberates English from two extremes: both from the hidebound purists who mistakenly believe that split infinitives and sentence-ending prepositions are malfeasances and from the linguistic relativists who believe that whatever people say or write must necessarily be accepted. The judgments here are backed up not just by a lifetime of study but also by an empirical grounding in the largest linguistic corpus ever available. In this fourth edition, Garner has made extensive use of corpus linguistics to include ratios of standard terms as compared against variants in modern print sources. No other resource provides as comprehensive, reliable, and empirical a guide to current English usage. For all concerned with writing and editing, GMEU will prove invaluable as a desk reference. Garner illustrates with actual examples, cited with chapter and verse, all the linguistic blunders that modern writers and speakers are prone to, whether in word choice, syntax, phrasing, punctuation, or pronunciation. No matter how knowledgeable you may already be, you're sure to learn from every single page of this book.

Garner's Modern American Usage Bryan A. Garner,2003 Painstakingly researched with copious citations from books, newspapers, and news magazines, this new edition has become the classic reference work praised by professional copy editors.

Macedonian Review ,1973 History, culture, literature, arts.

Garner's Modern American Usage Bryan Garner,2009-07-28 Since first appearing in 1998, Garner's Modern American Usage has established itself as the preeminent guide to the effective use of the English language. Brimming with witty, erudite essays on troublesome words and phrases, GMAU authoritatively shows how to avoid the countless pitfalls that await unwary writers and speakers whether the issues relate to grammar, punctuation, word choice, or pronunciation. An exciting new feature of this third edition is Garner's Language-Change Index, which registers where each disputed usage in modern English falls on a five-stage continuum from nonacceptability (to the language community as a whole) to acceptability, giving the book a consistent standard throughout. GMAU is the first usage guide ever to incorporate such a language-change index. The judgments are based both on Garner's own original research in linguistic corpora and on his analysis of hundreds of earlier studies. Another first in this edition is the panel of critical readers: 120-plus commentators who have helped Garner reassess and update the text, so that every page has been improved. Bryan A. Garner is a writer, grammarian, lexicographer, teacher, and lawyer. He has written professionally about English usage for more than 28 years, and his work has achieved widespread renown. David Foster Wallace proclaimed that Bryan Garner is a genius and William Safire called the book excellent. In fact, due to the strength of his work on GMAU, Garner was the grammarian asked to write the grammar-and-usage chapter for the venerable Chicago Manual of Style. His advice on language matters is second to none.

Garner's Modern English Usage Bryan A. Garner,2022 Garner's Modern English Usage is one of the most influential style guides ever written for the English language. With more than a thousand new entries, 200 replacement entries, and thoroughly updated usage data, this fifth edition is fully abreast of the times and further establishes the author as the authority on effective writing.
