Sameness in Diversity Laresh Jayasanker,2020-04-14 Americans of the 1960s would have trouble navigating the grocery aisles and restaurant menus of today. Once-exotic ingredients—like mangoes, hot sauces, kale, kimchi, and coconut milk—have become standard in the contemporary American diet. Laresh Jayasanker explains how food choices have expanded since the 1960s: immigrants have created demand for produce and other foods from their homelands; grocers and food processors have sought to market new foods; and transportation improvements have enabled food companies to bring those foods from afar. Yet, even as choices within stores have exploded, supermarket chains have consolidated. Throughout the food industry, fewer companies manage production and distribution, controlling what American consumers can access. Mining a wealth of menus, cookbooks, trade publications, interviews, and company records, Jayasanker explores Americans' changing eating habits to shed light on the impact of immigration and globalization on American culture.

Exploring Indian Modernities Leïla Choukroune, Parul Bhandari, 2018-06-04 This book analyses how multiple and hybrid 'modernities' have been shaped in colonial and postcolonial India from the lens of sociology and anthropology, literature, media and cultural studies, law and political economy. It discusses the ideas that shaped these modernities as well as the lived experience and practice of these modernities. The two broad foci in this book are: (a) The dynamism of modern institutions in India, delineating the specific ways in which ideas of modernity have come to define these institutions and how institutional innovations have shaped modernities; and (b) perspectives on everyday practices of modernities and the cultural constituents of being modern. Taste Makers: Seven Immigrant Women Who Revolutionized Food in America Mayukh Sen, 2021-11-16 An NPR Best Book of the Year A New York Times Editors' Choice pick Wall Street Journal's Who Read What: Favorite Books of 2021 Longlisted for the 2022 Brooklyn Public Library Book Prize Observer Food Monthly's 50 Things We Love in the World of Food Right Now Named a best book for the holidays by Wall Street Journal, Vogue, Oprah's O Quarterly, Globe & Mail, and the Food Network Named a best food book of 2021 by the Los Angeles Times, KCRW, WBUR's Here & Now One of The Millions' Most Anticipated Books of 2021 America's modern culinary history told through the lives of seven pathbreaking chefs and food writers. Who's really behind America's appetite for foods from around the globe? This group biography from an electric new voice in food writing honors seven extraordinary women, all immigrants, who left an indelible mark on the way Americans eat today. Taste Makers stretches from World War II to the present, with absorbing and deeply researched portraits of figures including Mexican-born Elena Zelayeta, a blind chef; Marcella Hazan, the deity of Italian cuisine; and Norma Shirley, a champion of Jamaican dishes. In imaginative, lively prose, Mayukh Sen—a queer, brown child of

immigrants—reconstructs the lives of these women in vivid and empathetic detail, daring to ask why some were famous in their own time, but not in ours, and why others shine brightly even today. Weaving together histories of food, immigration, and gender, Taste Makers will challenge the way readers look at what's on their plate—and the women whose labor, overlooked for so long, makes those meals possible.

Encyclopedia of American Food and Drink John F. Mariani, 2014-02-04 First published in 1983, John Mariani's Encyclopedia of American Food and Drink has long been the go-to book on all things culinary. Last updated in the late 1990s, it is now back in a handsome, fully illustrated revised and expanded edition that catches readers up on more than a decade of culinary evolution and innovation: from the rise of the Food Network to the local food craze; from the DIY movement, with sausage stuffers, hard cider brewers, and pickle makers on every Brooklyn or Portland street corner; to the food truck culture that proliferates in cities across the country. Whether high or low food culture, there's no question American food has changed radically in the last fourteen years, just as the market for it has expanded exponentially. In addition to updates on food trends and other changes to American gastronomy since 1999, for the first time the Encyclopedia of American Food and Drink will include biographical entries, both historical and contemporary, from Fanny Farmer and Julia Child to the Galloping Gourmet and James Beard to current high-profile players Mario Batali and Danny Meyer, among more than one hundred others. And no gastronomic encyclopedia would be complete without recipes. Mariani has included five hundred classics, from Hard Sauce to Scrapple, Baked Alaska to Blondies. An American Larousse Gastronomique, John Mariani's completely up-to-date encyclopedia will be a welcome acquisition for a new generation of food lovers.
