Niamh Cullen

The New Biographical Dictionary of Film David Thomson, 2010 Thomson (independent scholar), writing of The Biographical Dictionary of Film (aka A Biographical Dictionary of the Cinema, 1975 edition), described it as a personal, opinionated, and obsessive biographical dictionary of the cinema. Thirty-five years and several editions later, that description still holds true of this expanded work. The new dictionary summarizes salient facts about its subjects' lives and discusses their film credits in terms of the quality of the filmmakers' work. In ambition it has competitors, including Leslie Halliwell's various editions of Halliwell's Filmgoers Companion (12th ed., 1997) and Halliwell's Who's Who in the Movies, edited by John Walker (4th ed., rev. and updated, 2006), which cover films and technical terms (categories not included in Thomson's), but whose entries are neutral and exceedingly brief. Additionally, Francophile Richard Roud's edited Cinema: A Critical Dictionary: The Major Filmmakers (2 v., 1980) is as passionate a work as Thomson's, but narrower in scope, with entries written by various experts, rather than only by Roud. Finally, the multivolume magnum opus The International Dictionary of Films and Filmmakers (4th ed., 2000, ed. by T. Pendergast and S. Pendergast; 2nd ed., ed. by N. Thomas, v. 1, CH, May'91; 1st ed., ed. by C. Lyon, v.1-2, CH, Jan'85, v.3, CH, Apr'87, v.4-5, CH, Jun'88) covers everything--films, directors, actors, writers, and production artists--with generous, measured, scholarly entries and lavish illustrations. However, it looms large and heavy, unlike the handy one-volume work by Thomson. Arguably, Thomson's work, for its scope, is the most fun, the most convenient, and the most engaging title. All libraries supporting people interested in film should buy it. It will get lots of use and provide very good value for the money. Summing Up: Highly recommended. Lower-level undergraduates and above; general readers. General Readers; Lower-division Undergraduates; Upper-division Undergraduates; Graduate Students; Researchers/Faculty; Professionals/Practitioners. Reviewed by C. Hendershott.

Love, Honour, and Jealousy Niamh Cullen, 2019 As the economic miracle of the 1950s and 1960s transformed Italy from a poor and largely rural nation into a prosperous, modern one, attitudes to love changed too. This book draws on unpublished personal testimonies of ordinary men and women, exploring their thoughts on courtship, marriage, honour, forced marriage, jealousy, and marriage breakdown.

Encyclopedia of Italian Literary Studies Gaetana Marrone, Paolo Puppa, 2006-12-26 The Encyclopedia of Italian Literary Studies is a two-volume reference book containing some 600 entries on all aspects of Italian literary culture. It includes analytical essays on authors and works, from the most important figures of Italian literature to little known authors and works that are influential to the field. The Encyclopedia is distinguished by substantial articles on critics, themes, genres, schools, historical surveys, and other topics related to the overall subject of Italian literary studies. The Encyclopedia also includes writers and subjects of contemporary interest, such as those relating to journalism, film, media, children's literature, food and vernacular literatures. Entries consist of an essay on the topic and a bibliographic portion listing works for further reading, and, in the case of entries on individuals, a brief biographical paragraph and list of works by the person. It will be useful to people without specialized knowledge of Italian literature as well as to scholars.

A Chronology of the Cinema Volume 1 From the pioneers to 1960 Mirko Riazzoli, 2017-09-19 This Chronology of the Cinema, of which we propose here the first volume, aims to retrace the history of the seventh art in the different countries of the world by chronicling year by year its main events and developments, starting from the birthdates of the pioneers and inventors who preceded the Lumière brothers to reach until the year 2015, with the goal to offer the readers a global perspective on its birth, evolution and diffusion over time. This first volume covers the period going from 1830 to 1960. The information presented for each year is divided into thematic sections. The first one, titled Personalities, reports the births and the deaths of the most important persons (directors, art directors, producers, actors, costume designers, cinematographers, theoreticians, critics, etc.) in the history of the cinema, together with the positions they covered in their careers. Across its three volumes, this Chronology offers information on more than 3000 persons. The second section, titled Movies, lists the most relevant movies made during the year reporting for each of them the essential details like: director, English title and original title, genre, producing country, technology (film and sound), scriptwriter, editor, cinematographer, production designer/art director, producer, composer, costume designer, make-up artist, special effect artist and actors. Across its three volumes, this Chronology offers information on more than 3000 films. The third section, titled Events, reports

the main events in the history of cinema as: the first screenings and the first movies made in the different countries, the inventions and technologies that affected and innovated this art, the creation of production companies, movie archives and other institutions (cinema schools, censorship offices, festivals), and the publication of the most important theoretical essays, cinema magazines and artistic manifestos. The fourth section, titled Film Awards, reports for each year the winners of various important awards, divided by categories, at national and international festivals and events in the different continents to offer a more articulated point of view on the seventh art across the world. Among the awards and festivals here considered are: Golden Globe, Academy Awards, Venice Film Festival, Cannes Festival, BAFTA, Berlin Film Festival, Moscow Film Festival, Ouagadougou International Film Festival, Tokyo International Film Festival and the Mar de la Plata Festival.

Sicily on Screen Giovanna Summerfield, 2020-03-27 With its physical beauty and kaleidoscopic cultural background, Sicily has long been a source of inspiration for filmmakers. Twelve new essays by international scholars--and additional writings from directors Roberta Torre, Giovanna Taviani, and Costanza Quatriglio--seek to offset the near-absence of scholarship focusing on the relationship between the Mediterranean island and cinema. Touching on class relations, immigration, gender and poverty, the essays examine how Sicily is depicted in fiction, satire and documentaries. Situated between North and South, East and West, innovation and tradition, authenticity and displacement, Sicily acts as a microcosm of the world, a place to explore numerous narratives and develop intercultural dialogue. It is also the center of cinematographic discussions and events such as the Taormina Film Festival and the SalinaDocFest. The volume presents Sicily almost as a character and creator in its own right.

Beyond the Latin Lover Jacqueline Reich, 2004-03-19 Marcello Mastroianni is considered by many to be the consummate symbol of Italian masculinity. In this work, Jacqueline Reich goes behind the popular image to reveal a figure at odds with and out of place in the unstable political, social and sexual climate of post-war Italy.

Screen Priests Peter Malone, 2019-08-19 There is never a shortage of priest characters on our screens. Even Spencer Tracy, Bing Crosby and Barry Fitzgerald won Oscars for playing priests. Robert de Niro has been ordained four times (including a bishop). Many stars have been eager to play priests, as have numerous supporting actors. The question arises: how have been priests portrayed over the decades? There have been kindly priests with their advice, stern priests who laid down the law, heroic priests on mission, in more recent years, priests who have been abusers. And there have been priests who were part of the scenery, especially at funerals. This is something of a comprehensive look at priests on screen, looking at portrayals from the late 19th century, over the decades, for 120 years. The films considered are mainly English-language but quite there are a number from other cultures. The book offers some Church background and developments, the range of films, a highlighting of a key film representing each decade. It also has separate chapters on Irish priests, Australian priests, exorcism priests and a chapter on films and abuse. There also Appendices on historical films, saint priests and popes. While one could read the book from cover to cover, it is mainly a book for reference. There are some detailed appreciations. There are some shorter considerations. Not everyone can see every film, not for want of trying! There are Indexes for exploring: film titles, directors, and actors who have played priests. *Screen Priests* is a fascinating historical look at films about Roman Catholic priests from the first until Martin Scorsese's 2016 religious and cinematic masterpiece *Silence*. With the scope spanning decades and the breadth embracing films mostly from the United States, Britain, Ireland, Canada and Australia, the researcher will find a treasure trove and the film aficionado will relish Peter Malones encyclopedia knowledge and sometimes trivia of the world of priests on the silver screen.

A History of Italian Cinema Peter Bondanella, Federico Pacchioni, 2017-10-19 *A History of Italian Cinema*, 2nd edition is the much anticipated update from the author of the bestselling *Italian Cinema* - which has been published in four landmark editions and will celebrate its 35th anniversary in 2018. Building upon decades of research, Peter Bondanella and Federico Pacchioni reorganize the current History in order to keep the book fresh and responsive not only to the actual films being created in Italy in the twenty-first century but also to the rapidly changing priorities of Italian film studies and film scholars.

The new edition brings the definitive history of the subject, from the birth of cinema to the present day, up to date with a revised filmography as well as more focused attention on the melodrama, the crime film, and the historical drama. Proibito! Roberto Curti, 2023-09-20 From its birth in 1913 to its abolition in 2021, film censorship marked the history of Italian cinema, and its evolution mirrored the social, political, and cultural travail of the country. During the Fascist regime and in the postwar period, censorship was a powerful political tool in the hands of the ruling party; many films were banned or severely cut. By the end of the 1960s, censors had to cope with the changing morals and the widespread diffusion of sexuality in popular culture, which led to the boom of hardcore pornography. With the crisis of the national industry and the growing influence of television, censorship gradually changed its focus and targets. The book analyzes Italian film censorship from its early days to the present, discussing the most controversial cases and protagonists. These include such notorious works as *Last Tango in Paris* and *Salo, or the 120 Days of Sodom*, and groundbreaking filmmakers such as Luchino Visconti, Federico Fellini and Pier Paolo Pasolini, who pushed the limits of what was acceptable on screen, causing scandal and public debate.
