Awaken Your Authentic Self Tony Fakhry, 2017-03-17 Complete acceptance of our identity is central to our way of life, given every interaction emerges from our authentic self. The Dalai Lama said it puzzled him why so many people in the West suffer from low self-esteem and lack of acceptance. Our personal needs are met when we honor our authentic self. The media's influence portrays a fictitious world that doesn't meet our needs. We are inundated with information to convince us of a news story we can't live without. Yet, we are no better off because we avoid realizing our own authenticity. 'Awaken Your Authentic Self' is a book to reconnect you with the core of your essential self. It is a move away from whom you should be espoused by popular culture. The book invites you to reconnect with the deepest part of your being which knows who you are and how you should live. We are encoded with the DNA to thrive. Yet, through cultural conditioning and paradigms, we lose our place to the pull of our external environment. We subscribe to ideologies and beliefs regarding who we should be because we want to be accepted. This comes at a cost to our self-worth since we give up an aspect of ourselves and lose our authenticity. However, standing out has become a rite of passage insofar as the clothes one wears, hair color, body piercings and decorations. It may be viewed as a show of defiance instead of a proclamation of distinction. You have more power than you realize. More genius than you can imagine. More wisdom and knowledge than you can ever access. This is not a patronizing statement to seduce you into a false belief. You have unlimited power, and accessing that power is the basis to 'Awaken Your Authentic Self.' When you let go of the false belief that you are lacking or inadequate, in that moment you arouse your potential. Who you are today results from your beliefs, thoughts, and ideas of the world. Unless you challenge the status quo, you remain one of the masses. One has only look to mainstream culture to see the effects the media and marketing hype have on our society. We are drawn into a fictitious way of life at the expense of our sanity and earned dollars.

Daily Reflections from Dr. David R. Hawkins David R. Hawkins, MD/PHD, 2022-08-30 A collection of 365 insightful quotes from best-selling author and consciousness researcher Dr. David R. Hawkins to guide readers on the path to enlightenment. This collection of inspiring quotes from world-renowned consciousness researcher and mystic Dr. David R. Hawkins can help readers elevate their level of consciousness. In doing so, they will explore ways to understand truth, raise their awareness, and find enlightenment and infinite peace. Readers will engage with some of Dr. Hawkins's most profound insights from his

classic works, such as: To best serve the world, seek enlightenment and transcend illusions rather than contribute to them. Success comes about automatically from knowing where to look. Not what to look for, but where to look. We do not look at what we have, nor at what we do, but at what we are. Once we find within ourselves what we've been searching for, we won't have to bother looking out there. We can't own that which is great within ourselves unless we learn to recognize it in others. Peace comes with total inner surrender to what is. By continuously letting go, it is possible to stay in that state of freedom. Feelings come and go, and eventually you realize that you are not your feelings, but that the real you is merely witnessing them.
