

Manuel De Magie Pratique Jules Boucher

M Mosston

Manuel de magie pratique Jules Boucher, 1941 Jules Boucher (1902-1957) a fort peu publié de livres pendant sa courte carrière d'ésotériste. Cependant, son nom est resté gravé dans les mémoires à la suite du grand succès que connut son œuvre principale La Symbolique Maçonnique qui ne cessa d'être rééditée depuis sa première parution en 1948. Au-delà de son intérêt pour la Franc-Maçonnerie et les sociétés secrètes (voir ses articles dans la revue Le Symbolisme), il manifesta très tôt une réelle compétence dans le domaine de l'Alchimie, auquel il consacra une longue suite d'articles très bien documentés dans les revues de M. Choisy : Votre bonheur puis Consolation et ce dès 1935. Ne fut-il pas quelques années auparavant l'un des disciples de Fulcanelli, comme l'atteste, entre autres témoignages, la dédicace du présent volume (voir aussi son article La Croix d'Hendaye - Consolation, 1936). Enfin, son appartenance à divers cercles de chercheurs passionnés d'études dans les domaines de la Pensée Magique, alliée à une solide exigence de documentation rigoureusement contrôlée, font du Manuel de Magie pratique de J.B., un livre rare et recherché depuis de nombreuses années, l'un des textes de référence du corpus magique.

Manuel de magie pratique Jules Boucher, 1941

Julien Champagne - Apôtre de la Science Hermétique Jean ARTERO, 2014-09-08 Surtout connu comme illustrateur du "Mystère des Cathédrales" et des "Demeures philosophales" de Fulcanelli qui est en France comme à l'étranger considéré comme une des grandes figures de l'alchimie contemporaine, Julien Champagne (1877-1932) n'a fait jusqu'à présent l'objet d'aucune étude exhaustive publiée. Jean Artero a choisi de lui dédier cette fois une véritable monographie, qui est le fruit de plusieurs années de recherche, aussi bien auprès de la famille de l'artiste, qu'auprès de collectionneurs et d'experts du domaine. Au terme de ce patient travail d'analyse, il nous propose aujourd'hui une synthèse vivante sur Julien Champagne, qui s'avère de nature à renouveler entièrement notre vision de ce peintre et dessinateur, dont non seulement le rôle dans l'élaboration de l'opus fulcanellien a été largement mésestimé, mais qui, de plus, se révèle à nous comme un autre alchimiste de premier plan. Auteur, au début du XXe siècle, de plusieurs traités alchimiques de valeur, comme « La Vie Minérale » (1908) et « Le procédé Yardley » (1913), Julien Champagne pourra ainsi être désormais reconnu pour ce qu'il est vraiment, suivant son expression même : un authentique Apôtre de la Science Hermétique.

L'égrégore, quatrième dimension de la franc-maçonnerie ? Boris Nicaise, 2023-04-11 Qu'est ce fameux égrégore dont on

entend souvent parler en franc-maçonnerie mais nulle part ailleurs ? Après avoir analysé les sources et les origines du mot et du concept, l'auteur en décrit le vécu maçonnique avant d'amorcer une tentative d'explication scientifique, ce qui est une première ! À chacun d'en tirer ses conclusions maçonniques.

Les hommes de désir - Entretiens sur le martinisme Serge Caillet, Xavier Cuvelier-Roy, 2012-10-09 Qu'est-ce que le martinisme ? Qui étaient Martines de Pasqually, Louis-Claude de Saint-Martin (le Philosophe inconnu) et Jean-Baptiste Willermoz ? Quel fut leur enseignement et quelles étaient leurs écoles ? Qui sont leurs héritiers ? Qu'est-ce que l'Ordre martiniste fondé par Gérard Encausse (Papus) à la Belle époque et quelles sont les sociétés initiatiques qui peuvent, aujourd'hui, se réclamer du martinisme ? En se prêtant au jeu des questions pertinentes de Xavier Cuvelier-Roy, au cours de six entretiens informels, Serge Caillet ouvre un à un les grands dossiers du martinisme : le siècle des Lumières, la Belle époque de l'occultisme, les épigones de Papus, la clandestinité et l'après-guerre, les années 1960-1980, le martinisme à l'ère du Verseau. Chemin faisant, ils abordent aussi bien des thèmes connexes au martinisme et nous invitent à rencontrer ces « hommes de désir », qui ont fait l'histoire du martinisme depuis le XVIIIème siècle. Dans la seconde partie, les « annales martinistes des origines à nos jours » recensent les événements clefs de l'histoire du martinisme. Serge Caillet étudie depuis 30 ans l'histoire de l'occultisme et des sociétés initiatiques. Dans le sillage de Robert Amadou, il a publié une dizaine d'ouvrages, dont "Les Sept sceaux des élus coëns" et a fondé en 1990 l'Institut Eléazar, où il dispense des cours consacrés à l'étude de la doctrine de Martines de Pasqually et de Louis-Claude de Saint-Martin. Romancier, poète, chroniqueur, Xavier Cuvelier-Roy a taillé sa pierre dans les plus nobles traditions du rosicrucianisme, du martinisme et de la franc-maçonnerie.

Les sociétés secrètes et les sectes Jean-Pierre Bayard, 1997 Dans une enquête objective et dégagée de tous conformismes, Jean-Pierre Bayard, spécialiste du monde ésotérique et légendaire, donne les informations nécessaires sur les sectes et les sociétés secrètes d'aujourd'hui.

Les Runes Julie Conton, 2012-12-18 Ouvrage de référence, ce livre est accessible au néophyte comme au runiste confirmé. Le symbolisme des 24 runes du futhark germanique y est présenté de manière claire et approfondie. Ces lettres sacrées nous font pénétrer au coeur de la pensée nordique ancienne, nous transportent à travers une mythologie nimbée de magie et de chants elfiques, peuplée de dragons, de nains et de géants... Les runes, dont l'étymologie évoque le mystère et le secret chuchoté, sont les signes de l'ancienne écriture des peuples germano-scandinaves. Au-delà de leur usage pour transcrire mots et phrases, les différents futharks ou « alphabets » runiques étaient utilisés en magie et en divination afin d'entrer en communication avec les énergies célestes et d'accéder aux rouages du Destin, aux mystères du Wyrð. Au fil des pages, chaque rune est mise en relation avec les sources, les textes mythologiques nordiques, mais aussi confrontée avec le symbolisme astrologique, les vingt-deux arcanes majeurs du Tarot et les éléments naturels : végétaux, animaux et minéraux. Les liens méconnus entre les runes et l'Ogham celtique, l'alphabet sacerdotal des arbres utilisé par les druides celtiques, sont

aussi abordés de manière inédite. Ce livre s'ouvre ainsi à la mythologie et au symbolisme comparés, approche qui permet de tisser des liens entre différentes traditions. Vectrices d'énergies sacrées, les runes représentent une voie privilégiée pour appréhender tout un héritage spirituel, celui de la tradition chamanique du Nord de l'Europe. Elles nous transmettent une sagesse qu'il nous incombe de ressusciter et de réactualiser aujourd'hui. Un ouvrage pour tous les passionnés de runes, de mythologie et de symbolisme.
