Radicals, Resistance, and Revenge Judge Jeanine Pirro,2019-08-27 Picking up where her #1 New York Times bestseller, *Liars, Leakers, and Liberals* left off, Judge Jeanine Pirro exposes the latest chapter in the unfolding liberal attack on our most basic values. Donald Trump's presidency has been under siege by the Left and their Deep State fellow travelers who concocted an outrageous case of conspiracy with Russia to keep him from doing what he was elected to do: secure America's borders, revive its economy, drain the Washington DC swamp, and restore our constitutional republic. Overturning presidential elections, nationalizing private industries like healthcare and education, destroying America's borders, erasing its national identity, and effectively silencing conservative voices in the cybersphere and public square are a few examples of the lengths to which the far-left progressives and socialists will go to destroy the America we love. *Radicals, Resistance, and Revenge* features Judge Jeanine's keen analysis of explosive information about the anti-Trump conspirators, their corrupt

methods and possible crimes, and the Left's subversive plot against the foundation of American liberty. Judge Jeanine is sounding the alarm and calling out those who despise our most cherished ideals and institutions to warn patriotic Americans before it's too late.

Roguish Guy Fenton is long, lean, and impossible to resist and has all the ladies in town swooning. But this rugged Texan refuses to be tamed by any woman, let alone a prickly publicist who gets on his last nerve. But beautiful brunette Candy Marshall isn't your average Jane—she's able to look past Guy's bad boy reputation. In the process, she might just bring the sexy rancher to his knees ...

American Underdog David Brat,2016-06-28 From David Brat, the college professor who made political headlines when he unseated Majority Leader Eric Cantor, comes his plan for restoring fiscal liberty for America. Congressman David Brat's odds-defying win against Eric Cantor -- a triumph of a modest \$200,000 campaign fund against a \$5 million war chest -- immediately brought David Brat, heretofore a liberal arts college economics professor, into the political limelight. Now, in his first book, *American Underdog*, Brat examines how we brought down the status quo by tapping into moral and economic lessons as old as our civilization and discusses how Washington can learn from history instead of ignoring it. A fighter for children, he illuminates how our current fiscal policies are selling their future, and outlines new ways to move forward with a conservative agenda that provides fairer treatment for all.
