Tourism in India and India's Economic Development Kartik Chandra Roy, 1998 Just as the environment needs to be sustained to encourage ecotourism, other types of tourism must also be thought of in terms of sustainability. With issues generalizable to other developing countries, 17 papers by contributors primarily from India and Australia analyze the importance of tourism in India's economic development and measures taken to ensure sustainable growth of this industry. Specialists narratively and graphically detail aspects of India's tourism such as trends in number and satisfaction ratings of tourists, national policies, environmental issues, employment generation, regional tourism, eco-friendly and national park tourism. Theoretical Advancement in Social Impacts Assessment of Tourism Research Kyle Maurice Woosnam, Manuel Aleator Ribeiro, 2023-12-01 This book provides the reader with a fresh perspective on the use of theory in the body of research centred on social impacts of tourism. Theory is advanced in three primary forms within this volume. Some apply novel frameworks (e.g., theory of interaction ritual; degrowth paradigm; and mere exposure theory) to contexts involving destination residents. Others consider various uniquely complemented theoretical frameworks (e.g., social exchange theory and affect theory of exchange; Weber's theory of rationality and Foucauldian constructs; and emotional solidarity and cognitive appraisal theory). Still others develop theoretical frameworks (e.g., influence of presumed influence model, elaboration likelihood model, and social exchange theory; tourist-resident social contact; quality of life; and socio-ecological systems theory and chaos theory) for others to potentially consider and test. The chapters in this edited volume contribute to the evolving advancement of theoretical applications within the research area of social impacts of tourism. This book will be of great interest to all upper-level students and researchers in tourism, planning and related fields. The chapters in this volume were originally published as a special issue of Journal of Sustainable Tourism.
