The aim of this book is quite simple-to show you how practical magic and mind power techniques can interact directly with the material world! Use affirmations, words of power, and more to transform your life.

The Greene Book of Black Knowledge Will EL M. STJ Heron,2022-05-04 What stake do we as Foundational Black Americans really have to claim in the history of this country, this continent, and the world, if any? When you think of Foundational Black Americans (formerly misnomered as African Americans/Negroes/Coloreds/Black) what thought comes to mind and what accomplishments are we known for? Were we slaves brought to this country by force, low-class citizens of a foreign nation with no home to call their own? Or is there more to the story, so much more that even the mere mention of our accolades would discredit the history of the masses? What if I were to tell you that our history in this country, from the perspective that everything we have been taught, is but a half truth? Who built the buildings, roads, and monuments in this country? Where did those people come from and where did they go? Where did the many science, technology and artforms of the country and the world develop? What is the hidden history behind what we are taught, but most importantly why is this knowledge kept from us? This book will capture some of the lesser known accomplishments and esoteric information that has been passed down “word of mouth” by some and systematically discredited by others. Fortunately, true knowledge can neither cease nor desist and this text will show what you can do to utilize that information today. It is time that we take our own history by the rungs away from those who would paint an inaccurate picture of our past. This will allow us to re-introduce ourselves, not for exposure and clout, but for self-vindication and reasonable doubt.

Super Mind, Super Body Jaime T. Licauco,Cory Quirino,2017-10-12 Ancient wisdom originally believed that the body, mind, and spirit were interconnected. Today, more than ever, modern medical experts consider this ancient wisdom as a

gospel. A new era of consciousness is slowly but surely emerging. Long-time friends Jimmy Licauco and Cory Quirino combined their individual expertise into one concise book that may very well become the ultimate guide for living well and looking good.

Esoteric Magic and the Cabala Phillip Cooper, 2002-11-15 A manual for developing inner-guidance and concentration through meditations and rituals for the practice of high magic. The study of magic is divided into two distinct disciplines: practical and esoteric. Practical magic uses the power of the mind to attain physical results such as more money, a bigger house, better health. Esoteric magic, the subject of Phillip Cooper's new book, focuses on the quest for greater understanding and mental discipline. Its aims are the discovery of inner truths and the understanding of the workings of creation. In his typical no-nonsense manner, Cooper conveys the principles of esoteric magic and offers a positive, realistic means of studying and understanding magic on a deeply personal level. *Esoteric Magic and the Cabala* helps readers train their minds, their emotions, and their imaginations to more fully understand reality. *Esoteric Magic and the Cabala* is both positive and realistic. It helps readers learn to use the Tree of Life as a means of classifying knowledge, of observing an interrelated whole, a method that provides the tools for endless self-discovery. It offers a complete, workable plan of study that novices will find easy to understand and advanced practitioners will find refreshing and stimulating after the usual confusing and dogmatic magic texts.
