Curt Hersey, Julie D. O'Reilly

We're All Mad Here Shayna Krishnasamy, 2021-06-29 The next beautifully unsettling novel in Shayna Krishnasamy's haunting *The Violent and Dead* series... It's been three years since the horrifying events at Claymore Manor school, and Anna Maron has moved on with her life. She attends university in Toronto and spends most of her time alone, avoiding the shadows. She's resolved to let sleeping ghosts lie. Only some ghosts won't sleep. Now her troubled cousin Lucia—newly released from a psych ward—has gone missing, and Anna is the only one who can find her. But to do so, Anna must let herself be drawn into the darkness of Lucia's life, and face the damage the "gift" they share has done—a journey that lies somewhere between horror and madness. In this beautifully chilling second book of her contemporary gothic series, author Shayna Krishnasamy draws us back into the haunting world of two young women bound by blood and driven to the very edges of this world... and the one beyond. Praise for *Come When I Call You* "A disturbing story of obsession and jealousy"—For the Love of Books "...so good you can't stop reading it"—The Overstuffed Bookshelf "Krishnasamy's writing will draw you in as the characters come vividly to life, making it nearly impossible to put this book down"—DarkestWingsReads

We're All Mad Here Claire Eastham, 2016-11-21 Selected for Reading Well for Mental Health: endorsed by health experts, charities and people with lived experience of managing mental health conditions. Anxiety is a crafty shapeshifter that can take on many forms: the tiger that sinks its claws in with physical symptoms and distressing thoughts, the cruel and belittling bully creating insecurity and self-doubt and, worst of all, the frenemy rewarding avoidance of social situations with no physical symptoms, no cruel thoughts... and no life beyond your sofa! This no-nonsense guide to beating social anxiety covers everything from surviving university and the workplace, through to social media and making it through parties and dates (whilst actually enjoying them!) With honest insights about her own social anxiety and a healthy dose of humour, award-winning blogger Claire Eastham describes what social anxiety is, why it happens, and how you can lessen its effects with lifestyle choices, talking therapies or even a hug from your favourite canine friend!

[The Natural History of Make-believe](#) John Goldthwaite, 1996 The Man in the Moon has dropped down to earth for a visit. Over the hedge, a rabbit in trousers is having a pipe with his evening paper. Elsewhere, Alice is passing through a looking glass, Dorothy riding a tornado to Oz, and Jack climbing a beanstalk to heaven. To enter the world of children's literature is to journey to a realm where the miraculous and the mundane exist side by side, a world that is at once recognizable and real-

-and enchanted. Many books have probed the myths and meanings of children's stories, but Goldthwaite's *Natural History* is the first exclusively to survey the magic that lies at the heart of the literature. From the dish that ran away with the spoon to the antics of Brer Rabbit and Dr. Seuss's Cat in the Hat, Goldthwaite celebrates the craft, the invention, and the inspired silliness that fix these tales in our minds from childhood and leave us in a state of wondering to know how these things can be. Covering the three centuries from the fairy tales of Charles Perrault to Maurice Sendak's *Where the Wild Things Are*, he gathers together all the major imaginative works of America, Britain, and Europe to show how the nursery rhyme, the fairy tale, and the beast fable have evolved into modern nonsense verse and fantasy. Throughout, he sheds important new light on such stock characters as the fool and the fairy godmother and on the sources of authors as diverse as Carlo Collodi, Lewis Carroll, and Beatrix Potter. His bold claims will inspire some readers and outrage others. He hails Pinocchio, for example, as the greatest of all children's books, but he views C.S. Lewis's *The Chronicles of Narnia* as a parable that is not only murderously misogynistic, but deeply blasphemous as well. Fresh, incisive, and utterly original, this rich literary history will be required reading for anyone who cares about children's books and their enduring influence on how we come to see the world.

Fairy Tale Land Kate Davies, 2021-11-02 Fairy Tale Land is a large-format gift book filled with classic fairy tales and exquisitely illustrated maps for children to pore over.

Dancing Souls Sharifah Nadirah, 2018-12-13 Don't be afraid to feel, emotions are beautiful, to feel is a way to deal with life episodes. They say to feel and express everything is a sign of weakness and you will appear vulnerable, I beg to differ. Those who have never tried to feel and resist to experience going through their own emotions will appear strong on the outside but apparently they are fragile on the inside, because they never feel, and when we don't feel, we will never know how to handle a touch of an emotion, that's why it will easily drive us insane. Diving deep into a feeling will make us want to swim up for air again, to breathe again, to see everything clear again and to believe once more. Choose to feel. To feel is fearless, it breeds courage.

A section is included with over 350 questions on phonetics, covering the material dealt with in the

textbook The Phonetics of English and Dutch. These will be excellent as a means of testing knowledge, and also for exam preparation.

Survivor Mark Wales, 2021-05-25 'A powerful, honest story of courage, redemption and finding purpose' - Bear Grylls Forging resilience Finding purpose Mastering transformation How do you rebuild your life when you've hit rock bottom? Mark Wales thought his life would end in a cornfield in Afghanistan. Mark and his SAS troops emerged from that scorched battlefield twelve hours later, his mentor gunned down, his dream career now a nightmare. Over four deployments of intense warfighting, Mark watched the line between right and wrong become blurred. When he left the SAS he was adrift, crippled by guilt. On a mission to rebuild himself, Mark turned his life around. He fought his way into the gates of a US Ivy League business school and into the boardrooms of top-tier international corporations. He spent years navigating failure in a quest to find new meaning in life. With every setback Mark counterattacked, discovering the tactics and tools needed to become more resilient, and to find happiness, belonging and purpose. Told with gripping suspense, humour and touching warmth, Survivor is Mark's extraordinary life in and out of the SAS, a story of resilience and a testament to the power of transformation. 'Searing, humbling and uplifting ... Mark Wales is a true inspiration' - Major General John Cantwell AO, DSC LONGLISTED FOR THE MARGARET AND COLIN RODERICK LITERARY AWARD 2022 Praise for Survivor 'In Special Forces it is often said the thinking is at least as important as the fighting. Through these pages Mark Wales is shown as a thinking soldier. And further, a person of magnificent generosity, taking us to rarely trespassed ground, the battlefield within.' Chris Masters, Gold Walkley award-winning journalist and author 'Mark Wales is one of those men to whom we have outsourced the responsibility to kill - and be killed - so we may live as we do. If you read one book about the SAS, Afghanistan, those Australians who fought the war on our behalf and the price they have paid for it, this is it. The power is in the story. In this one, discover your own and be inspired to be a better person and a better Australian.' Hon Dr Brendan Nelson AO, former Director of the Australian War Memorial and former Minister for Defence 'Searing, humbling and uplifting by turns, this story vibrates with the energy of a former SAS officer and his empowering search for peace and a new life. This man is a remarkable package: elite warrior, hungry entrepreneur, and a survivor determined to overcome his emotional wounds. Mark Wales is a true inspiration.' Major John Cantwell AO, DSC, bestselling author of Exit Wounds and retired Australian Army general 'Mark's book is a great lesson that even the strong can feel weak, and that allows the weak to feel strong in the face of adversity. Survivor is action-packed and reminds us all that a veteran's sacrifice is not for a period of time in a foreign land. It is here and it is eternal.' Merrick Watts, comedian and joint winner of SAS Australia (2020) 'A powerful, honest story of courage, redemption and finding purpose after experiencing so much horror and hardship with the Australian SAS in Afghanistan' Bear Grylls OBE, British adventurer, author and SAS veteran

Making Thought Visible Curt Hersey, Julie D. O'Reilly, 2025-07-18 For viewers who experience autism, bipolar disorder,

depression, obsessive-compulsive disorder or other cognitive variations, television storytelling offers opportunities to empathize with characters portraying neurodiversity. In this first collection of its kind, contributors analyze television's increasing attempts to make thought--how individuals process the world around them--visible. Examined themes include the muting of neurodiverse voices, madness as power, diagnosis vs. lived experience, dual diagnosis, reactions to atypical behaviors, the cultivation of attitudes towards autistic individuals, and translanguaging across global series. Programs include *Young Sheldon*, *The Good Doctor*, *Legion*, the *Star Trek* universe, *Euphoria*, *True Detective*, *Girls*, *Bungo Stray Dogs*, and *Love on the Spectrum*. Varied theoretical and methodological approaches and attention to the quality and verisimilitude of neurodiverse representations result in an appropriately complex analysis.

Sanity Plea Lawrence R. Broer, 1994-08-30 In this revised edition of a volume originally published in 1989, Lawrence Broer extends his comprehensive critique of the body of writing by Kurt Vonnegut. Broer offers a broad psychoanalytic study of Vonnegut's works from *Player Piano* to *Hocus Pocus*, taking a decisively new approach to the work of one of America's most important, yet often misinterpreted writers. A compelling and original analysis, *Sanity Plea*, explores how Vonnegut incorporates his personal experiences into an art that is not defeatist, but rather creatively therapeutic and life-affirming.

Tracking the White Rabbit Lyn Cowan, 2005-07-05 Since its beginning, depth psychology has attempted to change the status quo of individual and cultural life by probing beneath surface appearances. Lyn Cowan explores a number of subjects, considering what possible meanings and implications for change might lie behind the conventional attitudes toward such subjects as: * Abortion * Gender and sexuality * Language * Memory * Melancholy The author puts forward the argument that, although psychology and subversion are not usually thought of as belonging together, they should be. Such a view, presented clearly with humour and insight, offers a way to think differently about usual things, and yield fresh meaning to some of the pressing dilemmas of our time and how we as individuals may respond to them.

Working with the Sounds of English and Dutch Beverley Collins, Inger M. Mees, 1982-01-01

Working with the Sounds of English and Dutch Beverley Dr Collins, Inger Mees, 2023-08-21 *Working with the Sounds of English and Dutch* is aimed at the Dutch-Speaking student who is taking Phonetics as a part of an advanced course in English at University or teacher training institute. No previous knowledge of phonetics is assumed. All technical points are explained in straightforward English as they are introduced, and theoretical and practical aspects of the subject are clarified for the student by means of practical exercises in articulation and transcription. The emphasis is on a contrastive approach throughout. The sound systems of standard English (Received Pronunciation) and standard Dutch (Algemeen Beschaafd Nederlands) are described in detail, with numerous helpful diagrams. Features of connected speech, for example, articulatory setting, stress, rhythm, assimilation and elision, are fully examined and a complete chapter is devoted to intonation in English and Dutch. A special attraction of the book are the sections on error analysis, which give a comprehensive treatment of pronunciation problem areas. Also included is a survey of the most important accents of the British Isles (Scots, Welsh, Irish, London, West Country etc.)
