Pujan Roka,2006-04-01 Sometimes 'looking backward' is the best way to 'look forward'. Bhagavad Gita on Effective Leadership does just this! Coaching from the old world-that fits the new world. -Marshall Goldsmith, named by the American Management Association as one of the fifty great thinkers and business leaders who have impacted the field of management over the past eighty years Bhagavad Gita on Effective Leadership presents the ancient leadership wisdom that is very relevant to today's world. Leaders will find this wisdom very practical. -Dipak C. Jain, Dean, Kellogg School of Management, Northwestern University This book transcends the things leaders do to be effective. It defines what a leader must be. As you read Bhagavad Gita on Effective Leadership, you will recognize and validate what you do as a leader, and challenge you to become a more compassionate and selfless leader. Many will find the challenge great. This is the right book at the right time, is long overdue, and will profoundly impact you and the people you lead. -Bob Schaumburg, Executive Coach, Sprint Corporation

The Philosophy of Bhagavadgita P.V.Laxmiprasad,2021-10-16 The fundamental purpose of the Bhagavad Gita is to illuminate all of humanity, the realization of the true nature of divinity for the highest spiritual conception and the greatest material perfection is to attain supreme love of God. It is a work showing lessons of philosophy, religion and ethics; it teaches every human being the art of living, the way of life. According to William Von Humboldt, the Gita is 'the most beautiful, perhaps the only true philosophical song existing in any known tongue'. As a philosophical manifesto, the Bhagavad Gita plays an important influence in society. A philosophical guide acts like a spiritual magnifying glass, enabling people to discern the external and internal elements that surround their vision and bring error in our understanding. What we find in the works of philosophical masters are living truths which speak of mundane problems as well as spiritual needs of our day. People of such brilliant intellect who grow spiritually are able to interpret and transmit masterpieces like Bhagavad Gita in true spirit of life. Many a milestone is set by the followers of Gita and practical wisdom is the ultimate fulcrum of the philosophy..... P. V. Laxmiprasad

BHAGAVAD GITA: The Art and Science of Management for the 21st Century OM PRIE SRIVASTAVA,2018-03-20 The Bhagavad Gita is an ancient text that dates back to the time when the Vedas and the religious scriptures came into being. Today, in the 21st century, when the world is torn with wars and conflicts, it's time to travel back and seek the 'peace'

mantra for the betterment of both the self and the surrounding. Have you ever wondered how an ancient text holds within its sacred teachings, all the managerial principles that are needed to make it big in today's world? If you have seen the Bhagavad Gita only as a religious book, now is the time to change perspectives. Lord Krishna in his attempt to guide Arjuna in the battlefield serves as the ultimate management guru –the one you've always been searching for! Learn from the words of the Lord the tricks to transform your weaknesses into your strengths. Immerse yourself in the book's enchanting journey that demystifies the Bhagavad Gita and tells us that it is relevant even today.

Mind management in Bhagavadgita Prof. Dr. Mina S. Vyas, 2020-02-06 The Bhagavad Gita, or Song of God, is one of the most revered of Hindu manuscripts. While many believers date the text to over 5,000 years ago; some debate exists concerning its actual age. Originally written in Sanskrit, the earliest English translation was written in 1785, with the oral version of the manuscript believed by some to have been composed around 3100 B.C.E. The Western view is that the manuscript is much newer; nevertheless, it is considered by all to be an ancient text, and one with a powerful influence on Hindus and others.

In Search of Truth and Salvation CA. R C Guria, 2022-07-11 This book attempts to highlight the truth of life which many of us do not know. Many of us consider our present existence to be the truth of life. But according to scholars, philosophers and researchers, our present momentary persona is only a bubble on the ocean of our eternal existence. Almost all ancient philosophies and modern science have established that each of us is immortal, because soul we possess exists forever. This book explains with reference to philosophical thoughts and scientific research studies that death we know applies to the physical body only, but not to the soul. The soul is infinite and omnipresent. So, after every death soul enters into a new body in its long journey towards Salvation. This book has also refers to philosophical explanation that the Supreme Soul or the Brahman is only the Real; all other else are not real. Precisely, the Real Man is one and each of us is only a limitation of the Real Man. It's all God's play.

Einstein and Buddha Thomas J. McFarlane, 2002-12-20 Einstein and Buddha: The Parallel Sayings includes introductory remarks that illuminate the quotes, but the focus of the book is the parallel sayings themselves. The parallels are presented side by side on facing pages, inviting the reader to read the quotes, meditate on their meaning and discover the lessons they offer. The parallels are grouped thematically and draw from a wide range of physicists including Albert Einstein, Niels Bohr, Werner Heisenberg, David Bohm and Richard Feynman, as well as ancient and contemporary teachers from the East including Buddha, Lao Tzu, Chuang Tzu, Sri Aurobindo and the Dalai Lama. Topics include time and space, subject and object, and the true nature of reality. The parallels bring science and religion closer together than ever before.

The Einstein File Fred Jerome, 2003-06-17 From the moment of Einstein's arrival in the U.S. in 1933 until his death in 1955, J. Edgar Hoover's FBI, with help from several other federal agencies, busied itself collecting derogatory information in

an effort to undermine Einstein's influence and destroy his prestige. For the first time Fred Jerome tells the story of that anti-Einstein campaign, as well as the story behind it--why and how the campaign originated, and thereby provides the first detailed picture of Einstein's little known political activism. Unlike the popular image of Einstein as an absent-minded, head-in-the-clouds genius, the man was in fact intensely politically active and felt it was his duty to use his world-wide fame shrewdly in the cause of social justice. A passionate pacifist, socialist, internationalist and outspoken critic of racism (Einstein considered racism America's worst disease), and personal friend of Paul Robeson and W.E.B. DuBois, Einstein used his immense prestige to denounce McCarthy at the height of his power, publicly urging witnesses to refuse to testify before HUAC. The story that emerges not only reveals a little known aspect of Einstein's character, but underscores the dangers that can arise, to threaten the American Republic and the rule of law, in times of obsession with national security.

Gita for Everyday Living A Vedanta Kesari Presentation,2020-03-07 Bhagavad Gita is a perennial source of inspiration and strength for millions of people all over the world. An eternal scripture like the Gita, too, however, needs to be restated and reiterated with the change in circumstances in order to meet the contemporary needs. This book contains thirty-six articles which view the message of the Gita from different standpoints. This Book contains the articles of The Vedanta Keshari's Dec 2008 Special issue which highlight the message and essence of the Bhagavad Gita in a contemporary & practical context.

Consciousness in AI Raghurami Reddy Etukuru Ph.D.,2025-03-05 The remarkable advancements in artificial intelligence highlight humanity's ingenuity in replicating cognitive functions. But a fundamental question remains: Could AI one day transcend computation to attain consciousness? Blending ancient philosophies, cutting-edge science, and emerging AI theories, this book delves into the enigmatic nature of consciousness and its intersection with technology. From Alan Turing's foundational question, "Can machines think?" to the transformative possibilities of Quantum Field Theory, consider questions such as: • How might AI evolve from simulating intelligence to achieving consciousness? • Can Vedantic and ancient Indian wisdom provide insights on consciousness in relation to AI? • Is consciousness a fundamental essence of the universe or a byproduct of the material brain? Through the lens of neuroscience, cognitive science, and Integrated Information Theory, the book investigates how conscious experience might arise in artificial systems. It also explores how quantum mechanics and Quantum Field Theory support the idea that consciousness is more than a neurological phenomenon. Delve into the interaction between universal consciousness and AI systems as well as the interaction between AI systems and the external world with Consciousness in AI.

Decoding First Time Leadership bipul banerjee,2023-08-01 This book is devoted to those getting into leadership positions for the first time which can be daunting. So far you have been responsible for your performance and now stepping into the responsibility of a team's performance can be often confusing and overwhelming. The manager and team

relationship is often a complex mechanism. Telling everyone what to do is not enough, leadership has to go much beyond that. This book will take you near to the characteristics of true leaders and shed light on behavioral aspects of excellent managerial capabilities.

The Bhagavadgita Conceals Kanduri Prameela, 2024-03-22 We are in a Work-A-Day world where no one got the time to read the entire Gita. Even though one reads the slokas on any auspicious days, mostly the meaning will rather not be read and understood so easily since the meaning of every sloka is very precise in the Bhagavadgita. It is not comprehensive. It is left for us to be related in our lives for our lives and live accordingly as decreed. This seems easy but practically everything looks like mirages in real life compared to spiritual understanding. A thought about how to bring the beautiful Book, the words of Lord Sri Krishna, the Lord of Lords into daily life which drives one towards action made me write this book with the decree of Him. Hence this book, The Bhagavadgita Conceals, is a small book comprising the essence of the Gita in a very simple way to be understood easily by readers of all ages, be it school, college, or domestic people. The matter- the gist and the pictures are inserted in such a way that every concept that one who reads can understand by looking at the picture.

The Highest Reality | A Treatise on Religion, Truth, Morality and The Purpose of Life Paritosh M. Chakrabarti, 2024-04-23 How does one's upbringing determine one's ethical and religious views? Are humans unique in this universe? Is God dead as Nietzsche declared? Is there any truth beyond scientific facts? How different religions relate to one another? What are the truth and falsehoods in various religions? Are communism and nihilism more in sync with reality than religion? How should we prioritise between self-interest and sacrifice? What should be our individual role to seek global peace? Is there a higher purpose in life than just living? The author—a scientist, scholar, innovator, entrepreneur and philanthropist—discusses these questions in a well-argued treatise, sprinkled with memorable episodes and anecdotes.

The Truth about Self Sanjeev Sareen, 2023-03-26 Noble award for physics, year 2022! Science has proved that the world is not real. New discoveries are turning scientists into philosophers. God has shifted His position from an extraterrestrial heaven to the inner realm of the human psyche. What was once explained in terms of divine creation is now in the purview of science. Now both science and the Scriptures say that we create the world, Our own reality, with Our own ego, desires, mind and intellect. It cannot thus be said to be the absolute reality. Remember, our five senses are not our only means of knowledge. A fragment of reality sometimes reaches intelligence in other ways that we are normally not aware of. Note that our reality is not the ultimate reality. Only we choose and observe it to be our reality. Whatever we are experiencing out there in the physical world is finally the experience of consciousness itself. As soon as we realize our own observation is the cause of everything, then we can decide to create another reality literally. Reality and truth are often misunderstood to convey the same meaning but strictly speaking, they are not so. If we analyze these two words carefully, we can notice a subtle difference between them. Truth is always real; Reality is not always true. We need to know the truth which is through

actual experience. Without realization, they are just ideas. Truth is within. The ultimate truth about Self, after knowing which nothing remains to be known, is a subject of search and research, reasoning and reflection, discussion and decision, and finally testing and experiencing it within. Every advance in knowledge brings us face to face with the mystery of our own being. This book is dwelling at length, from scientists standpoint, as to how they say that the realities perceived at all the senses levels are illusions only. This book finally throws light on what is Reality and what is The Truth; and at what platform it can be and must be perceived to get spiritual liberation and inner peace. Quite a number of mind-blowing concepts and theories are also given here - with few not even researched yet. The Hidden Truth, you are told in this Spirituo-scientific exploration, will be of a spiritual self-help nature. Finally, since it is all about us, our own higher dimensions only which normally we are not privy to, it is a must-read book for everyone and anyone to rise above the sufferings of life and quicken our roller coaster journey of life through incarnations.

The Mysterious and the Occult from Newton to the Victorians Michael Punter, 2024-11-09 This book examines the search for 'occult' or hidden forces in the two centuries after Newton's theory of gravity. It investigates how history has simplified the work of some of the key figures of the age, presenting them as 'legitimate' and removing their more complex motivations. This book is a scholarly but readable exploration of forces we rely upon (electricity) and ones we have abandoned (vital fluid, animal magnetism). Ranging across literature, drama, philosophy and science, it demonstrates how hopes, fears and anxieties around occult phenomena have been expressed over time.

The Righteous Path Dr. Chaitanya Niphadkar, 2017-04-15 No work of Indian literature has ever been revered as much as the sacred Bhagavad Gita; which is the conversation between Lord Krishna and Arjuna. It is the very essence of Lord Krishna's teachings. This book is all about that. It brings you Sri Krishna's teachings in a simple form and discusses various aspects related to it, ultimately allowing you to find and walk on The Righteous Path. Over the years, these words of wisdom

from The Bhagavad Gita has offered humans some respite from restlessness, complications and unhappiness and imparted the light of calmness. The practical teaching(s) offered in this book has a message for everyone. This book could serve as a beginner level guide for those who intend to discover the inner voice, seeking peace and in search of God. It can also be useful for those interested in the Holy spiritual texts and researchers within the scope of theology and Hindu mythology. This book shall be better understood after studying The Bhagavad Gita. It is believed that an individual can seek answers to almost every question about universe, his (or her) past, present as well as future through the knowledge of the Bhagavad Gita. It is not just an old, religious, teaching manuscript specifically focusing on Hindu religion rather something that goes beyond defining the boundaries of religion and race and promising to share the divine wisdom with all who seek to find peace. In this sense, this sacred book addresses humans for all times, to rescue them from problems, pain, suffering, fear, bondage and replace it with diving qualities like love and peace.
