Charlie Davis is in pieces. At seventeen, she's already lost more than most people lose in a lifetime. But she's learned how to forget it through cutting; the pain washes out the sorrow until there is nothing but calm. She doesn't have to think about her father or what happened under the bridge. Her best friend, Ellis, who is gone forever. Or the mother who has nothing left to give her. Kicked out of a special treatment center when her insurance runs out, Charlie finds herself in the bright and wild landscape of Tucson, Arizona, where she begins the unthinkable: the long journey of putting herself back together. Kathleen Glasgow is also the author of How to Make Friends with the Dark and You'd Be Home Now

Navigating Children's Literature through Controversy, 2023-09-20 This collection focuses on the specific issue of controversy as a cross-sectional aspect of contemporary children's and YA literature, in a spectrum stretching from national experiences, to explore the impact of specific historical, economic and social environments on the rise of controversies; to inter-national exchanges in which controversies are generated specifically by the interactions between cultures; to international contexts that deal with controversies relevant on a global scale. By adopting controversy as an adjustable lens

for a joined consideration of literary themes, narrative or aesthetic solutions, translation choices, publishing and marketing decisions, and discursive practices, the volume establishes a diversified collection of chapters that offers new insight into functions of children's and YA literature in contemporary culture.

*Pieces from Life's Crazy Quilt* Marvin V. Arnett, 2003-01-01 The author recalls her difficult childhood growing up black in Detroit during the 1930s and 1940s, recalling her life during a turbulent period in American history, which culminated in the infamous Detroit race riot of 1943. (History)

*Going to Pieces* Adam Rockoff, 2016-03-04 John Carpenter's *Halloween*, released on October 25, 1978, marked the beginning of the horror film's most colorful, controversial, and successful offshoot--the slasher film. Loved by fans and reviled by critics for its iconic psychopaths, gory special effects, brainless teenagers in peril, and more than a bit of soft-core sex, the slasher film secured its legacy as a cultural phenomenon and continues to be popular today. This work traces the evolution of the slasher film from 1978 when it was a fledgling genre, through the early 1980s when it was one of the most profitable and prolific genres in Hollywood, on to its decline in popularity around 1986. An introduction provides a brief history of the Grand Guignol, the pre-cinema forerunner of the slasher film, films such as *Psycho* and *The Texas Chainsaw Massacre*, and cinematic trends that gave rise to the slasher film. Also explained are the slasher film's characteristics, conventions, and cinematic devices, such as the final girl, the omnipotent killer, the relationship between sex and death, the significant date or setting, and the point-of-view of the killer. The chapters that follow are devoted to the years 1978 through 1986 and analyze significant films from each year. The *Toolbox Murders*, *When a Stranger Calls*, the *Friday the 13th* movies, *My Bloody Valentine*, *The Slumber Party Massacre*, *Psycho II*, and *April Fool's Day* are among those analyzed. The late 90s resurrection of slasher films, as seen in *Scream* and *I Know What You Did Last Summer*, is also explored, as well as the future direction of slasher films.

**Profile Pieces** Sue Joseph, Richard Lance Keeble, 2015-10-14 This book examines the history, theory and journalistic

practice of profile writing. Profiles, and the practice of writing them, are of increasing interest to scholars of journalism because conflicts between the interviewer and the subject exemplify the changing nature of journalism itself. While the subject, often through the medium of their press representative, struggles to retain control of the interview space, the journalist seeks to subvert it. This interesting and multi-layered interaction, however, has rarely been subject to critical scrutiny, partly because profiles have traditionally been regarded as public relations exercises or as 'soft' journalism. However, chapters in this volume reveal not only that profiling has, historically, taken many different forms, but that the idea of the interview as a contested space has applications beyond the subject of celebrated individuals. The volume looks at the profile's historical beginnings, at the contemporary manufacture of celebrity versus the 'ordinary', at profiling communities, countries and movements, at profiling the destitute, at sporting personalities and finally at profiling and trauma.

*Teaching Late-Twentieth-Century Mexicana and Chicana Writers* Elizabeth Coonrod Martínez, 2020-12-15 Mexicana and Chicana authors from the late 1970s to the turn of the century helped overturn the patriarchal literary culture and mores of their time. This landmark volume acquaints readers with the provocative, at times defiant, yet subtle discourses of this important generation of writers and explains the influences and historical contexts that shaped their work. Until now, little criticism has been published about these important works. Addressing this oversight, *Teaching Late-Twentieth-Century Mexicana and Chicana Writers* starts with essays on Mexicana and Chicana authors. It then features essays on specific teaching strategies suitable for literature surveys and courses in cultural studies, Latino studies, interdisciplinary and comparative studies, humanities, and general education that aim to explore the intersectionalities represented in these works. Experienced teachers offer guidance on using these works to introduce students to border studies, transnational studies, sexuality studies, disability studies, contemporary Mexican history and Latino history in the United States, the history of social movements, and concepts of race and gender.

*The Oxford Handbook of Feminism and Music Education* Marissa Silverman, Nasim Niknafs, 2025-07-07 The Oxford Handbook of Feminism and Music Education brings together a wide range of international scholars, practicing music teachers and educators, policymakers, and community musicians to conceptualize, analyze, and critique the personal, social, cultural, political, ethical, and therapeutic practices and problems in music education through feminist perspectives. The book offers global critical perspectives on a wide range of conceptual and practical issues in music education as they apply to various forms of feminist perspectives in music teaching and learning within schools and communities. The central aims of this volume are to engage with readers' understandings of and critical thinking about feminist perspectives on the problems, opportunities, and spaces and places that music educators and community music facilitators encounter, and to elucidate the

concepts and practical strategies they employ to improve various aspects of music teaching and learning around the world through feminist lenses. This book helps current and future music educators, community music facilitators, arts and music activists, and solidarity workers to understand the many varieties and potentials of music teaching and learning, as described by the world-renowned scholars and practitioners in this book. It further invites readers to consider how traditional forms of musical pedagogies can be transformed in ways that will make them more mindful of and empathetic toward the personal and musical aims and desires of music students, musicians, and musical communities and collectives. This book will be of interest to teachers, scholars, administrators, advocates, and solidarity workers who wish to redefine, refine, and redesign music teaching and learning practices.

**The Star and Celebrity Confessional** Sean Redmond, 2013-10-18 In this book the different manifestations, meanings, and processes of the star and celebrity confessional will be explored. The confessional is taken to be any moment in which a star, celebrity, or fan engages in revelatory acts that are considered to be authentic, heart-felt, and honest. These confessional encounters can take place in an interview, through performance and presentation events, online, and in 'unscripted' encounters. A star may break down in tears, or reveal a previously unknown truth about their private life. However, this authenticity is often found to have been manufactured, or is timed to occur against a new release or product launch. Alternatively, the desire to confess may be seen to draw attention to the centrality of pseudo forms of emotion in contemporary culture and the obsessional behaviour it produces. In this book authors consider acts of confession by celebrities such as Tom Cruise, Michael Jackson, Jade Goody, Britney Spears, Sarah Jessica Parker, Tracey Emin, and Russell Crowe.

**Spanish Lessons** Paul Julian Smith, 2017-09-01 Though unjustly neglected by English-language audiences, Spanish film and television not only represent a remarkably influential and vibrant cultural industry; they are also a fertile site of innovation in the production of "transmedia" works that bridge narrative forms. In Spanish Lessons, Paul Julian Smith provides an engaging exploration of visual culture in an era of collapsing genre boundaries, accelerating technological change, and political-economic tumult. Whether generating new insights into the work of key figures like Pedro Almodóvar, comparing media depictions of Spain's economic woes, or giving long-overdue critical attention to quality television series, Smith's book is a consistently lively and accessible cultural investigation.
