Visual Rhetorics of Communist Romania Adriana Cordali,2023-01-10 Visual Rhetorics of Communist Romania: Life under the Totalitarian Gaze offers personal accounts and theoretical insight into the Cold War era when little information about life beyond the Iron Curtain could transpire to the West. Adriana Cordali develops a unique visual rhetorical theory for analyzing communist totalitarian propaganda and the resistance to it, and reveals the deliberate, strategic in/visibilities the rhetoric of power engaged in. Building upon the local history, ideology, and politics of the regime imposed after WWII, she identifies propaganda's rhetorical features, visual tropes, and symbols and examines striking photographs and print materials from Ceaușescu's regime (1966-1989) and the time of regime change (1989-1990), as well as an award-winning Romanian film that depicts women's life at the time. Converging visual rhetoric and culture with history and politics, Visual Rhetorics of Communist Romania is a first book of this kind and will interest readers of rhetoric and communication, visual rhetoric, and political discourse in the region.

Lolita - The Story of a Cover Girl John Bertram,Yuri Leving,2013-07-19 What should Lolita look like? The question has dogged book-cover designers since 1955, when Lolita was first published in a plain green wrapper. The heroine of Vladimir Nabokov's classic novel has often been shown as a teenage seductress in heart-shaped glasses--a deceptive image that misreads the book but has seeped deep into our cultural life, from fashion to film. Lolita - The Story of a Cover Girl: Vladimir Nabokov's Novel in Art and Design reconsiders the cover of Lolita. Eighty renowned graphic designers and illustrators (including Paula Scher, Jessica Hische, Jessica Helfand, and Peter Mendelsund) offer their own takes on the book's jacket, while graphic-design critics and Nabokov scholars survey more than half a century of Lolita covers. You'll also find thoughtful essays from such design luminaries as Mary Gaitskill, Debbie Millman, Michael Bierut, Peter Mendelsund, Jessica Helfand, Alice Twemlow, Johanna Drucker, Leland de la Durantaye, Ellen Pifer, and Stephen Blackwell. Through the lenses of design and literature, Lolita - The Story of a Cover Girl tells the strange design history of one of the most important novels of the 20th century--and offers a new way for thinking visually about difficult books. You'll never look at Lolita the same way again.

Translating and Transmediating Children's Literature Anna Kérchy,Björn Sundmark,2020-09-30 From Struwwelpeter to Peter Rabbit, from Alice to Bilbo—this collection of essays shows how the classics of children's literature have been transformed across languages, genres, and diverse media forms. This book argues that translation regularly involves transmediation—the telling of a story across media and vice versa—and that transmediation is a specific form of translation. Beyond the classic examples, the book also takes the reader on a worldwide tour, and examines, among other things, the role of Soviet science fiction in North Korea, the ethical uses of Lego Star Wars in a Brazilian context, and the history of Latin translation in children's literature. Bringing together scholars from more than a dozen countries and language backgrounds, these cross-disciplinary essays focus on regularly overlooked transmediation practices and terminology, such as book cover art, trans-sensory storytelling, écart, enfreakment, foreignizing domestication, and intra-cultural transformation.
