*The King of Torts* John Grisham, 2010-03-16 #1 NEW YORK TIMES BESTSELLER • The office of the public defender is not known as a training ground for bright young litigators. Clay Carter has been there too long and, like most of his colleagues, dreams of a better job in a real firm. When he reluctantly takes the case of a young man charged with a random street killing, he assumes it is just another of the many senseless murders that hit D.C. every week. As he digs into the background of his client, Clay stumbles on a conspiracy too horrible to believe. He suddenly finds himself in the middle of a complex case against one of the largest pharmaceutical companies in the world, looking at the kind of enormous settlement that would totally change his life—that would make him, almost overnight, the legal profession's newest king of torts...

Bestseller Robert McParland,2018-12-15 Whether curled up on a sofa with a good mystery, lounging by the pool with a steamy romance, or brooding over a classic novel, Americans love to read. Despite the distractions of modern living, nothing quite satisfies many individuals more than a really good book. And regardless of how one accesses that book—through a tablet, a smart phone, or a good, old-fashioned hardcover—those choices have been tallied for decades. In *Bestseller: A Century of America's Favorite Books*, Robert McParland looks at the reading tastes of a nation—from the beginning of the twentieth century to the present day. Through extensive research, McParland provides context for the literature that appealed to the masses, from low-brow potboilers like *Forever Amber* to Pulitzer-Prize winners such as *To Kill a Mockingbird*. Decade by decade, McParland discusses the books that resonated with the American public and shows how current events and popular culture shaped the reading habits of millions. Profiles of authors with frequent appearances—from Ernest Hemingway to Danielle Steel—are included, along with standout titles that readers return to year after year. A snapshot of America and its love of reading through the decades, this volume informs and entertains while also providing a handy reference of the country's most popular books. For those wanting to learn more about the history of American culture through its reading habits, *Bestseller: A Century of America's Favorite Books* is a must-read.

Each entry provides a brief quotation that gives some indication of writing style; a biographical sketch; lists of major works and awards; and research sources, including websites, biographies, criticism, and research guides. There are also read-alikes for selected authors. Of special note is the inclusion of websites and other online resources, such as blogs and social networking sites, which are often overlooked in author-reference sources. *Red Tape* Robin Ellison, 2018-06-14 *Red Tape* tells the sometimes astonishing story of the making of laws, both good and bad, the recent explosion in rule making, and the failure of repeated attempts to rationalise the statute books - even governments themselves are concerned about the increasing number and complexity of our laws. Society requires the rule of law, but the rule of too much law means that the general public faces frustrating excesses created by overzealous regulators and lawmakers. Robin Ellison reveals the failure of repeated attempts to limit the number and complexity of new laws, and the expansion of regulators. He challenges the legislature to introduce fewer yet better laws and regulators by encouraging lawmakers to adopt practices which improve the efficiency of the law and the lives of everyone. Too much law leads to frustration for all - *Red Tape* is a long overdue exposé of our legal system for practitioners and consumers alike.

**We Are Off - The Journal** Fredrik Stenshamn, Heather Stenshamn, 2005-02-26 How often do you dream about just forgetting about your job, your apartment, your furniture, all your stuff, and just grab a backpack and wander the earth? And how many times does it remain just a dream? This is the true story about a couple that was not content leaving it just a dream, but actually did it. Heather and Fredrik circled the globe on the trip. They traveled across Asia, Australia, the Pacific, and North America for one full year and stepped foot in twenty countries. But it became more than just sightseeing. They learned about countries, cultures, and people, but also about their friends - old and new - and themselves. It was never certain how the trip would end, but as the journey progressed, it became even more uncertain where...

**The Triumph of the Thriller** Patrick Anderson, 2007-02-06 There's been a revolution in American popular fiction. The writers who dominated the bestseller lists a generation ago with blockbuster novels about movie stars and exotic foreign lands have been replaced by a new generation writing a new kind of bestseller, one that hooks readers with crime, suspense, and ever-increasing violence. Patrick Anderson, *The Washington Post's* man on the thriller beat, calls this revolution "the triumph of the thriller," and lists among its stars Thomas Harris, Michael Connelly, George Pelecanos, Dennis Lehane, Sue Grafton, and Elmore Leonard. In his provocative, caustic, and often hilarious survey of today's popular fiction, Anderson shows us who the best thriller writers are—and the worst. He shows how Michael Connelly was inspired by Raymond Chandler, how George Pelecanos toiled in obscurity while he mastered his craft, how Sue Grafton created the first great woman private eye, and how Thomas Harris transformed an insane cannibal into the charming man of the world who made FBI agent Clarice Starling his lover. Anderson shows Scott Turow inventing the modern legal thriller and John Grisham translating it into a stunning series of bestsellers. He casts a cold eye on Tom Clancy's militaristic techno-thrillers, and praises Alan Furst and Robert Littell as world-class spy novelists. He examines the pioneering role of Lawrence Sanders, the offbeat appeal of Dean Koontz, the unprecedented success of *The Da Vinci Code*, and the emergence of the literary thriller.

Most of all, Anderson demands that the best of these novelists be given their due—not as genre writers, but as some of the most talented men and women at work in American fiction. Don't trust the literary elites to tell you what to read, he warns—make up your own minds. *The Triumph of the Thriller* will convince many readers that we've entered an important new era in popular fiction. This book can be your guide to it.

Making lucid the tangled issues of public health, regulation, and the political power of industry, it tells a riveting tale ripped from newspaper headlines—a cancer cluster affecting graduates of one of America's most affluent schools, Beverly Hills High. *The Poisoning of an American High School* presents the behind-the-scenes saga of the 2003 landmark toxic tort suit, in which more than one thousand plaintiffs, with the sensational Erin Brockovich as their champion, claimed their illnesses could be traced to exposure to the oil derricks just yards from school grounds.
