Framing and Managing Lean Organizations in the New Economy Darina Lepadatu, Thomas Janoski, 2020-02-18 This book examines the dominance and significance of lean organizing in the international economy. Scholars from each discipline see lean production as positive or negative; the book blends theory with practice by sorting out these different academic views and revealing how lean is implemented in different ways. The first part synthesizes academic research from a range of disciplines—including, engineering, sociology, and management—to present the reader with an integrated understanding of the benefits and drawbacks of lean management. The second part links this theory to practice, with a set of case studies from companies like Apple, Google, Nike, Toyota, and Walmart that demonstrate how lean is implemented in a variety of settings. The book concludes with three models, explaining how Toyotism, Nikefication with offshoring, and Waltonism provide full or less complete models of lean production. It clearly presents the positive and negative aspects of lean and insights into the culture of lean organizations. With its rich interdisciplinary approach, Framing and Managing Lean Organizations in the New Economy will benefit researchers and students across a range of classes from management, sociology, and public policy to engineering.

Twitter is Not a Strategy Tom Doctoroff, 2014-11-11 In a cultural climate saturated by technology, marketing professionals have focused their energies on creating newer and more digital methods of advertising their brands, with the fear that if they don't embrace Big Data, they will fade into obscurity. But Tom Doctoroff, Asia CEO for J. Walter Thompson,

argues that this frenzy over digital and social media has created a schism in the marketing world that is hindering brands from attaining their true business potential. The tension between traditional branding and the seemingly unlimited possibilities presented by the advent of digital branding leads companies to abandon the tried and true aspects of marketing for the flash of the new. In *Twitter is Not a Strategy*, Doctoroff explains why a strategy that truly integrates the two ideas is the best way for a brand to move into the future. Using some of the biggest brand names in the world as examples, such as Coca-Cola, Nike, and Apple, he breaks down the framework of marketing to explain how digital marketing can't stand without the traditional foundation.

Abuse Your Illusions Russ Kick, 2003-05-01 The third of Russ Kick's bestselling *Disinformation Guides* gathers another all-star line-up of exposés: Juries have ruled in recent trials that Watergate was really about a Democratic Party prostitution ring. Ignored in the U.S. and distorted elsewhere, the Milosevic tribunal hasn't gone the way authorities were anticipating. (We present exclusive first-hand reporting from the trial). Most theologians don't believe in the physical Resurrection of Jesus. In 2001, the U.S. uncovered the biggest spy ring in the country since WWII, yet most people never heard about it. The U.S. is engaging in bioweapons research that violates international treaties and federal law. (The New York Times knows about this but refuses to report it). Teddy Roosevelt and Wall Street created Panama for profit. Gandhi wasn't so wonderful, after all. These are just some of the revelations in the third of our all-star anthologies. Following up on bestsellers *You Are Being Lied To* and *Everything You Know Is Wrong*, editor Russ Kick has again assembled a line-up of leading investigative journalists, academics, activists, commentators, and independent researchers, covering CIA assassinations, the anthrax attacks, fluoride, TWA 800, Abraham Lincoln, child protective services, the tobacco industry, forgotten uprisings, the government's missing trillions, even more revelations about 9/11 and much more. Contributors include Gary Webb, Greg Palast, Noreena Hertz, Howard Zinn, Douglas Valentine, Jim Houghan, Kristina Borjesson, Arianna Huffington and many more well-known writers—some of whom you'll be extremely surprised to see in these pages!
