Hit Songs, 1900-1955 Don Tyler,2007-04-16 This is a chronology of the most famous songs from the years before rock 'n' roll. The top hits for each year are described, including vital information such as song origin, artist(s), and chart information. For many songs, the author includes any web or library holdings of sheet music covers, musical scores, and free audio files. An extensive collection of biographical sketches follows, providing performing credits, relevant professional awards, and brief biographies for hundreds of the era's most popular performers, lyricists, and composers. Includes an alphabetical song index and bibliography.

Music of the First World War Don Tyler,2016-03-21 This book discusses WWI-era music in a historical context, explaining music's importance at home and abroad during WWI as well as examining what music was being sung, played, and danced to during the years prior to America's involvement in the Great War. Why was music so important to soldiers abroad during World War I? What role did music—ranging from classical to theater music, rags, and early jazz—play on the American homefront? Music of the First World War explores the tremendous importance of music during the years of the Great War—when communication technologies were extremely limited and music often took the place of connecting directly with loved ones or reminiscing via recorded images. The book's chapters cover music's contribution to the war effort; the variety of war-related songs, popular hits, and top recording artists of the war years; the music of Broadway shows and other theater productions; and important composers and lyricists. The author also explores the development of the fledgling recording industry at this time.

This Is My Story, This Is My Song Leonard S. Buxton,2019-08-20 The first of two volumes to be published, in *This is my Story, This is my Song*, Leonard S. Buxton recounts the first half of his engaging life and his long career in ministry. He has written a very entertaining personal account of his upbringing as the son of a fire-and-brimstone Evangelical preacher during the Depression, the beginnings of his political consciousness through WWII, his college life and the strict mores of the 1950s, and moving from parish to parish with his young family during the turbulent social change of the 1960s and early 1970s. As a professor of psychology at Claflin, a black university in South Carolina, Leonard recalls his activism within the church—and literally in his own backyard—to break down the resistance to desegregation and to support the civil rights movement. This book is filled with evocative photographs and colorful firsthand history, its joys and heartbreaks: Studebakers and VWs, the Red Sox and Yankees, teen hang-outs in drugstores, music, dramatic productions, and church camping, the serious social stigma of divorce, the illegality of adultery, the scourge of polio, the loss of a child, group ‘encounter sessions,’ George McGovern, Benjamin Spock, Kent State, burning crosses . . . A man devoted to building congregations as a pastor, psychologist, parish counselor, teacher and activist, Leonard depicts characters and narrates events with remarkable acuity. This book is a rich reflection on his experiences, written with candor and humility, and observing people and events through the kind lens of his dedication to serving others and his evolving faith as a Methodist minister. To quote one of Leonard’s aspirations for this memoir, “For those still casting around an unclear future, this may say ‘Take heart; life will be full of surprises.’”

God on the Quad Naomi Schaefer Riley,2013-12-31 Religious colleges and universities in America are growing at a breakneck pace. In this startling new book, journalist Naomi Schaefer Riley explores these schools-interviewing administrators, professors, and students-to produce the first popular, accessible, and comprehensive investigation of this phenomenon. Call them the Missionary Generation. By the tens and hundreds of thousands, some of America's brightest and most dedicated teenagers are opting for a different kind of college education. It promises all the rigor of traditional liberal

arts schools, but mixed with religious instruction from the Good Book and a mandate from above. Far removed from the medieval cloisters outsiders imagine, schools like Wheaton, Thomas Aquinas, and Brigham Young are churning out a new generation of smart, worldly, and ethical young professionals whose influence in business, medicine, law, journalism, academia, and government is only beginning to be felt. In *God On The Quad*, Riley takes readers to the halls of Brigham Young, where surprisingly with-it young Mormons compete in a raucous marriage market and prepare for careers in public service. To the infamous Bob Jones, post interracial dating ban, where zealous Christian fundamentalists are studying fine art and great literature to help them assimilate into the nation's cultural centers. To Thomas Aquinas College, where graduates homeschool large families and hope to return the American Catholic Church to its former glory. To Yeshiva, Wheaton, Notre Dame, and more than a dozen other schools, big and small, rich and poor, new and old, Catholic, Protestant, Jewish, Mormon, and even Buddhist, all training grounds for the new Missionary Generation. With a critical yet sympathetic eye, Riley, a contributor to the *Wall Street Journal*, the *Boston Globe*, the *New York Times*, the *Weekly Standard*, and the *Chronicle of Higher Education*, studies these campuses and the debates that shape them. In a post-9/11 world where the division between secular and religious has never been sharper, what distinguishes these colleges from their secular counterparts? What does the missionary generation think about political activism, feminism, academic freedom, dating, race relations, homosexuality, and religious tolerance-and what effect will these young men and women have on the United States and the world?

Book of Mormon Study Guide, Pt. 3 Randal S. Chase, 2010-12-08 Helaman through Moroni. This volume is the third of three on the Book of Mormon. It covers the Book of Helaman through through the Book of Moroni. This includes the period of great wickedness just prior to the coming of Christ. We read of the missions of Nephi and Lehi, followed by Samuel the Lamanite. The signs of Christ's birth and death are given, followed by their fulfillment. Great destruction occurs on the American continent, and only the righteous survive in the Land of Bountiful. Christ appears to the Nephites, teaches and heals them, organizes His Church and ordains 12 disciples to lead them. After His departure, a Zion people live in peace for many years, then decline again into great wickedness. We read of the final days of the Nephites in the writings of Mormon and Moroni. We also read about the Jaredites, who were the first to inherit the land, long before Lehi's family arrived. In all, it covers 2,000 years of Jaredite history, and 469 years of Nephite history from 52 BC to 421 AD when the book of Moroni closes. The cover features a beautiful painting titled *Behold Your Little Ones*, by Del Parson.

American Political Music Danny O. Crew, 2005-12-01 Since the years before the Revolutionary War, American

composers have expressed their political passions and viewpoints in song. Music inspired by political themes and politicians can reveal a great deal about significant people and events that have shaped our national political atmosphere. American Political Music provides a state-by-state inventory of thousands of songs about American political personalities from 1756 through 2004. The book documents music for all political offices except president. Within each state and the District of Columbia, the names of elected politicians, candidates for public office and other high-profile individuals appear in alphabetical order with a detailed listing of published songs that relate to them. Also included under each state where applicable is a “miscellaneous” section containing general political topics about that state—everything from temperance (“Vote Our California Dry”) to the women’s vote (“Rally Song for the Ohio Suffragist”) to the introduction of Boston’s first public water system (“Cochituate Grand Quick Step”). Under each person or topic are listed related songs, with title, tune, composer and lyricist, publisher, copyright year, and information on where a particular song or its lyrics may be found (i.e., broadsides, sheet music, songbooks, songs published in newspapers, wax cylinders, piano rolls, vinyl records, CDs, internet or mp3 files). Also included is an appendix of parodied songs demonstrating, among other things, the durability of Battle Hymn of the Republic and Yankee Doodle as fertile and favored ground for the parodist. The book also includes a list of publishers by city and indexes of song titles; authors and composers; politicians; and subjects and offices.

Broadway Babies Say Goodnight Mark Steyn, 2014-07-10 The glorious tradition of the Broadway musical from Irving Berlin to Jerome Kern and Rodgers and Hammerstein to Stephen Sondheim. And then . . . Cats and Les Miz. Mark Steyn's *Broadway Babies Say Goodnight* is a sharp-eyed view of the whole span of Broadway musical history, seven decades of brilliant achievements the best of which are among the finest works American artists have made. Show Boat, Oklahoma!, Carousel, Gypsy, and more. In an energetic blend of musical history, analysis, and backstage chat, Mark Steyn shows us the genius behind the 'simple' musical, and asks hard questions about the British invasion of Broadway and the future of the form. In this delicious book he gives us geniuses and monsters, hits and atomic bombs, and the wonderful stories that prove show business is a business which -- as the song goes --there's no business like.
