Andreas Neef,Natasha Pauli

Fiji Asian Development Bank,2015-11-01 From 2010 onward, Fiji witnessed one of its strongest spells of economic growth since independence. Extreme poverty is in the single digits, but nearly a third of the population is unable to meet basic needs. Fiji thus faces two major challenges: to create a business environment that can attract more private investment to help sustain its growth momentum, and to make that growth inclusive so that all of Fiji can benefit. This country diagnostic study undertaken by the Asian Development Bank identifies the critical constraints to inclusive growth in Fiji and proposes policy options for addressing them.

Fiji Debbie Nevins,Roseline NgCheong-Lum,2019-07-15 The island nation of Fiji has some of the best beach scenes and activities for visitors. Lying to the east of Australia and the north of New Zealand, this island offers a variety of culture, opportunities, and traditions. It is one of the first places to celebrate the New Year every January, and its history stretches back millennia. This book explores Fiji's many aspects. Readers learn about its language, lifestyles, and religious beliefs and practices, as well as its varied history, helping readers understand its place in contemporary society.

The People Have Spoken Steven Ratuva,Stephanie Lawson,2016-03-23 The September 2014 elections in Fiji was one of the most anticipated in the history of the country, coming after eight years of military rule and under a radically new constitution that introduced a system of proportional representative (PR) and without any reserved communal seats. The election was won overwhelmingly by FijiFirst, a party formed by 2006 coup leader Frank Bainimarama. He subsequently embarked on a process of shifting the political configuration of Fijian politics from inter-ethnic to trans-ethnic mobilisation. The shift has not been easy in terms of changing people's perceptions and may face some challenges in the longer term, despite Bainimarama's clear victory in the polls. Ethnic consciousness has the capacity to become rearticulated in different forms and to seek new opportunities for expression. This book explores these and other issues surrounding the 2014 Fiji elections in a collection of articles written from varied political, intellectual and ideological positions.

Republic of Fiji International Monetary Fund. Asia and Pacific Dept,2016-02-22 Fiji is enjoying a strong growth momentum due to accommodative policies, robust tourism and strong remittances, and an improvement in the terms of trade. The smooth and peaceful elections in September 2014 marked the return to democracy—leading to a normalization in relations with development partners, further boosting investor and consumer confidence. While addressing infrastructure

gaps and further improving the business climate will be critical to ensure strong, sustainable and more inclusive growth, this must be balanced against the need to consolidate fiscal policy. Risks are tilted to the downside, related to external developments and prolonged accommodative policy settings.

Republic of Fiji International Monetary Fund, 2012-02-21 This 2011 Article IV Consultation reports that Fiji's economic outlook appears stable, but there are downside risks related to the political situation, structural weaknesses, and the global environment. The 2012 budget has proposed much-needed fiscal consolidation, though marginal income tax rate reductions will make it difficult to achieve deficit targets. Monetary policy is accommodative, given the currently benign inflation outlook, but continued vigilance against future inflationary pressure is critical, and credit growth targets should be avoided.

Historical Dictionary of Fiji Brij V. Lal, 2015-12-15 This book is the first concise account of the history of the Fiji islands from the beginning of human settlement to the early years of the 21st century. Its primary focus is on the period since the advent of colonial rule in the late 19th century to the present, benefiting from the author's internationally acknowledged expertise as a scholar and writer on the Fijian past. Besides factual information, the book also offers a scholarly assessment of the people and events which have shaped Fiji's history. The Historical Dictionary of Fiji contains a chronology, an introduction, appendixes, and an extensive bibliography. The dictionary section has over 300 cross-referenced entries on important personalities, politics, economy, foreign relations, religion, and culture. This book is an excellent resource for students, researchers, and anyone wanting to know more about Fiji.

The Requirement of Consultation with Indigenous Peoples in the ILO Maria Victoria Cabrera Ormaza, 2017-11-13 In *The Requirement of Consultation with Indigenous Peoples in the ILO*, María Victoria Cabrera Ormaza examines the law-making and interpretive practice of the International Labour Organization (ILO) relating to indigenous peoples with a particular focus on the consultation requirement established by Article 6 of ILO Convention No. 169. Taking into account both the mandate and institutional characteristics of the ILO, the author explains how the ILO understands the notion of consultation with indigenous peoples and outlines the flaws in its approach. Through a comprehensive analysis of state practice and human rights jurisprudence concerning indigenous peoples, the author explores the normative impact of ILO Convention No. 169, while revisiting the ILO's potential to help harmonize different interpretations of the consultation requirement.

Fiji: The Challenges and Opportunities of Diversity Vijay Naidu, 2013-04-09 Fiji has experienced four military coups and a military mutiny since 1987, mainly as a result of tension between the majority indigenous Fijian population and an economically powerful Indian minority. Smaller minorities, including Banabans, Rotumans, Chinese, Melanesians and other Pacific islanders are largely politically invisible, and socially and economically excluded. In January 2013, Fiji's government rejected a draft constitution drawn up by an independent commission, and submitted it to be re-written by the Attorney-General's office. This intervention threatens to significantly undermine the people's confidence in the process, the final

document and a democratic future for Fiji. Against the backdrop of these upheavals, this report provides insight into the underlying causes and consequences of ethnic tensions in Fiji, based on evidence drawn from extensive interviews across the diversity of Fiji's ethnic groups. This report urges the government, civil society and religious and ethnic community leaders to promote understanding, tolerance and dialogue between groups. It also provides specific recommendations on tackling ethnic discrimination and exclusion.

Pacific Forest Sector Outlook Study 2023 Nair, C.T.S.,Matta, R.,Kumar, R.,Lee, S.,Thomson, L.,2023-06-19 This outlook study focuses on the Pacific Small Island Developing States (SIDS), comprising 14 countries in the Pacific region - Fiji, Papua New Guinea, Solomon Islands, and Vanuatu (Melanesia); the Federated States of Micronesia, Kiribati, the Marshall Islands, Nauru, and Palau (Micronesia); and the Cook Islands, Niue, Samoa, Tonga, and Tuvalu (Polynesia). It examines the future prospects for forests and trees in the Pacific, providing insights into potential pathways of change and options for achieving the Sustainable Development Goals (SDGs). The study was prepared by FAO in response to a request from the Pacific Ministers of Agriculture and Forestry and incorporates information from country outlook papers, thematic studies, and various published and unpublished sources.

Pursuing Respect in the Cannibal Isles Nancy Shoemaker,2019-11-15 Full of colorful details and engrossing stories, *Pursuing Respect in the Cannibal Isles* shows that the aspirations of individual Americans to be recognized as people worthy of others' respect was a driving force in the global extension of United States influence shortly after the nation's founding. Nancy Shoemaker contends that what she calls extraterritorial Americans constituted the vanguard of a vast, early US global expansion. Using as her site of historical investigation nineteenth-century Fiji, the cannibal isles of American popular culture, she uncovers stories of Americans looking for opportunities to rise in social status and enhance their sense of self. Prior to British colonization in 1874, extraterritorial Americans had, she argues, as much impact on Fiji as did the British. While the American economy invested in the extraction of sandalwood and sea slugs as resources to sell in China, individuals who went to Fiji had more complicated, personal objectives. *Pursuing Respect in the Cannibal Isles* considers these motivations through the lives of the three Americans who left the deepest imprint on Fiji: a runaway whaler who settled in the islands, a sea captain's wife, and a merchant. Shoemaker's book shows how ordinary Americans living or working overseas found unusual venues where they could show themselves worthy of others' respect—others' approval, admiration, or deference.

The International Directory of Government 2022 Europa Publications,2022-08-05 The International Directory of Government is the definitive guide to people in power in every part of the world. All the top decision-makers are included in this one-volume publication, which brings together government institutions, agencies and personnel from the largest nations (China, India, Russia, etc.) to the smallest overseas dependencies (Guadeloupe, Guernsey and Christmas Island, etc). Key features: - comprehensive lists of government ministers and ministries - coverage of state-related agencies and other institutions arranged by subject heading - details of important state, provincial and regional administrations, including information on US states, Russian republics, and the states and territories of India. Contents include: A comprehensive directory section organized by country or territory; Details of co-ordinating bodies, and of foundations, trusts and non-profit organizations; A full index of organizations, and indexes by main activity and by geographical area of activity.

Young Indo-Fijian Women Breaking Barriers in Fijian Sporting Spaces Rohini Balram, 2025-08-20 This book explores the gendered and racial lived everyday and sporting experiences of Brown migrant young women and girls in Fiji. The author empirically employs a novel visual and arts-based research methodology (ABRM) and arts-based method (ABM) to collect and present the data. Carefully woven non-fiction creative pieces sourced from semi-structured interviews and reflexive ethnographic observations from fieldwork bring to the forefront the voices of Indo-Fijian women and girls. Using an intersectional approach from Gayatri Spivak to Nirmal Puwar, Raewyn Connell and Judith Butler, the author illuminates the triple layer of the marginalities Indo-Fijian women and girls experience in the sporting arena within a settler-colonial context. The book shows the agency of young athletic Indo-Fijian women and how they collectively challenge hegemonic masculinities in sports. This highly timely and original book therefore contributes qualitative intersectional research to the growing body on literature of sporty women of colour in the Global South. It thus appeals to scholars and students of sociology of sports, race and ethnicity, diaspora studies, gender studies, anthropology, as well as the history of Oceania and South Asia.

Fiji 2012 Asian Development Bank, 2012-12-01 This report provides a longitudinal study of the Fiji economy covering more than 2 decades of growth and development. It presents an economic update and outlook for the Fiji economy and assesses the key drivers of performance across key economic sectors. The report identifies potential reform strategies that can guide future policy action, assist in accelerating growth, and strengthen pro-poor policy development in Fiji.

Routledge Handbook of Contemporary Issues in Expropriation Frances Plimmer, William McCluskey, 2018-09-18 The

Routledge Handbook of Contemporary Issues in Expropriation reviews the contemporary major issues involving expropriation (eminent domain/compulsory purchase) in an international context. Expropriation is a right reserved to all governments, and, thus, it has an impact on all societies. This book, the first of its kind, considers the essential issues from the point of view of both developing and developed countries, and their needs for major infrastructure projects. The content covers major issues, principles and policies and includes the experiences of and examples from different countries and regions, including Australia, Asia, China, Europe, India and the USA. Rather than providing an in-depth examination of individual countries' legal systems, the book focuses on international issues, and also provides a reflection on how national experiences can be related to global needs. Key themes include: Nature and quantum of compensation • Land rights and the acquisition of traditional land rights • Issues surrounding 'public interest' • Alternatives to expropriation • The future: "good practice", debate and reform. This handbook is an essential resource for students and researchers in the areas of land policy, land law, property law and rights, and international development.

Re-invigorating Private Sector Investment Asian Development Bank, 2013-06-01 This private sector assessment reviews Fiji's private sector environment in 2006-2012, against recommendations made in the Asian Development Bank (ADB) publication 2005 Promise Unfulfilled: Private Sector Assessment for Fiji. While Fiji has made considerable reform progress in a number of areas (including tax reforms, encouraging telecommunications competition, and reducing barriers to foreign investment), it still faces considerable challenges in responding to a range of macroeconomic shocks following the global economic crisis, and political and policy uncertainty at home.

Tourism in Pacific Islands Stephen Pratt, David Harrison, 2015-02-20 Pacific Island Countries have been shown to be especially vulnerable to such external influences as natural disasters, political unrest and downturns in the global economy and their tourism industries have been notably affected. In particular, they typically have a narrow resource base and a fragile and often vulnerable natural environment. While there is some research on islands and small states, there is a dearth of information on the South Pacific and very little research is being undertaken in the region compared to other geographical

regions in the world. This volume brings together current work in Pacific Island tourism. In this collection, three main themes arise: Images of the South Pacific; Socio-economic Impacts of Tourism; and Pacific Island Countries and the Outside World. The first focus is on the question of image, namely, stereotypes of a destination held by tourists and potential tourists, the extent to which residents, for their part, really welcome visitors, and the role tourism might play in changing pre-established images. The second theme is tourism's impacts, notably the economic and socio-cultural effects of international tourism's intrusion in the region which, though often hotly debated, have attracted relatively little empirical research. The third focus is on the challenges of how PICs articulate with their external geo-political and physical environment. These involve existing relations with formal colonial centres, geographical isolation, the need for greater air access to the outside world and for more tourists, and the continuing threat to several PICs of global warming, which increased air travel will inevitably exacerbate. This text will be of interest to tourism students, researchers and academics in the fields of tourism, development studies and cultural studies.

De Gruyter Handbook of Climate Migration and Climate Mobility Justice Andreas Neef, Natasha Pauli, Bukola Salami, 2024-09-23 Accelerating climate change is widely predicted to have profound impacts on human mobility over the coming decades. Climate mobilities and immobilities invoke issues of justice and social inequality and pose numerous socio-cultural, health, economic, legal and political challenges. Current international legal frameworks and national governance mechanisms provide insufficient protection for people displaced by climate change who are often subjected to health risks, psychosocial trauma, human rights abuse, and even new climatic risks. At the same time, there is a need to better understand how climate change interacts with other mobility drivers and why many climate-affected people decide to stay put or remain trapped in at-risk locations. Drawing on a wide range of disciplinary traditions and featuring Indigenous voices and youth perspectives, this book introduces new conceptual frameworks and empirical studies to examine the unique challenges facing people on the move and those staying behind.

Climate-Induced Disasters in the Asia-Pacific Region Andreas Neef, Natasha Pauli, 2020-11-09 In this volume, contributors look at response, recovery and adaptation to climate-induced disasters, in Asia-Pacific - the world's most disaster-prone region. Chapters examine case studies from Cambodia, Fiji, Solomon Islands and Samoa.
