Joey Pigza Swallowed the Key Jack Gantos, 2011-07-05 They say I'm wired bad, or wired sad, but there's no doubt about it -- I'm wired. Joey Pigza's got heart, he's got a mom who loves him, and he's got dud meds, which is what he calls the Ritalin pills that are supposed to even out his wild mood swings. Sometimes Joey makes bad choices. He learns the hard way that he shouldn't stick his finger in the pencil sharpener, or swallow his house key, or run with scissors. Joey ends up bouncing around a lot - and eventually he bounces himself all the way down, into the district special-ed program, which could be the end of the line. As Joey knows, if he keeps making bad choices, he could just fall between the cracks for good. But he is determined not to let that happen. In this antic yet poignant new novel, Jack Gantos has perfect pitch in capturing the humor, the off-the-wall intensity, and the serious challenges that life presents to a kid dealing with hyper-activity and related disorders. This title has Common Core connections. Joey Pigza Swallowed the Key is a 1998 National Book Award Finalist for Young People's Literature.

Joey Pigza Loses Control Jack Gantos, 2011-07-05 The sequel to Joey Pigza Swallowed the Key, a National Book Award Finalist. When Joey Pigza meets his dad for the first time in years, he meets a grown-up version of his old out-of-control self. Carter Pigza is as wired as Joey used to be -- before his stint in special ed, and before he got his new meds. Joey's mom reluctantly agrees that he can stay with his dad for a summer visit, which sends Joey racing with sky-high hopes that he and Carter can finally get to know each other. But as the weeks whirl by, Carter has bigger plans in mind. He decides that just as he has pulled himself up by his own bootstraps, Joey can do the same and become as normal as any kid, without the help of a doctor's prescription. Carter believes Joey can do it and Joey wants to believe him more than anything in the world. Here is the continuation of the acclaimed Joey Pigza story, affirming not only that Joey Pigza is a true original but that it runs in the family. This title has Common Core connections. Joey Pigza Loses Control is a 2000 New York Times Book Review Notable Children's Book of the Year and a 2001 Newbery Honor Book.

School-based Crisis Intervention Melissa Allen Heath, Dawn Sheen, 2005-03-17 When a student is in dire need of emotional support, caring adults in the school can make a difference. This essential resource helps practitioners prepare all school personnel to respond sensitively and effectively to children and adolescents in crisis. Packed with user-friendly features--including over 50 reproducible tools--the book provides crucial guidance for helping students cope with such

stressful circumstances as bullying, abuse, parental divorce, chronic illness, depression, loss, and more. The emphasis is on giving teachers and staff basic crisis intervention skills: how to react, what to say, and what to do to create a safe and supportive environment. In a large-size format with lay-flat binding to facilitate photocopying, the volume's utility is enhanced by many specific training ideas and activities. This book is in The Guilford Practical Intervention in the Schools Series.

Family Disintegration Anton Purcell, 2002 The contemporary family is being distracted, disturbed and distraught by societal pressures from every direction. The nuclear family concept, believed crucial to child rearing, is becoming passé according to census data. Or has the wave of disruption to families crested? It is hoped that this bibliography will serve as a useful tool to researchers seeking further information on families and the pressures being exerted upon them in the 21st century.

Using Literature to Support Skills and Critical Discussion for Struggling Readers Nancy S. Williams, 2004 Emphasizing the need to develop higher-level thinking skills and critical discussion with intermediate and middle school struggling readers, Williams uses quality children's literature as a springboard to help readers: understand and use descriptive vocabulary and figurative language, make personal connections with text, create and solve text related mathematical problems, promote an active, engaged discussion and critical analysis of the story and the important issues raised in text, extend meaning through research and writing, art, and drama. To help teachers match student to text, literature selections are categorized according to interest (e.g., mystery, sports, humor, identity/solving problems), genre, and include reading level, interest level, and number of pages. Discussion questions and extension activities _specific to over 100 children's literature selections_ provide opportunities for students to ask questions, discuss and use descriptive language, make predictions and inferences, evaluate story elements, and critically reflect on character perspectives and social issues raised in the text. All questions are appropriate for individual work, special education classrooms, general education and inclusion classrooms, and help teachers facilitate literature discussion groups, book club discussion and response writing, self-regulated reading, guided reading, and whole class discussions.

Interpreting Literature With Children Shelby A. Wolf, 2014-04-04 A remarkable book that addresses the ways in which children respond to literature across a variety of everyday classroom situations. The result is a balanced resource for teachers who want to deepen their understanding of literature and literary engagement.
