**The Vampire Diaries as Postmodern Storytelling** Kimberley McMahon-Coleman,Nina Vanessa Weber,Iris-Aya

Laemmerhirt,2024-02-01 Taking a postmodern critical approach, this collection of new essays explores The CW Network's popular television drama The Vampire Diaries, taking in the complete original series (2009-2017), its spinoffs, source novels and fan fiction. Spanning three decades, TVD has engaged its predominantly teenage audience with storylines around love, friendship, social politics and gender roles. Contributors traverse the franchise's metamorphosis to suit the complex tastes of an early 21st century audience.

**The Awakening** L. J. Smith,2010-01-01 Elena's discovers her exciting new boyfriend is actually a vampire.

*Love You to Death* Crissy Calhoun,2010-11-12 Presents an episode-by-episode look at the first season of The Vampire Diaries and includes the story of L.J. Smith, background on the shows creators, and biographies of the actors.

**The New Heroines** Katheryn Wright,2016-03-21 This book explores how the next generation of teen and young adult heroines in popular culture are creating a new feminist ideal for the 21st century. Representations of a teenage girl who is unique or special occur again and again in coming-of-age stories. It's an irresistible concept: the heroine who seems just like every other, but under the surface, she has the potential to change the world. This book examines the cultural significance of teen and young adult female characters—the New Heroines—in popular culture. The book addresses a wide range of examples primarily from the past two decades, with several chapters focusing on a specific heroic figure in popular culture. In addition, the author offers a comparative analysis between the New Woman figure from the late 19th and early 20th century and the New Heroine in the 21st century. Readers will understand how representations of teenage girls in fiction and nonfiction are positioned as heroic because of their ability to find out about themselves by connecting with other people, their environment, and technology.

**The CW Comes of Age** Ashley Lynn Carlson,Lisa K. Perdigao,2022-03-15 Often overlooked in the history of broadcast television, The CW became a top-rated cable network in primetime during the mid-2000s, at a moment when many critics predicted the death of the medium. Launched as a joint venture and successor to The WB and UPN, The CW focused programming on an 18 to 34-year-old, predominantly female audience and soon won over viewers with shows like Gossip Girl, Jane the Virgin and the DC Arrowverse franchise. Nimble adapting to the streaming services era, the network has strengthened new series development and its innovative distribution system. This collection of new essays examines The CW's business model, marketing strategies and most popular series.

*The Transmedia Vampire* Simon Bacon,2022-02-18 This book explores vampire narratives that have been expressed across multiple media and new technologies. Stories and characters such as Dracula, Carmilla and even Draculaura from Monster High have been made more real through their depictions in narratives produced in and across different platforms. This also allows the consumer to engage on multiple levels with the vampire world, blurring the boundaries between real and imaginary realms and allowing for different kinds of identity to be created while questioning terms such as author, reader,

player and consumer. These essays investigate the consequences of such immersion and why the undead world of the transmedia vampire is so well suited to life in the 21st century.

Love You to Death - Season 2 Crissy Calhoun, 2011-09 Go deep into the heart of Mystic Falls with this episode-by-episode look at the second season of The Vampire Diaries. This next volume in a series School Library Journal called 'well written and thoroughly detailed, ' Love You to Death: The Unofficial Companion to The Vampire Diaries ' Season 2 is the essential guide to the show, featuring insightful explorations of each episode with information on the rich history, supernatural mythology, film references, character development, and much more; chapters on the vampire, werewolf, and doppelgänger lore that inspired the series; and details on the making of the show, the people who put it together, and the fandom that keeps it alive. With photos of the irresistible cast and of the show's filming locations, this second installment captures the fun, fangs, and fear that make this bloodcurdling show so epic.

**(Re)imagining the World** Yan Wu, Kerry Mallan, Roderick McGillis, 2013-06-18 (Re)Imagining the world: Children's Literature's Response to Changing Times considers how writers of fiction for children imagine 'the world', not one universal world, but different worlds: imaginary, strange, familiar, even monstrous worlds. The chapters in this collection discuss how fiction for children engages with some of the changes brought about by new technologies, information literacy, consumerism, migration, politics, different family structures, cosmopolitanism, new and old monsters. They also invite us to think about how memory shapes our understanding of the past, and how fiction engages our emotions, our capacity to empathise, and our desire to discover, and what the future may hold. The contributors bring different perspectives from education, postcolonial studies, literary criticism, cultural studies, childhood studies, postmodernism, and the social sciences. With a wide coverage of texts from different countries, and scholarly and lively discussions, this collection is itself a testament to the power of the human imagination and the significance of children's literature in the education of young people.
