Francine Falk-Ross

The Lord Of The Rings J.R.R. Tolkien, 2012-02-15 Immerse yourself in Middle-earth with J.R.R. Tolkien's classic masterpieces behind the films... This special 50th anniversary edition includes three volumes of *The Lord of the Rings* (*The Fellowship of the Ring*, *The Two Towers*, and *The Return of the King*), along with an extensive new index—a must-own tome for old and new Tolkien readers alike. One Ring to rule them all, One Ring to find them, One Ring to bring them all and in the darkness bind them. In ancient times the Rings of Power were crafted by the Elven-smiths, and Sauron, the Dark Lord, forged the One Ring, filling it with his own power so that he could rule all others. But the One Ring was taken from him, and though he sought it throughout Middle-earth, it remained lost to him. After many ages it fell by chance into the hands of the hobbit Bilbo Baggins. From Sauron's fastness in the Dark Tower of Mordor, his power spread far and wide. Sauron gathered all the Great Rings to him, but always he searched for the One Ring that would complete his dominion. When Bilbo reached his eleventy-first birthday he disappeared, bequeathing to his young cousin Frodo the Ruling Ring and a perilous quest: to journey across Middle-earth, deep into the shadow of the Dark Lord, and destroy the Ring by casting it into the Cracks of Doom. *The Lord of the Rings* tells of the great quest undertaken by Frodo and the Fellowship of the Ring: Gandalf the Wizard; the hobbits Merry, Pippin, and Sam; Gimli the Dwarf; Legolas the Elf; Boromir of Gondor; and a tall, mysterious stranger called Strider. J.R.R. Tolkien (1892-1973), beloved throughout the world as the creator of *The Hobbit*, *The Lord of the Rings*, and *The Silmarillion*, was a professor of Anglo-Saxon at Oxford, a fellow of Pembroke College, and a fellow of Merton College until his retirement in 1959. His chief interest was the linguistic aspects of the early English written tradition, but while he studied classic works of the past, he was creating a set of his own.

'You Don't Know' Jacob A. E. Nielsen, 2025-03-01 People employed at sites of precarious work such as call centres or retail warehouses often live precarious lives. Drawing on ethnographic research in a London hostel for precarious workers, the book explores the political, analytical and practical limitations of using traditional methods of trying to make sense of life in these settings. Traditional methods are rooted in practices that emerge from privileged social positions and their enactment is deeply entangled with the processes that create these conditions in the first place. This book responds to this by experimenting with 'precarious methods' to enable greater agency to those placed in these precarious situations.

Examining The Lord of the Rings Aaron Ryan, 2025-03-31 Examining *The Lord of the Rings* by Aaron Ryan is an in-

depth look at what makes the quintessential science fiction fantasy saga by J.R.R. Tolkien work so well, and why it's so appealing across generations and cultures. With themes that resound, characters that appeal, and narrate that resonates, The Lord of the Rings is a timeless classic that continues to reach new audiences for good reason. === Also included in this critical piece is an epic 65-stanza poem entitled Ode to Tolkien, written by Ryan, which testifies to J.R.R. Tolkien's incredible prowess in world-building and story-crafting. It is an immense work written in the rhyme and meter of Tolkien himself, and is deeply compelling. Author Aaron Ryan of the Dissonance post-apocalyptic alien invasion saga, and the Christian dystopian saga, The End credits much of his writing style and inspiration from Tolkien and The Lord of the Rings, and presents this labor of love to inspire and encourage readers everywhere to grab their copy of The Lord of the Rings - and get lost in the magic as he did. === Examining The Lord of the Rings is a compelling critique of the greatest work of fiction ever rendered. Enjoy your copy today!

Language-Based Approaches to Support Reading Comprehension Francine Falk-Ross, 2014-07-09 *Language-Based Approaches to Support Reading Comprehension* takes a closer look at students who are frequently marginalized by language differences in the classroom, whether by teachers' oversight or simply the lack of information. In order to remedy this situation, Falk-Ross and the contributing authors offer their different perspectives on supporting English language learners (ELLs) through specific strategies for assessment and instruction. Each chapter presents a specific issue and challenge, supportive research and up-to-date information, classroom implications and strategies, and case study applications relating to the particular perspective of literacy development for ELLs of middle-level ages.

The Indispensable Librarian Douglas A. Johnson, 2013-05-09 This readable and practical book examines the changes in school libraries brought by the digital revolution—and describes how new and experienced librarians can take advantage of them. Both a book of practical solutions to today's budgetary and staffing problems in school libraries as well as an advocacy book, *The Indispensable Librarian: Surviving and Thriving in School Libraries in the Information Age, Second Edition* provides a practice-based overview of all management topics that also supplies real-world scenarios, step-by-step instructions, and pragmatic solutions to specific problems. In this follow-up to his original book, Doug Johnson offers more practical methods and sage advice for leveraging technology's popularity and effectiveness to build stronger programs and cultivate beneficial professional connections and friendships. He defines and clarifies the role of the school library media specialist in a technologically enhanced school, providing relevant examples and useful advice on a variety of topics; and underscores the importance of strong management skills, especially regarding collaborative planning and communications. The book is written especially for K-12 school librarians, both new and experienced, and is also suitable for pre-service librarians as a textbook.

Hollywood Online Ian London,2024-03-07 Hollywood Online provides a historical account of motion picture websites from 1993 to 2008 and their marketing function as industrial advertisements for video and other media in the digital age. The Blair Witch Project is the most important example of online film promotion in cinema history. Over the last thirty years only a small number of major and independent distributors have converted internet-created buzz into box-office revenues with similar levels of success. Yet readings of how the film's internet campaign broke new ground in the summer of 1999 tend to minimize, overlook or ignore the significance of other online film promotions. Similarly, claims that Blair initiated a cycle of imitators have been repeated in film publications and academic studies for more than two decades. This book challenges three major narratives in studies about online film marketing: Hollywood's major studios and independents had no significant relationship to the internet in the 1990s; online film promotions only took off after 1999 because of Blair; and Hollywood cashed-in by initiating a cycle of imitators and scaling up corporate activities online. Hollywood Online tests these assumptions by exploring internet marketing up to and including the film's success online (Pre-Blair, 1993-9), then by examining the period immediately after Blair (Post-Blair, 2000-8) which broadly coincides with the rise and decline of DVD, as well as the emergence of the social media sites MySpace, Facebook and Twitter.

Harry Potter, Narnia, and the Lord of the Rings Richard Abanes,2005 Abanes takes a balanced look at the fantasy phenomenon and clears away the confusion that many feel when they approach fantasy books and films.

The Stephen King Companion George Beahm,2015-10-06 Shares information on the life of Stephen King, including his personal life, analysis of his professional works, and interviews with friends and colleagues.

The Fellowship of the Ring (The Lord of the Rings, Book 1) J. R. R. Tolkien,2009-04-20 Darkness Will Bind Them... watch The Lord of the Rings: The Rings of Power season 2 on Prime Video

The Road Goes Ever On and On Jeb Smith,2023-04-12 Engrossing...Tolkien's principles--patriotism, Medievalism, localism, Catholicism--are certainly out of fashion today. And yet they're the foundation for all his books, which have sold hundreds of millions of copies. Mr. Smith does a wonderful job of explaining why modern readers are so enthralled by Tolkien's reactionary vision. Whether you're a casual Lord of the Rings fan or a serious Tolkien scholar, every page of Mr. Smith's book will delight and fascinate. And if anyone ever tells you that fairy-tales are only for children, hand him this book. Tolkien ought to be regarded as one of the great social critics of our time, as Mr. Smith so masterfully demonstrates. - Michael Warren Davis is an editor for Sophia Institute Press and the author of *The Reactionary Mind: Why Conservative Isn't Enough*. You can find him on his blog, *The Common Man*. As the popularity of Tolkien's work continues to endure, the importance of Jeb Smith's work continues to grow. This is because of a prolonged siege against Tolkien's work: the attempt to dislodge it from its Christian and Biblical foundations. Jeb Smith's insights are immensely helpful to this and future generations of Tolkien admirers. Scott L. Smith, author of *Lord of the Rings and the Eucharist* J.R.R. Tolkien's Middle-earth

has captured the imaginations of millions of readers around the world for generations. He is considered the father of modern fantasy, but few understand how Tolkien's worldview impacted his mythology. *The Road Goes Ever On and On* is the first book of its kind to place Tolkien within his proper context, giving the reader a deeper understanding of Tolkien and Middle-earth. Smith takes us on a quest through a wide range of Tolkien's writings to unlock Tolkien's perspective--a perspective that, like the elves who have sailed into the West leaving Middle-earth, has faded away from our world. You will gain an in-depth knowledge of Tolkien's views on politics, environmentalism, religion, and much more. From the Valar to Hobbits, the free peoples closely follow Tolkien's sentiments. In contrast, forces under the Shadow represent what Tolkien believed was immoral. Covering a wide range of topics, *The Road Goes Ever On and On* is filled with breathtaking illustrations bringing Middle-earth to life like never before, making this the 'one book to rule them all.'

Computer Games Diane Carr, 2006-03-31 Offering a balance of theory and practice, this text looks at both game texts and how they are actually played, teaching the student methods for analysing the games themselves.

Human-Computer Interaction -- INTERACT 2013 Paula Kotzé, Gary Marsden, Gitte Lindgaard, Janet Wesson, Marco Winckler, 2013-07-30 The four-volume set LNCS 8117-8120 constitutes the refereed proceedings of the 14th IFIP TC13 International Conference on Human-Computer Interaction, INTERACT 2013, held in Cape Town, South Africa, in September 2013. The 55 papers included in the second volume are organized in topical sections on E-input/output devices (e-readers, whiteboards), facilitating social behaviour and collaboration, gaze-enabled interaction design, gesture and tactile user interfaces, gesture-based user interface design and interaction, health/medical devices, humans and robots, human-work interaction design, interface layout and data entry, learning and knowledge-sharing, learning tools, learning contexts, managing the UX, mobile interaction design, and mobile phone applications.

Humans Are Not Robots Robert Hawkins, 2020-11-10 A hopeful vision of the post-covid-19 world of work and society, with practical guidance for how to get there. In this entertaining, thought-provoking, and comprehensive guidebook on work flexibility, Robert Hawkins builds on new and old management theories, case studies, interviews, and his own personal journey from rigidity to flexibility to show leaders how to free hundreds, thousands, millions of people from a way of working that doesn't meet expectations for modern life. *Humans Are Not Robots* provides theory and evidence to show the urgent need for flexibility for all and then offers practical guidance on rolling out sustainable and successful (and profitable) flexibility campaigns. Hawkins explores various types of flexibility, including remote work, flexitime, compressed workweeks, and job sharing, as well as those not commonly discussed (reduced hours with full pay, return-to-work internships, flexibility in manufacturing, healthcare, construction). He delves into the science of human needs theory to demonstrate how the traditional nine-to-five workplace creates unsustainable lives and shows that, with even small changes, leaders in any industry can use flexibility to: Make work a vital and fun part of life again Boost productivity, engagement, and innovation

Reduce gender inequality and domestic violence Delay retirement of workers and mitigate the issues of an ageing population Fight obesity and reduce the burden of poor health on individuals and health systems Ensure that people maintain needed skills and relevance in the face of increased automation and uncertainty Impact climate change and do all of this while increasing profits. Part philosophical and scientific journey, part how-to guide, *Humans are Not Robots* provides readers a deep-dive into the world of work flexibility to learn how to fully unlock its power. Essential reading for leaders of any organization, the book presents a stark and beautiful vision of what people's lives could be, and the idea that this can be achieved right now.

Media and Culture Richard Campbell, Christopher R. Martin, Bettina Fabos, 2011-02-23 It's no secret today's media landscape is evolving at a fast and furious pace — and students are experiencing these developments firsthand. While students are familiar with and may be using the latest products and newest formats, they may not understand how the media has evolved to this point or what all these changes mean. This is where *Media and Culture* steps in. The eighth edition pulls back the curtain and shows students how the media really works, giving students the deeper insight and context they need to become informed media critics.

Buzz Marketing with Blogs For Dummies Susannah Gardner, 2005-03-11 In this instant-communication world, buzz means business! And one of the greatest ways to get customers and potential customers buzzing about your business is with a Web log, commonly called a blog. Blogs can help you: Introduce the people behind your business Discuss relevant issues Provide a clearinghouse for information and expertise Show your business as a good corporate citizen Support an exchange of ideas Get honest feedback from your customers Affect public opinion If you're new to blogging, or if you know the mechanics of a blog but want some help refining and targeting yours, *Buzz Marketing With Blogs For Dummies* will get you going right away. An expert blogger shows you the ins and outs of putting together a professional-looking blog, walks you through the jargon, helps you decide what your blog should do, and even explains various software solutions. You'll find out how to: Set up and maintain a blog, write in blogging style, and observe blogging etiquette Define your audience and target your blog to reach them Involve your customers, earn their trust, educate the public, and build community Avoid possible legal pitfalls while keeping your blog interesting Encourage contributions and links to your blog Use images and design an eye-catching format Optimize your blog for top search engine ratings, track your results, and measure your success Written by Susannah Gardner, who has taught online journalism, directed multimedia efforts, and provided custom Web solutions to clients, *Buzz Marketing With Blogs For Dummies* even shares tips from the experts who establish and maintain some of the top-rated business blogs. You'll discover the secrets of success, how to spot and solve problems, what software can enhance your blogging life, and a whole lot more. It like having a staff of experts on call!

Windows XP Digital Music For Dummies Ryan C. Williams, 2004-11-12 * Explains in plain English how to evaluate online

music services, download music, select a portable player, turn a PC into an audio jukebox, burn custom CDs, and create and edit music files from commercial CDs * Apple iTunes reported 50 million music downloads as of March 2004, and the new Napster had 5 million downloads after just 4 months of operation * Covers the leading online pay music sites (iTunes, Napster, Rhapsody) as well as free alternatives (with advice on what's legal and what's not) and profiles Apple's iPod and other top portable players.

Syndicating Web Sites with RSS Feeds For Dummies Ellen Finkelstein,2005-03-25 So you have a business and you have a Web site. Bravo! You're doing all the right things to be successful. But wait — the information on your Web site needs to be updated, and your customers need to know. Good heavens, didn't you spend half of last week doing that? There's got to be a quicker, easier way to keep your clientele informed, and while we're at it, how about building your business too? RSS can come to your rescue, but first you need to know what it is and how to use it. Syndicating Web Sites With RSS Feeds For Dummies has what you need to know to get up and running fast—and with today's flood of constantly-changing information, "fast" is a top priority. Here, in plain English, you'll find out how to: Use RSS to drive traffic to your Web site and build brand awareness Choose and install the right software, set up RSS feeds, and decide on the format that meets your needs Create RSS feeds from scratch, or put a news reader on your Web site Improve your site's ranking in search engines and build customer loyalty Enable your customers to choose when and how they receive updated information Tailor information for your audience and publish all your updates quickly and easily Promote your RSS feed and explain to your customers how to use it Provide added value for your customers Making the most of RSS can make life easier for both you and those who do business with you. Syndicating Web Sites With RSS Feeds For Dummies will help you maintain fresh content for your Web site, blog, or e-zine, promote your site and establish links to it, and even update vital documents like employee guides, price lists, and procedures manuals, quickly and easily.

Unusual Holidays Sanjay Desai,AI,2025-03-29 Unusual Holidays explores the fascinating world of offbeat celebrations, uncovering the history and cultural significance behind events like National Napping Day and Talk Like A Pirate Day. Delving into social traditions and cultural expression, the book examines how these unusual holidays reflect humanity's need for connection and entertainment. You might be surprised to learn that some of these holidays originated from obscure historical events or as creative inventions designed to inject levity into our daily lives. The book progresses through themed chapters, each dedicated to categories such as rest and relaxation, pop culture and humor, and food and drink. By examining the origins and evolution of these celebrations, the book sheds light on changing social values and customs. The book uniquely combines detailed research with an accessible writing style.

Design Patterns For Dummies Steve Holzner,2006-07-28 There's a pattern here, and here's how to use it! Find out how the 23 leading design patterns can save you time and trouble Ever feel as if you've solved this programming problem

before? You — or someone — probably did, and that's why there's a design pattern to help this time around. This book shows you how (and when) to use the famous patterns developed by the Gang of Four, plus some new ones, all designed to make your programming life easier. Discover how to: Simplify the programming process with design patterns Make the most of the Decorator, Factory, and Adapter patterns Identify which pattern applies Reduce the amount of code needed for a task Create your own patterns
