Greetings from Witness Protection! Jake Burt, 2017-10-03 “Part coming of age tale and part spy thriller,” this funny, suspenseful middle grade novel “could be a collaboration between Judy Blume and Ian Fleming.” —Ann M. Martin, New York Times–bestselling Nicki Demere is an orphan and a pickpocket. She also happens to be the US Marshals’ best bet to keep a family alive. . . . The marshals are looking for the perfect girl to join a mother, father, and son on the run from the nation’s most notorious criminals. After all, the bad guys are searching for a family with one kid, not two, and adding a streetwise girl may be just what the marshals need. Nicki swears she can keep the Trevor family safe, but to do so she’ll have to dodge hitmen, cyberbullies, and the specter of standardized testing, all while maintaining her marshal-mandated B-minus average. As she barely balances the responsibilities of her new identity, Nicki learns that the biggest threats to her family’s security might not lurk on the road from New York to North Carolina, but rather in her own past. “This inventive, clever story has a lot of heart at its center.” —Wendy Mass, New York Times–bestselling author of *The Candymakers* and *Jeremy Fink and the Meaning of Life* “The biggest complaint that readers may have about Burt’s debut novel is that it ends.” —Publishers Weekly, starred review “Delightful.” —Booklist, starred review “A funny, action-packed novel about the trials of school, parental arguments, and sibling rivalry—all with a dash of high-stakes thrills and dramatic showdowns.” —School Library Journal “An engaging treat.” —Voices of Youth Advocates (VOYA)

Witsec Pete Earley, 2003-04-01 For decades no law enforcement program has been as cloaked in controversy and mystery as the Federal Witness Protection Program. Now, for the first time, Gerald Shur, the man credited with the creation of WITSEC, teams with acclaimed investigative journalist Pete Earley to tell the inside story of turncoats, crime-fighters, killers, and ordinary human beings caught up in a life-and-death game of deception in the name of justice. *WITSEC Inside the Federal Witness Protection Program* When the government was losing the war on organized crime in the early 1960s, Gerald Shur, a young attorney in the Justice Department’s Organized Crime and Racketeering Section, urged the department to entice mobsters into breaking their code of silence with promises of protection and relocation. But as high-ranking mob figures came into the program, Shur discovered that keeping his witnesses alive in the face of death threats involved more than eradicating old identities and creating new ones. It also meant cutting off families from their pasts and giving new identities to wives and children, as well as to mob girlfriends and mistresses. It meant getting late-night phone calls from

protected witnesses unable to cope with their new lives. It meant arranging funerals, providing financial support, and in one instance even helping a mobster's wife get breast implants. And all too often it meant odds that a protected witness would return to what he knew best-crime. In this book Shur gives a you-are-there account of infamous witnesses, from Joseph Valachi to "Sammy the Bull" Gravano to "Fat Vinnie" Teresa, of the lengths the program goes to to keep its charges safe, and of cases that went very wrong and occasionally even protected those who went on to kill again. He describes the agony endured by innocent people who found themselves in the wrong place at the wrong time and ended up in a program tailored to criminals. And along with Shur's war stories, WITSEC draws on the haunting words of one mob wife, who vividly describes her life of lies, secrecy, and loss inside the program. A powerful true story of the inner workings of one of the most effective and controversial weapons in the war against organized crime and the inner workings of organized crime itself-and more recently against Colombian drug dealers, outlaw motorcycle gang members, white-collar con men, and international terrorists-this book takes us into a tense, dangerous twilight world carefully hidden in plain sight: where the family living next door might not be who they say they are. . .

Hidden Lives Wayne Joseph Gombar,2025-05-30 What if vanishing was your only chance to survive? In Hidden Lives: Inside the Witness Protection Program, Wayne J. Gombar unveils the untold story of WITSEC-the United States Federal Witness Security Program. Through gripping case studies, expert insights, and haunting personal accounts, this book explores the inner workings of one of the most secretive operations in American law enforcement. From mafia informants and cartel accountants to innocent bystanders swept up in criminal prosecutions, the people who enter WITSEC are thrust into new lives with fabricated identities, severed ties, and a future built on secrecy. Gombar traces their journey-from the terrifying decision to cooperate with federal authorities, through the emotionally wrenching goodbyes, to the painstaking process of reinvention and survival in total anonymity. This is not just a story of justice-it is a story of sacrifice. Hidden Lives reveals the profound psychological toll of erasure and the resilience of those who disappear so that justice may prevail. If you thought witness protection was just a movie trope, think again.

The Witness Protection Nurse Beverlee Renouf Gillette, 2021-04-19 Debra Livingston was an operating room nurse who became a witness in the witness protection program through no fault of her own. She walked in on a heated conversation between a surgeon and a scrub nurse after the death of a senator's daughter who died on the operating table. Debra was warned about what she heard by the scrub nurse who was also her roommate and friend. Sally was killed an hour later in a hit-and-run accident as she was running for her life. The surgeon had died just moments after the confrontation in the operating room. Debra knew she needed to run for her life, or she would end up the same; however, the police got to her first before the mob could kill her. The corruption went all the way to the White House and the Castelleri mob of Chicago. The story takes Debra on her journey to stay alive with the assistance of Sam Jacobson of the Reno Police Homicide Division and Daniel Williams, part-time agent for the Department of Homeland Security through the witness protection program. The rules and regulations she had to follow, the many times she had to drop everything and run again. How do you give up

everything and everyone you know, everything you worked too hard to attain? That's the question she had to face before she was accepted in the WPP. What would her life be like? Where would she be placed? Would the nightmare ever end?
