Master of Me Keke Palmer, 2024-11-19 INSTANT NEW YORK TIMES BESTSELLER From the award-winning, multihyphenate global entertainer Keke Palmer comes the inspiring true story of her journey to understanding her genuine value. A MOST ANTICIPATED BOOK OF FALL 2024: Bookshop, Apple Books, People, BookRiot, and more!! Keke Palmer thought she knew who she was. What it means to be a good person and what it takes to be a success. It all seemed so simple, until she realized the challenges she would have to face to prove to herself who she wanted to be. From feeling alienated to having to restart her career after ten years in to becoming a single mother just months after her son was born—everything she worked for in life that she felt granted her what she wanted now also reminded her that “life is going to life” and throw curveballs regardless of what you deserve. She found herself asking, Where do I find my power? How do I master myself? In her own raw and intimate words, Keke talks about everything from her struggles with boundaries to unconditional love, forgiveness, and worthiness. “Don’t block your blessings and potential opportunities by allowing the voices of other people to influence your actions,” she says. “How you’re choosing to set yourself up for success is between you and the person looking back at you in the mirror.” Throughout the book, Keke also poses readers with the questions needed to get them through their own challenging times by sharing personal stories and lessons she’s learned along the way. She gets candid about the tools she’s developed to take the reins, harness her vulnerability, and recognize ownership in the narrative of her life—which allowed her to turn personal power into major power. In this exhilarating, deeply poignant, and often laugh-out-loud book, Lauren Keyana Palmer gets real about life, work, love, and belief. These pages will encourage readers to empower themselves with the truth, leverage their currency, and find the keys to master themselves and the art of alchemy. Keke writes, “You are not on anyone else’s timeline, only your own.” The result is a tour de force. They said, “Jack of all Trades, Master of None.” She said, “No, I am the Master. Of Me.”

Political Analysis Matthew Loveless, 2023-04-05 Why let other people explain the world to you? From news reporting on elections or unfolding political crises to everyday advertising, you are confronted with statistics. Rather than being swayed by bad arguments and questionable correlations, this book introduces you to the most common and contemporary statistical methods so that you can better understand the world. It’s not about mindless number crunching or flashy techniques but about knowing when to use statistics as the best means to analyse a problem. Whether you want to answer: Who is most

likely to turn out and vote at the next election? or What accounts for some political conflicts escalating to war? you'll explore what can and can't be done with statistics, and how to select the most appropriate statistical techniques and correctly interpret the results. Perhaps you simply want to understand enough to pass your statistics class and move on. Maybe you want to build your knowledge so that you are not excluded from research and debate. Or it could be the first step towards more advanced study. Whatever your goal, this book guides you through the journey, empowering you to confidently interact with statistics to make you a more formidable student, employee, and democratic citizen.

We Bury Our Dead Well Rachael Webb,2022-11-28 We Bury Our Dead Well By: Rachael Webb The very element that binds us to humanity is being used to divide us. Our emotions do not make us unique; they make us human. It is how you got there and what you do once you leave the particular events of your life, this is where your uniqueness comes from. Let's start loving our living with a cup of grace and the emotional bonds of humanity. Follow two public servants who leave it all on the field to help others only to be left destitute and in peril due to the actions of others. Discover how important a support network is as you embrace individuals in a parallel world and discover how we as individuals help to kill each other every day in our actions and our words. In a world where materialist items are valued over human life, let's come back to humanity and start taking care of each other. Validation is your only requirement. It is not for you to judge good or bad. Let's see each other for the possibility, not the trials that we are currently facing alone.

The Winning Investment Habits of Warren Buffett & George Soros Mark Tier, 2013-09-17 Warren Buffett, Carl Icahn, and George Soros all started with nothing---and made billion-dollar fortunes solely by investing. But their investment strategies are so widely divergent, what could they possibly have in common? As Mark Tier demonstrates in this insightful book, the secrets that made Buffet, Icahn, and Soros the world's three richest investors are the same mental habits and strategies they all practice religiously. However, these are mental habits and strategies that fly in the face of Wall Street's conventional mindset. For example: -Buffett, Icahn, and Soros do not diversify. When they buy, they buy as much as they can. -They're not focused on the profits they expect to make. Going in, they're not investing for the money at all. -They don't believe that big profits involve big risks. In fact, they're far more focused on not losing money than making it. -Wall Street

research reports? They never read them. They're not interested in what other people think. Indeed, Buffett says he only reads analyst reports when he needs a laugh. In *The Winning Investment Habits of Warren Buffett & George Soros* you can discover how the mental habits that guided your last investment decision stack up against those of Buffett, Icahn, and Soros. Then learn exactly how you can apply the wealth-building secrets of the world's richest investors to transform your own investment results.
