One Truth, One Law Erin Werley, 2020 Have you been seeking answers but not really finding them? Have your dreams started to feel like just that-dreams? Has the fear of what other people will think stopped you from being who you want to be and doing what you want to do? Does a fulfilled life feel like something meant for others, not for you? Erin Werley used to feel that way, too. Then, one day, she started to receive deposits from her inner voice, which calls itself I Am. And everything in her life began to change. Most people would call One Truth, One Law: I Am, I Create a channeled book, but I Am is adamant that it isn't. As I Am puts it, Every human is me. Every human can access me. When somebody says they're 'channeling' something outside of themselves, it's because they don't understand that they are God and that we are all one. Written as a series of conversations between I Am and Werley's husband, Phil, the message of One Truth, One Law is simple: Every single one of us is God. We just have a confused filter that thinks we're not God. I Am's intention with this book is not to offer you information that can only come through Werley. It's to teach you how to access your own inner voice so that you'll finally get answers to your questions. So that you'll be able to make your dreams a reality. So that you'll tap into your own God wisdom that no longer worries about what others think. So that you'll know a fulfilled life is something for you and not just other people. Once you really let it soak in that you are God, and you're here to further expand the universe through this physical experience, the limits on your dreams start to fall away.

One Truth One Law by Erin Werley is a spiritual exploration of the concept that every individual is an extension of a singular divine consciousness, referred to as I Am or God. The book delves into the idea that the physical universe originated from the thoughts of this consciousness and that every person has the inherent ability to create through their thoughts, whether they realize it or not. YOU and Your Own Universe Silviu Pristavu, 2022-04-22 What if you found out that you're not who you believe you are?

What if I told you that you're not who your family thinks you are? What if you're not the person that people around you see and hear ... What if the human being is, in reality, the fusing element of two worlds – physical and spiritual? What if, in the human body, you can find both physical and spiritual, where the spiritual manifests physically. What if what we call the mind, as we know it, is actually the gate through which the two worlds meet, cross, and exchange information? What You are, as a spiritual being, can't be described in any human language. What You are can't be seen by any human eyes. What You say can't be heard by any physical ears. You are the awareness in you – the consciousness. You are the love, the joy, and the happiness that bursts out of you. You are the creator of your body and the creator of Your Own Universe. You are limitless. You are wealth. You are health. You are all these things combined and more. You are something that can only be felt through your physical body, and you will feel You long before you finish reading this book. This book is not religious! It doesn't aim to favour one religion or discredit another. If anything, it's a tool for any religion that's been created from the beginning of humanity and helps explain phenomena that couldn't have been explained otherwise. It supports science equally; however, it doesn't just support theories that are based purely on physical evidence, though it may provide answers where these haven't been found yet, if one is open to accepting a different point of view. It was written to serve as a manual for life, explaining how things become what they are and providing confidence and strength to teens getting ready to face the world on their own, and to adults who feel lost, without a purpose, and in need of guidance toward a happy life.

Well, that was my life for approximately 30 years! I was a zombie going through the normal routine, we call life; work, kids, school, sports, etc. etc.... I will show you how and we will have fun doing it! But this is not your ordinary self-help book. Heck no! No judgement here, I am learning too! This is just the first book of many as I document my journey, you will come with me and see the up's and downs. Meditations Marcus Aurelius, 2009-09-16 The Meditations of Marcus Aurelius are not only one of the most important expressions of stoic philosophy but also an enduringly inspiring guide to living a good and just life. The Roman emperor Marcus Aurelius Antoninus (A.D. 121–180) embodied in his person that deeply cherished, ideal figure of antiquity, the philosopher-king. Written in moments snatched from military campaigns and the rigors of politics, these ethical and spiritual reflections reveal a mind of exceptional clarity and originality, and a spirit attuned to both the particulars of human destiny and the vast patterns that underlie it. A.S.L. Farquharson (1871–1942) spent a lifetime on his edition of the Meditations, which is one of the outstanding twentieth-century achievements of classical scholarship. All the notes to the Farquharson translation, amplifying the twelve books of the Meditations, are included in this volume.

Two Victims, One Voice Shasta Allen , 2025-06-04 They silenced her. He manipulated him. But the truth refused to stay buried. *Two Victims, One Voice* is the raw, unflinching story of a mother and her son—two lives shattered by betrayal, abuse,

and a justice system that turned its back on them. With haunting honesty and poetic defiance, Shasta Allen takes readers deep into the heart of a nightmare no parent should face, and the fight no survivor should have to wage alone. Torn between protecting her child and surviving the trauma herself, Shasta gives voice to the pain, the silence, and the rage. This autofiction memoir is not about closure—it's about confrontation. It's about what happens when a mother refuses to be quiet, when a child is forced to carry scars, and when the system built to protect them becomes part of the abuse. This is not just a story. It's a reckoning. It's a warning. It's a scream from the shadows. For those who have ever been silenced—this voice is for you.
