**Oliver K. Langmead, Aliya Whiteley**

The Beauty Aliya Whiteley, 2018-01-16 Nominated for the Shirley Jackson and Saboteur awards, this game-changing story was chosen by Adam Nevill as one of his favourite horror short stories: "What a refreshing gust of tiny spores this novella explodes into, and I inhaled them all with glee". Somewhere away from the cities and towns, in the Valley of the Rocks, a society of men and boys gather around the fire each night to listen to their history recounted by Nate, the storyteller. Requested most often by the group is the tale of the death of all women. They are the last generation. One evening, Nate brings back new secrets from the woods; peculiar mushrooms are growing from the ground where the women's bodies lie buried. These are the first signs of a strange and insidious presence unlike anything ever known before... Discover the Beauty.

**The Beauty: Tenth Anniversary Edition** Aliya Whiteley, 2024-08-29

*Arrival of Missives* Aliya Whiteley, 2016-05-09 From Aliya Whiteley, author of the critically-acclaimed *The Beauty*, comes a genre-defying story of fate, free-will and the choices we make in life. In the aftermath of the Great War, Shirley Fearn dreams of challenging the conventions of rural England, where life is as predictable as the changing of the seasons. The scarred veteran Mr. Tiller, left disfigured by an impossible accident on the battlefields of France, brings with him a message: part prophecy, part warning. Will it prevent her mastering her own destiny? As the village prepares for the annual May Day celebrations, where a new queen will be crowned and the future will be reborn again, Shirley must choose: change or renewal? *The Arrival of Missives* is a unique work, deftly marrying literary and genre influences. It heralds the arrival of a major new voice in speculative fiction.

**From the Neck Up and Other Stories** Aliya Whiteley, 2021-09-14 "Feels like a major collection" - The Washington Post A short fiction collection to stand with Ted Chiang's *Exhalation* and Kelly Link's *Magic for Beginners*. The new collection of beautiful, strange and disarming short stories from the award-winning author of *The Beauty*, Clarke Award nominee *The Loosening Skin* and *The Arrival of Missives*, Aliya Whiteley. In 16 stories Whiteley deftly unpeels the strangeness of everyday life through beguiling gardens, rebellious bodies and journeys across familiar worlds, with her trademark wit and compassion. Witness the future of farming in a new Ice Age, or the artist bringing life to glass; the many-eyed monsters we carry and the secret cities inside our bodies; the alien invasion through our language to the Chantress and her twists on the

fairy tale. Fascinating and always unexpected, Whiteley is unlike any other writer working today.

*The Beauty* Aliya Whiteley, 2024-08-29 Nominated for the Shirley Jackson and Saboteur awards. The tenth anniversary edition of the critically acclaimed short novel, with an introduction by M. R. Carey. Somewhere away from the cities and towns, in the Valley of the Rocks, a society of men and boys gather around the fire each night to listen to their history recounted by Nate, the storyteller. Requested most often by the group is the tale of the death of all women. They are the last generation. One evening, Nate brings back new secrets from the woods; peculiar mushrooms are growing from the ground where the women's bodies lie buried. These are the first signs of a strange and insidious presence unlike anything ever known before... Discover the Beauty. Also includes the novella *The Arrival of Missives*.

**Skein Island** Aliya Whiteley, 2019-11-05 From the author of *The Loosening Skin* and *The Beauty*, Aliya Whiteley, *Skein Island* is a powerful and disturbing look at the roles we play, and how they form and divide us. This new edition features a brand new novelette set in the same world as *Skein Island*. *Skein Island*, a private refuge twelve miles off the coast of Devon, lies in turbulent waters. Few receive the invitation to stay for one week, free of charge. If you are chosen, you must pay for your stay with a story from your past; a Declaration for the Island's vast library. What happens to your Declaration after you leave the island is none of your concern. From the monsters of Ancient Greece to the atrocities of World War II, from heroes to villains with their seers and sidekicks by their sides, *Skein Island* looks through the roles we play, and how they form and divide us. Powerful and disturbing, it is a story over which the characters will fight for control. Until they realise the true enemy is the story itself.

Out of the Darkness Dan Coxon, 2021-09-16 *Out of the Darkness*, in collaboration with mental health charity Together for Mental Wellbeing, challenges some of the most exciting voices in horror and dark fantasy to bring their worst fears out into the light. From the black dog of depression to acute anxiety and schizophrenia, these stories prove what fans of horror fiction have long known - that we must understand our demons to overcome them. In the wake of the Covid-19 pandemic, what began as a mental health crisis has rapidly become an unprecedented tsunami. The Centre for Mental Health has estimated that 10 million people will need mental health support in the UK as a direct consequence of Covid-19, with a staggering 1.5 million of those being under eighteen. Edited by Dan Coxon (*This Dreaming Isle*) and featuring exclusive stories by Alison Moore, Jenn Ashworth, Tim Major and Aliya Whiteley, this collection harnesses the power of fiction to explore and explain the darkest moments in our lives. Horror isn't just about the chills - it's also about the healing that comes after. All royalties and editor's fees from this collection are being donated to the mental health charity Together for Mental Wellbeing.

Inside the bag, along with this letter, is a dossier that describes the whole story. e; Kevin Stubbs is a Knower. He knows life hasn't always treated him fairly. He knows he wants to be allowed access to his son again. But most of all, he knows that the London Borough of Sutton is being stalked by a nine-foot-tall, red-eyed, hairy relict hominid - the North

Surrey Gigantopithecus. Armed with a thermal imaging camera (aka the Heat Ray) and a Trifield 100XE electromagnetic field reader (aka the Tractor Beam), Kevin and his trusty comrades in the GIT (aka the Gigantopithecus Intelligence Team) set out to investigate a new sighting on the outskirts of Sutton. If real, it will finally prove to the world that the infamous Gartree-Hogg footage was genuine, and a British Bigfoot is living in suburban London: FACT. But what he discovers undermines everything he believes in - and forces Kevin to face up to his own failures, and the very real, very scary prospect that he might have got it all terribly wrong.

**Unexpected Places to Fall From, Unexpected Places to Land** Malcolm Devlin, 2021-10-14 Unexpected Places to Fall From, Unexpected Places to Land crosses genres and dimensions, exploring the consequences of a rare cosmic anomaly. In the exact same moment, all possible versions of Prentis O'Rourke will cease to exist. By accident, by malice, by conflict, by illness - Prentis will not simply die. He will go extinct. These are the stories of the journeys we take and the journeys we wish we'd taken. Malcolm Devlin's second short story collection ranges from science fiction to folk horror as Prentis O'Rourke's demise echoes across the dimensions. Scientists, artists, ex-nuns, taxi drivers, time travellers and aliens - the same people living varied lives in subtly different worlds. Something unprecedented will happen, and it will colour them all. Crossing multiple realities, countless versions of ourselves, and shifting backwards and forwards through time, these are stories of forking paths and unexpected destinations - of flying and falling and getting up to try again.

**Always North** Vicki Jarrett, 2019-10-07 e; The perfect blend of arctic mystery thriller, science fiction and post disaster apocalypse. You won't want to miss this one. e; - Adam Roberts, author of Bete, The Thing Itself and many more We all have to work to live, even if it is an illegal survey for oil in the rapidly melting arctic. Software engineer Isobel needs to eat like everyone, and that's how she fell into the job that leads her to the most northerly place on our planet. As part of a weathered crew of sailors, scientists and corporate officers she sails into the ice where their advanced software Proteus will map everything there is to know. A great icebreaker leads their way into the brutal environment, and the days grow longer, time ever more detached, as they pass through the endless white expanse of the ice. But they are not alone. They have attracted the attention of seals, gulls and a hungry, dedicated polar bear. The journey to plunder one of the few remaining resources

the planet has to offer must endure the ravages of the ice, the bear and time itself. This is what we find when we travel - Always North - a profound meditation on our consumption of the world, and the perception of time. For fans of Adam Robert's *The Thing Itself*, only at the farthest reaches of the world can we see the truths closest to our minds.

Dark River Rym Kechacha, 2020-02-24 Doggerland, 6200 BC. As rivers rise, young mother Shaye follows her family to a sacred oak grove, hoping that an ancient ritual will save their way of life. London, AD 2156. In a city ravaged by the rising Thames, Shante hopes for a visa that will allow her to flee with her four-year-old son to the more prosperous north. Two mothers, more than 8,000 years apart, struggle to save their children from a bleak future as the odds stack against them. At the sacred oak grove, Shaye faces a revelation that cuts to the core of who she is; in the wilderness of the edgelands, Shante finds herself unprepared for the challenges and dangers that surround them at every turn. As Shaye and Shante desperately try to hold their families together in the face of disaster, these two young mothers uncover a terrifying truth: that it is impossible to protect the ones they love.

Willow By Your Side Peter Haynes, 2018-11-26 To be young is to know magic, to see the woods for what they are and recognise visions when you see them. In the aftermath of war, a young boy tries to hold his family together, under a man who brought his nightmares back from the battlefield. As his sister recovers from a terrible assault by their father, she teaches him about the magic in the land, the tombs of ancient kings, about the treacherous Red Cap and the places where the adults don't go. When she disappears, all eyes turn to their father. They search the woods, pushing deeper into the strange spaces where myths grow among the ancient oaks. But only the boy knows the secret paths they took, and the way to the lake where wishes come true. A story of the potent and dark spaces of folklore, channelling Robert Holdstock as *Mythago Wood* and Catriona Ward as *Rawblood*, Haynes plunges deep into the landscape, revealing the darkness that hides beneath.

**This Dreaming Isle** Dan Coxon, 2018-11-19 Something strange is happening on British shores. Britain has a long history of folk tales, ghost stories and other uncanny fictions, and these literary ley lines are still shimmering beneath the surface of this green and pleasant land. Every few generations this strangeness crawls out from the dark places of the British imagination, seeping into our art and culture. We are living through such a time. *This Dreaming Isle* is an anthology of new horror stories and weird fiction with a distinctly British flavour. It collects together fifteen brand new horrifying or unsettling stories that draw upon the landscape and history of the British Isles for their inspiration. Some explore the realms of myth and legend, others are firmly rooted in the present, engaging with the country's forgotten spaces. Featuring new and exclusive stories from: Ramsey Campbell, multi-award winning author of over 40 novels Andrew Michael Hurley, author of *The Loney* and *Devil's Day* Catriona Ward, author of *Rawblood* and *Little Eve* Robert Shearman, World Fantasy Award, British Fantasy Award and Shirley Jackson Award winning author of four collections Jenn Ashworth, author of *Fell*, *Cold Light* and more Gareth E. Rees, author of *Marshland* and *The Stone Tide* Tim Lebbon, screenwriter and author of over 35 books

*You Will Grow Into Them* Malcolm Devlin, 2017-06-12 The world is a far stranger place than we give it credit for. There, in the things we think familiar, safe, are certain aspects. Our fears and desires given form. Moments that defy explanation. Shadows in our home. In Malcolm Devlin's debut collection, change is the only constant. Across nine stories he tackles the unease of transformation, growth and change in a world where horror seeps from the mundane. Childhood anxieties manifest as debased and degraded doppelgangers, fungal blooms are harvested from the backs of dancers and lycanthropes become the new social pariahs. The demons we carry inside us are very real indeed, but *You Will Grow Into Them*. Taking weird fiction and horror and bending them into strange and wondrous new shapes, *You Will Grow Into Them* follows in the grand tradition of Aickman, Ligotti and Vandermeer, reminding us that the mundane world is a much stranger place than it seems.

*Pseudotooth* Verity Holloway, 2017-03-06 The debut novel from Verity Holloway, *Pseudotooth* is an adult take on 'portal fantasy', boldly tackling issues of trauma responses, social difference and our conflicting desires for purity and acceptance. Aisling Bloom is a young woman beset by unexplained blackouts, pseudo-seizures that have baffled both the doctors and her family. Sent to recuperate in the Suffolk countryside, she seeks solace in the work of William Blake and writing her journal, filling its pages with her visions of Feodor, an East Londoner haunted by his family's history back in Russia. The discovery of a Tudor priest hole and its disturbed former inhabitant lead Aisling into a meeting with the enigmatic Chase and on to an unfamiliar town where the rule of *Our Friend* is absolute and those deemed unfit and undesirable have a tendency to disappear into *The Quiet*... This bold new work of literary fantasy blurs the lines between dream and reality, asking troubling questions about those who society shuns, and why.

**Metronome** Oliver Langmead, 2017-01-16 You and I, we wear our wounds. I wear my scars, you wear your tattoos, and we don't forget who we are. It is for the entities known as Sleepwalkers to cross the doors between dreams, and hunt the nightmares that haunt sleeping minds. There is a world of impossible vistas, where reason is banished and only the imagination holds sway: the connected worlds that all sleeping minds inhabit, and the doors that lead between. But tonight, one Sleepwalker has gone rogue. Abandoning her sworn oath to protect the dreamscapes, she has devoted herself to another cause, threatening to unleash a nightmare older than man. The only chance of stopping her lies with a man named

Manderlay. Once a feted musician, William Manderlay is living his twilight years in an Edinburgh care home, riddled with arthritis and filled with a longing for his youth, for the open seas, and for the lost use of his hands and the violin he has always treasured. For too long now, Manderlay's nights have been coloured by dark, corrupted dreams: dreams of leprous men in landscapes plucked from his memory, of dark figures seeking him on city streets. His comrades in the retirement home believe Manderlay is giving in to age and senility - but the truth is much worse. For in dreams, maps are made from music - and it just might be that one of William Manderlay's forgotten compositions holds the key to unleashing the nightmare that holds the world of dreams in balance. The Sleepwalkers are zoning in on him. He might be their saviour, or his music might be their damnation... From the acclaimed author of *Dark Star* comes a literary fantasy like no other.
