Aileen Wuornos, Christopher Berry-Dee

Dear Dawn Aileen Wuornos, 2012-06-26 The chilling autobiography of Aileen Wuornos, the notorious female serial killer who was the subject of an Investigation Discovery special and the Oscar-winning film starring Charlize Theron, *Monster*. Between 1989 and 1990, Aileen Wuornos, a hitchhiking prostitute, shot, killed, and robbed seven men in remote Florida locations. Arrested in 1991, she was condemned to death on six separate counts and executed by lethal injection in 2002. An abused runaway who turned to prostitution to survive, Wuornos has become iconic of vengeful women who lash out at the nearest target. She has also become a touchstone for women's, prostitutes', and prisoners' rights advocates. Her story has inspired myriad books and articles, as well as the 2003 movie *Monster*, for which Charlize Theron won an Academy Award. But until now, Wuornos's uncensored voice has never been heard. *Dear Dawn* is Wuornos's autobiography, culled from her ten-year death row correspondence with beloved childhood friend Dawn Botkins. Authorized for publication by Wuornos and edited under the guidance of Botkins, the letters not only offer Wuornos's riveting reflections on the murders, legal battles, and media coverage, but go further, revealing her fears and obsessions, her rich humor and empathy, and her gradual disintegration as her execution approached. A candid life story told to a trusted friend, *Dear Dawn* is a compelling narrative, unwaveringly true to its source. "It is both empowering and heartbreaking, because Wuornos represents the fury of a wronged girl-gone-wild, whose rage was unleashed on men." —The Rumpus

Monster Aileen Wuornos, Christopher Berry-Dee, 2004 Told in her own words, this is the story of serial killer Aileen Wuornos, who was portrayed in an Oscar-winning performance by Charlize Theron in the film *Monster*. There have been few female serial killers, but Aileen Wuornos, who was executed in 2002, was a remarkable example of this rare breed of death row inmate. All too often, female prostitutes have been the victims of male serial killers—Wuornos' killings were the inverse of this pattern. After escaping an abusive childhood at the hands of her grandparents, she became a child prostitute, progressing into a disastrous adulthood of prostitution and damaging affairs with both men and women. Her eventual metamorphosis from victim to attacker had brutal consequences—a stream of dead men. This is her story, as told to Christopher Berry-Dee, editor of *The New Criminologist* and director of Britain's Criminology Research Center.

Aileen Wuornos Nikki Faust,2016-03-21 Aileen Wuornos, touted as America's first female serial killer, shot at least seven middle-aged men to death in Florida between December 1989 and September 1990. Their bodies were discovered along Florida's northern and central highways. A self-professed hater of humans, her troubled upbringing and difficult lifestyle contributed to her demise. She confessed to six murders, claiming that she killed her victims in self-defense after they attempted to sexually assault her while she worked as a highway prostitute; however, she later recanted five of her self-defense claims, instead pleading guilty to first-degree murder in order to get right with God. Wuornos subsequently petitioned the Florida Supreme Court to stop all of her appeals so she could die. She asserted that she would definitely kill again and felt it better that her life was ended.

Scarred for Life Brian Lee Tucker,2015-12-27 To characterize Aileen Wuornos' start in life as a poor beginning is truly an understatement. It was an awful beginning from the time she was born February 29, 1956 as Aileen Carol Pittman. One of the few good things in her young life, ironically, was that her biological father, Leo Dale Pittman, never got to know her. Pittman was a psychopathic child molester who hanged himself in prison in 1969. Born into a crazy, chaotic life that only got worse with time, Aileen, convinced that she'd been dealt a raw deal by fate and would never find true love, took to the streets to survive, eventually becoming a prostitute to pay her bills. Then, right out of the blue, she met Tyria Moore, a lesbian who, in search of true love as well, fell in love with Aileen and would unwittingly become a pawn in a string of murders that would later earn Aileen the monicker, the damsel of death. At times hard to take, unflinching in it's portrayal of a woman scorned by society itself, SCARRED FOR LIFE provides a terrifying insight into the mind of the first true female American serial killer - and will leave a mark on whoever is brave enough to read it.

Monster Aileen Wuornos & Christopher Berry-Dee, 2016-06-30 Aileen Wuornos was executed in Florida, on the 9th of October, 2002 at the age of 46. She was the 10th woman to be sentenced to death in the USA since the death penalty resumed in 1976. Convicted for the murder of six men, in a two month period, Aileen claimed she acted in self defence however the investigation into these claims was poor and she later retracted her statement announcing to the Supreme Court, I'm one who seriously hates human life and would kill again. All-too-often female prostitutes have been the victims of male serial killers - the killings of Aileen 'Lee' Wuornos were the inverse of this. She was a child prostitute, fleeing an abusive childhood at the hands of her grandparents, which led straight into a disastrous adulthood of difficult affairs with both men and women. Her metamorphosis from victim to attacker had brutal consequences: a stream of dead men. Following a renewed interest in this woman after the film *Monster*, this is her story in her own words.

Aileen Wuornos Gisela K, 2021-05-30 Aileen Wuornos, known as America's First Female Serial Killer, The Damsel of Death, The Florida Highway Killer, and The Highway Hooker has had movies, documentaries, books, songs, and even an opera made about her life. She was a victim and a villain all in one, the monster that everyone has had a soft spot for or sympathized with at some point, and the woman who would go down in history as the most callous female serial killer to have ever lived. What set her apart from other female killers was the way in which she operated. She picked on strangers and murdered them with a .22-caliber pistol at point-blank range before robbing them and taking home wads of cash and shiny things to impress her lover, Tyria Moore with. Her frequent homelessness, hunger for unconditional love, and the defiant way that she faced every single day on the street with her thumb in the air is mesmerizingly sad; she had few alternatives to survive and genuinely seemed to try her best to find love and happiness, every grim step of the way in her short life. Nonetheless, she was a serial killer with a criminal history who would do anything for love and anything to get her way, right until the end. While almost every person that she had ever encountered exploited her in one way or another, she too, manipulated and used people to meet her own needs, and discarded them when they no longer served her purposes. Still, Bundy, Dahmer, Kemper, Ridgway, Rader, and many other serial killers that she was supposedly as evil as got a life sentence, something that was never an option for her. There are dark elements to her story, which include politics, corruption, betrayal, and the total exploitation of a new brand of serial killer. Her case was complex and her outcome, irrespective of everything that she did, felt wrong. Let's investigate!

The Encyclopedia of LGBTQIA+ Portrayals in American Film Erica Joan Dymond, Salvador Jiménez Murguía, 2022-09-14 A valuable reference guide for film collections and LGBTQIA+ studies. — Library Journal, Starred Review The depictions of LGBTQIA+ characters in film have always varied immensely. However, the negative depictions often seem to outweigh the positive, perhaps because of the hurt they inspire or perhaps because they regrettably outnumber the positive films. The *Encyclopedia of LGBTQIA+ Portrayals in American Film* explores works from the past fifty years in order to not only discuss

how LGBTQIA+ characters are portrayed in American film, but also how these portrayals affect viewers. Contributors to this valuable reference include film and media scholars, gender studies scholars, journalists, LGBTQIA+ advocates, and more, representing countries from around the world. This rich array of perspectives provide careful and critical examinations of more than 100 films, ranging from the ethical and compassionate to the deliberately cruel and destructive. Featuring films such as American Beauty, Batman v Superman, Fight Club, The Grand Budapest Hotel, Little Miss Sunshine, and Venom, this extensive volume informs and educates scholars and general readers alike, guiding them to see injustice more clearly and inspiring future generations to create art that is both inclusive and thoughtful.

Aileen Wuornos Hunter Blackwell,2025-03-09 Aileen Wuornos: The Shocking True Crime Story of America's Most Notorious Female Serial Killer unravels the dark and complex life of a woman whose name became synonymous with cold-blooded murder. Aileen Wuornos was unlike most serial killers-her crimes were not driven by thrill or sadism, but by a lifetime of trauma, abuse, and survival on society's fringes. From her troubled childhood filled with neglect and violence to her years working as a hitchhiking sex worker, Wuornos lived a life of hardship and despair. Between 1989 and 1990, she shot and killed seven men in Florida, claiming self-defense against violent clients. Her arrest and subsequent trial became one of the most sensationalized cases in true crime history, raising unsettling questions about justice, gender, and the American legal system. This chilling account delves into Wuornos' disturbing past, the brutal murders that led to her capture, and the media circus that followed. It also examines the psychological torment and broken system that shaped her, leading some to view her as a monster and others as a tragic product of her environment. A harrowing exploration of crime, punishment, and the thin line between victim and predator, Aileen Wuornos' story remains one of the most haunting true crime cases in American history.

Killer Women Frances J. Armstrong,2018-05-21 KILLER WOMEN: Aileen Wuornos and Misty Witherspoon - 2 Books in 1 Featuring... *Aileen Wuornos*Misty Witherspoon 2 Great Books in 1! Aileen Wuornos Between 1976 and 2002, over 800 murderers were executed for their crimes in the United States. Only ten of these eight hundred were women. The tenth female murderer to be executed for her crimes in 2002 was Aileen Wuornos. Wuornos was the first female who ever fit the profile of that the FBI considers a serial killer. According to the FBI, a serial murder consists of three or more killings over a certain amount of time that have common characteristics. Often, these murderers, after being caught, display a certain type of causality and lack of regret for their crime. Between 1989 and 1990, the bodies of seven men were discovered in central Florida. These were the victims of Aileen Wuornos. Wuornos killed them by shooting them at point-blank range. In the case of

every single victim, Wuornos claimed that they had either raped or attempted to rape her. Wuornos was working as a prostitute, and suggests that all of the homicides were committed in self-defense. Aileen was convicted and sentenced to death for six of the seven murders and was executed by lethal injection on October 9, 2002. This is her story. Misty Witherspoon Murder is often thought of as a male crime. While women do kill it is often depicted as a crime committed in the heat of the moment, or is described as a crime of passion. It is accepted that women may kill if their own life or the life of another, particularly their child, is in danger. It is also not unheard of for a woman, fearing for her life and trapped in an abusive situation, to see the murder of her abuser as her only means of escape. But for a woman to kill in cold blood is rare. It is rarer still for that murder to have been coldly planned and plotted before hand. Even when a woman does commit murder in these situations the gun is not often her weapon of choice. The gun seems to belong in the arsenal of the cold blooded, male murderer. A female killer is far more likely to use some form of poison or other subtlety to end the life of their victim. As a result of their rarity women who do commit cold blooded, premeditated murder, women such as the Countess Elizabeth Bathroy or Aileen Wuornos, are often held in a particular notoriety. It seems that Misty Witherspoon, a bubbly, outgoing, caring mother and regular churchgoer from the town of Mooresville in Iredell County, North Carolina is destined to belong in this category.

Monsters in and Among Us Caroline Joan Picart, Cecil E. Greek, 2007 Rather than assuming that film and the media tell us little about the reality of criminological phenomena, Gothic criminology, as instantiated in this collection of essays, recognizes the complementarity of critical academic and aesthetic accounts of deviant behavior as intersecting with the public policy in complex, non-reductive ways..

The Unfinished Autobiography of Aileen Wuornos Theo Slade, 2021-05-30 A letter correspondence over many years between Aileen and her best friend from childhood Dawn was collated into a book, in the order the letters were sent. Mixed into the letters were long essays about her life on the road which she asked Dawn to keep safe encase she ever wrote enough that she could start knocking it into an autobiography. As I was reading it, I found her experiences of the time she lived through so fascinating that I wanted to save each one and see it in perspective to her other memories in the timeline of her life. So that's what I've done here. And if it's useful in the future to anyone's creative pursuits, like writing non-fiction plays or graphic novels, essay reflections on her life, the 70s, or even fictional stories with characters based on Aileen, then all the better. I first discovered Aileen's story through Nick Broomfield's documentary, 'The Life And Death Of A Serial Killer'. Which gave an in depth look into the tortured childhood she came from. The myopic reason it resonated with me is the very tenuous comparison I saw between myself and Aileen, in that she had been setting off hitchhiking and living on communes since the age of 15 with the hope of doing some psychological healing from the circle she was stuck moving in in Troy, Michigan, where she grew up. And that this was a very romanticized road to take at the time, although I don't think Aileen

bought into all of that, as she was simply homeless from the age of 13, and traveling further afield was a nice break from relying on friends in Troy. But, she loved the hippie music of the era and cherished every commune she stayed at for the people who attempted a new more compassionate way of relating to one another. So for me, that was activist circles, and it left me with the understanding that you don't get a choice in the strange situational reasons that different people will be alienated from society enough to join this or that campaign, but you can make the best of the journey all the same. I'll include a forward by Hunter S. Thompson on the hippie counter-culture for this reason anyway. Then the rest is almost all Aileen, with just a few excerpts from interviews in the documentary. Finally here are Aileen's words on her attempts to write this autobiography from jail: This is being done like Sound off. But of course like I said, real brief, hitting area's most important. Like looks and character, on Mom, Dad, Lori, Barry, Keith, then to me, and the life I lead. That's going to be really hard to be brief. You know how much I've seen?! Geez! But, I'll get through. And must, before I should die soon. I am really close to God. Read the Bible three times all the way through. And even in my young and road days, I got into God (Jesus) and my heart was as good then it as it is now. Even though I became a pro in being a prostitute I still believed on the road anyway, and always willing to give a helping hand to anyone, even "strangers" because of my experiences from my young days and how I was treated. I cannot elaborate how many times sex was forced upon me, but when I do get some time down the road to get a book out. It is going to be about my life, not these crimes. And how people should NOT treat each other like this. Disclaimers Putting this together is not an endorsement of Aileen's views or actions, she was failed by society and as a result was a danger to that society in return. And even though reading stories of her beating up a homophobe or escaping juvenile detention is heartwarming, the way in which she was a danger was by no means always good. She killed for money, was a hateful racist, a controlling abusive partner and abused animals through neglect. So, bare all that in mind when you're reading & obviously be very skeptical of whether some of the claimed facts & narratives are even true. I'm not claiming to own the copyright or seeking to earn money from these texts. I grammar and spell corrected it, as Aileen was not very literate, it would have been a torturous read otherwise for many. But, if you want to see the letters preserved with their original spelling, you can simply read the book Dear Dawn. And if you're simply curious to cross-reference where a specific paragraph from a story fit into it's original letter, you can copy a rare word or sentence, pull up an e-book of Dear Dawn, hit Ctrl+F and paste to see. Finally, I don't know what genre this would fall into, but I think it's fairly close to arriving at what her autobiography might have looked like, had she desired to or been mentally well enough to finish filling in key moments, with a ghostwriter to help. So, unfinished memoir or biography maybe? You decide. Psychopathy as Unified Theory of Crime Matt DeLisi, 2016-10-05 This book applies the psychopathy concept toward the understanding of crime. Drawing on hundreds of studies and his own clinical, research, and practitioner experience working with the most antisocial and violent offenders, the author demonstrates that psychopathy can explain all forms of crime across the life course, and also examines the biosocial foundations of the disorder. With an abundance of case studies and historical references, written in a distinctive writing style, the book is equally fascinating to the academic scholar and the true crime buff alike.

The Dreadful Acts of Jack the Ripper and Other True Tales of Serial Murder and Prostitutes R. Barri Flowers, From award-winning criminologist R. Barri Flowers and the bestselling author of *Dead at the Saddleworth Moor*, *Prostitution in the Digital Age*, and *The Sex Slave Murders*, comes the gripping historical true crime book, *The Dreadful Acts of Jack the Ripper and Other True Tales of Serial Murder and Prostitutes*. The renowned Ripperologist taps into his expertise on serial murderers and sex trade workers in offering an in-depth look at four noteworthy cases in which the two worlds collide frighteningly. Jack the Ripper, the infamous and unidentified Victorian serial killer of at least five prostitutes in the dangerous section of London, known as Whitechapel, in 1888. The Ripper, who slashed and horribly mutilated his sex worker victims, set the tone for diabolical, vicious, serial slayers to follow for all time. Aileen Wuornos was an American prostitute, who doubled as a serial killer in murdering seven johns in Florida between 1989 and 1990. She claimed they tried to or

succeeded in raping her during the course of prostituting herself. In the process, Wuornos ended up being apropos for this book as a sex worker and serial predator. Kendall Francois was an African American serial killer, dubbed the “Poughkeepsie Killer,” who strangled to death eight streetwalker prostitutes in Poughkeepsie, New York, between 1996 and 1998. Francois used his own residence as a horrifying house of homicides and burial ground. The Edmonton Serial Killer represented one or more mostly unidentified serial killers who targeted and murdered dozens of prostitutes in the city of Edmonton in Alberta, Canada, between the mid-1970s and the early 2000s, and possibly beyond that. The sex trade worker victims were often picked up in the city’s red-light district stroll, murdered, and dumped in various killing fields in rural areas around Edmonton. The book will also chronicle the infamous and colorful 19th century New Orleans prostitute and serial killer, Mary Jane Jackson, and modern-day American serial killers of prostitutes, Walter Ellis, nicknamed the “North Side Strangler,” and Vincent Johnson, dubbed the “Brooklyn Strangler.” Included is a bonus true crime short on Douglas Clark and Carol Bundy, a serial killer couple who targeted prostitutes on the Sunset Strip in West Hollywood, California; as well as excerpts from two fascinating historical true tales of child murder, serial murder, and jealous rage. For fans of true crime tales and literary criminology, this gripping volume written by someone with the verisimilitude that the subject matter merits will surely hold your attention from start to finish.

Illuminating the Dark Side: Evil, Women and the Feminine, 2020-09-25 Evil. Women. The Feminine. The relationships that bring together these three ideas form the basis for the papers gathered together in this volume. By asking how, why, when, and to what purpose these three terms are often linked serves as the starting point of interrogation for each of the authors here considered.
