Christus Vincit, Christus Regnat, Christus Imperat Sarah Doane Hitchcock Bell, 1984

Laudes regiae Ernst Hartwig Kantorowicz,

The Haskins Society Journal 13 Stephen Morillo, Stephen R. Morillo, Richard P. Abels, 2004 Recent research on the Anglo-Saxon, Anglo-Norman, Viking and Angevin worlds of the eleventh and twelfth centuries. The latest volume presents recent research on the Anglo-Saxon, Anglo-Norman, Viking and Angevin worlds of the eleventh and twelfth centuries. Its ten papers includes articles on the origins of the Cistercian order, the coronation of Mathilda of Flanders, the rebel Owain ap Cadwgan, miracle stories and the anarchy of Stephen's reign, miracles at Sempringham, family and inheritance in the twelfth century, and contemporary views of secular clergy. Contributors: CONSTANCE BERMAN, LAURA GATHAGAN, DAVID CROUCH, CLAIRE DE TRAFFORD, K.L. MAUND, EDMUND KING, RICHARD SHERMAN, HUGH THOMAS, MARYLOU RUUD, JOHN COTTS, RALPH TURNER.

Coronation Rites Reginald Maxwell Woolley, 1915

The Queenship of Mathilda of Flanders, C. 1031-1083 Laura L. Gathagan, 2025-04-08 The first full-scale scholarly treatment of Mathilda of Flanders (d. 1083), duchess of Normandy and post-Conquest queen of England. In Norman England, Mathilda's unique practice of queenship was robustly public. It was characterized by an unapologetic embrace of both new and traditional institutions: military lordship, royal justice, monastic foundation and ecclesiastical reform, documentary initiatives and cultural networks. Although she may appear only glancingly in the chronicle story sources of her day, she is everywhere else: governing in documents and charters, articulating her identity in architecture, expressing her authority through innovative custom-made liturgies, handing down juridical sentences and participating in the most fundamental theological issues of her day. However, unlike her husband William the Conqueror, her impact and influence have not ensured her a place of centrality in modern memory. This book redresses that imbalance. Moving away from the traditional chronological approach to a woman's life, its thematic chapters use the metaphor of Mathilda's body to center her actions, creations and speech, showing how Mathilda embodied power in a world often construed as primarily masculine. It thus brings back into focus the policies she championed, the strategies she pursued and the shape of her authority.

Description of the Anglo-Gallic Coins in the British Museum Taylor Combe, British Museum. Department of Coins

and Medals, Edward Hawkins, 1826

Runic Amulets and Magic Objects Mindy MacLeod, Bernard Mees, 2006 A fresh examination of one of the most contentious issues in runic scholarship - magical or not? The runic alphabet, in use for well over a thousand years, was employed by various Germanic groups in a variety of ways, including, inevitably, for superstitious and magical rites. Formulaic runic words were inscribed onto small items that could be carried for good luck; runic charms were carved on metal or wooden amulets to ensure peace or prosperity. There are invocations and allusions to pagan and Christian gods and heroes, to spirits of disease, and even to potential lovers. Few such texts are completely unique to Germanic society, and in fact, most of the runic amulets considered in this book show wide-ranging parallels from a variety of European cultures. The question of whether runes were magical or not has divided scholarship in the area. Early criticism embraced fantastic notions of runic magic - leading not just to a healthy scepticism, but in some cases to a complete denial of any magical element whatsoever in the runic inscriptions. This book seeks to re-evaluate the whole question of runic sorcery, attested to not only in the medieval Norse literature dealing with runes but primarily in the fascinating magical texts of the runic inscriptions themselves. Dr MINDY MCLEOD teaches in the Department of Linguistics, Deakin University, Melbourne; Dr BERNARD MEES teaches in the Department of History at the University of Melbourne.

coronation rites ,

Music and Ceremony at Notre Dame of Paris, 500-1550 Craig Wright, 1989-11-09 This book is a history of the early musical life of the Parisian cathedral of Notre Dame. All aspects of the musical establishment of Notre Dame are covered, from Merovingian times to the period of the wars of religion in France. Nine discrete essays discuss the history of Parisian chant and liturgy and the pattern and structure of the cathedral services in the late Middle Ages; Notre Dame polyphony and the composers most closely associated with the cathedral, among them Leoninus, Perotinus and Philippe de Vitry; the organ and its repertoire; the choir, the musical education and performing traditions; and the relationship of the cathedral to the court.

Dictionary of Ancient Magic Words and Spells Claude Lecouteux, 2015-10-15 A comprehensive handbook of more than 1,000 magical words, phrases, symbols, and secret alphabets • Explains the origins, derivatives, and practical usage of each word, phrase, and spell as well as how they can be combined for custom spells • Based on the magical traditions of Europe, Greece, and Egypt and recently discovered one-of-a-kind grimoires from Scandinavia, France, and Germany • Includes an in-depth exploration of secret magical alphabets, including those based on Hebrew letters, Kabbalistic symbols, astrological

signs, and runes From Abracadabra to the now famous spells of the Harry Potter series, magic words are no longer confined to the practices of pagans, alchemists, witches, and occultists. They have become part of the popular imagination of the Western world. Passed down from ancient Babylon, Egypt, and Greece, these words and the rituals surrounding them have survived through the millennia because they work. And as scholar Claude Lecouteux reveals, often the more impenetrable they seem, the more effective they are. Analyzing more than 7,000 spells from the magical traditions of Europe as well as the magical papyri of the Greeks and recently discovered one-of-a-kind grimoires from Scandinavia, France, and Germany, Lecouteux has compiled a comprehensive dictionary of ancient magic words, phrases, and spells along with an in-depth exploration--the first in English--of secret magical alphabets, including those based on Hebrew letters, Kabbalistic symbols, astrological signs, and runes. Drawing upon thousands of medieval accounts and famous manuscripts such as the *Heptameron* of Peter Abano, the author examines the origins of each word or spell, offering detailed instructions on their successful use, whether for protection, love, wealth, or healing. He charts their evolution and derivations through the centuries, showing, for example, how spells that were once intended to put out fires evolved to protect people from witchcraft. He reveals the inherent versatility of magic words and how each sorcerer or witch had a set of stock phrases they would combine to build a custom spell for the magical need at hand. Presenting a wealth of material on magical words, signs, and charms, both common and obscure, Lecouteux also explores the magical words and spells of ancient Scandinavia, the Hispano-Arabic magic of Spain before the Reconquista, the traditions passed down from ancient Egypt, and those that have stayed in use until the present day.

Monumenta Ritualia Ecclesiae Anglicanae Theoccasional Offices of the Church of England William Maskell,1882

A Drama of Reform Benedict J. Groeschel,Franciscan Friars of the Renewal,2005-01-01 ÊA Drama of ReformÊis the story of the new order founded by Fr. Benedict Groeschel and seven other Capuchin friars, and of the first two decades of a reform in religious life begun in 1987. United in the desire to be authentic disciples of Jesus Christ and following in the footsteps of Saint Francis, they want to encourage the army of Christians of all denominations who are discouraged by the erosion of Gospel values in our culture. This inspirational volume combines more thanÊ100 dramatic photosÊfrom the interesting and varied aspects of their daily lives. Along with the wonderful photos, members of the two independent communities of the Franciscan Friars of the Renewal and Franciscan Sisters of the Renewal provide short essays on their life,

which will enable others to experience the earnestness and enthusiasm of this young and fervent group. More than one hundred sisters and friars from a dozen countries have come together with the common desire to follow the Gospel of Jesus Christ after the example of Saint Francis and the tradition of the Capuchin reform. Well-known for their work with the poor and homeless in the South Bronx and other deprived areas, these Franciscans communicate a deep sense of the joy and love of those trying to be totally committed to living the Gospel in an increasingly de-Christianized world.

Magna Carta Dan Jones, 2016-11-15 Dan Jones has an enviable gift for telling a dramatic story while at the same time inviting us to consider serious topics like liberty and the seeds of representative government. —Antonia Fraser From the New York Times bestselling author of *The Plantagenets*, a lively, action-packed history of how the Magna Carta came to be—by the author of *Powers and Thrones*. The Magna Carta is revered around the world as the founding document of Western liberty. Its principles—even its language—can be found in our Bill of Rights and in the Constitution. But what was this strange document and how did it gain such legendary status? Dan Jones takes us back to the turbulent year of 1215, when, beset by foreign crises and cornered by a growing domestic rebellion, King John reluctantly agreed to fix his seal to a document that would change the course of history. At the time of its creation the Magna Carta was just a peace treaty drafted by a group of rebel barons who were tired of the king's high taxes, arbitrary justice, and endless foreign wars. The fragile peace it established would last only two months, but its principles have reverberated over the centuries. Jones's riveting narrative follows the story of the Magna Carta's creation, its failure, and the war that subsequently engulfed England, and charts the high points in its unexpected afterlife. Reissued by King John's successors it protected the Church, banned unlawful imprisonment, and set limits to the exercise of royal power. It established the principle that taxation must be tied to representation and paved the way for the creation of Parliament. In 1776 American patriots, inspired by that long-ago defiance, dared to pick up arms against another English king and to demand even more far-reaching rights. We think of the Declaration of Independence as our founding document but those who drafted it had their eye on the Magna Carta.
