The Smell Culture Reader Jim Drobnick,2024-11-01 Smell is fundamental to experience but mired in paradox. Stigmatized as animalistic, it nonetheless feeds a vast fragrance and marketing industry. Considered ephemeral, scents have survived throughout the ages in a number of religious practices. The Smell Culture Reader provides a much-needed overview of what is arguably the most elusive sense. From hygiene to aromatherapy, the fetid to the fragrant, smells are shown to be much more than just an adornment or a nuisance. Addressing this engaging sense in redolent detail, The Smell Culture Reader demonstrates how essential smell is to sexuality, social status, personal identity, and cultural tradition.

Rethinking U.S. Labor History Donna T. Haverty-Stacke,Daniel J. Walkowitz,2010-10-21 Rethinking U.S. Labor History provides a reassessment of the recent growth and new directions in U.S. labor history. Labor History has recently undergone something of a renaissance that has yet to be documented. The book chronicles this rejuvenation with contributions from new scholars as well as established names. Rethinking U.S. Labor History focuses particularly on those issues of pressing interest for today's labor historians: the relationship of class and culture; the link between worker's experience and the changing political economy; the role that gender and race have played in America's labor history; and finally, the transnational turn.

**The Murder Room** P. D. James,2011-06-28 The Dupayne, a small private museum in London devoted to the interwar years 1919-1939, is in turmoil. As its trustees argue over whether it should be closed, one of them is brutally and mysteriously murdered. Yet even as Commander Dalgliesh and his team proceed with their investigation, a second corpse is discovered. Someone in the Dupayne is prepared to kill and kill again. Still more sinister, the murders appear to echo the notorious crimes of the past featured in one of the museum's galleries: the Murder Room. The case is fraught with danger and complications from the outset, but for Dalgliesh the complications are unexpectedly profound. His new relationship with Emma Lavenham—introduced in the last Dalgliesh novel, *Death in Holy Orders*—is at a critical stage. Now, as he moves closer and closer to a solution to the puzzle, he finds himself driven further and further from commitment to the woman he loves.

**The Legal Limit** Martin Clark, 2009-06-02 Gates Hunt is a compulsive felon, serving a stiff penitentiary sentence for selling cocaine. His brother, Mason, however, has escaped their bitter, impoverished upbringing to become the commonwealth's attorney for their rural hometown in Virginia, where he enjoys a contented life with his wife and spitfire daughter. But Mason's idyll is abruptly pierced by a wicked tragedy, and soon afterward trouble finds him again when he is forced to confront a brutal secret he and his brother had both sworn to take with them to the grave, a secret that threatens everyone and everything he holds dear. Intricately plotted and relentlessly entertaining, *The Legal Limit* is an exploration of the judicial system's roughest edges, as well as a gripping story of murder, family, and the difficult divide that sometimes separates genuine justice from the law.

**Dead@17** Josh Howard, 2021-12-07 Her dad has a new girlfriend, her boyfriend's a loser, and she's the constant target of ridicule by the most popular girl in school. As if that weren't enough, there's also something haunting Nara—a secret darkness that has begun to manifest in violent dreams and waking visions. *The Oxford Companion to Food* Alan Davidson, 2014-08-21 the best food reference work ever to appear in the English language ... read it and be dazzled' Bee Wilson, *New Statesman* First published in 1999, the ground-breaking Oxford Companion to Food was an immediate success and won prizes and accolades around the world. Its blend of serious food history, culinary expertise, and entertaining serendipity, was and remains unique. Interest in food, cooking, and the culture surrounding food has grown enormously in the intervening period, as has the study of food and food history. University departments, international societies, and academic journals have sprung up dedicated to exploring the meaning of food in the daily lives of people around the world, alongside an ever-increasing number of articles, books, programmes, and websites in the general media devoted to the discussion of food, making the Oxford Companion to Food more relevant than ever. Already a food writing classic, this Companion combines an exhaustive catalogue of foods, be they biscuits named after battles, divas or revolutionaries; body parts (from nose to tail, toe to cerebellum); or breads from the steppes of Asia or the well-built ovens of the Mediterranean; with a richly allusive commentary on the culture of food, expressed in literature and cookery books, or as dishes peculiar to a country or community. While building on the Companion's existing strengths, Tom Jaine has taken the opportunity to update the text and alert readers to new perspectives in food studies. There is new coverage of attitudes to food consumption, production and perception, such as food and genetics, food and sociology, and obesity. New entries

include terms such as convenience foods, drugs and food, Ethiopia, leftovers, medicine and food, pasta, and many more. There are also new entries on important personalities who are of special significance within the world of food, among them Clarence Birdseye, Henri Nestlé, and Louis Pasteur. In its new edition the Companion maintains its place as the foremost food reference resource for study and home use.

**The Handbook of Food and Anthropology** Jakob A. Klein,James L. Watson,2016-08-25 Winner of the CHOICE Outstanding Academic Title of the Year Award 2017. Interest in the anthropology of food has grown significantly in recent years. This is the first handbook to provide a detailed overview of all major areas of the field. 20 original essays by leading figures in the discipline examine traditional areas of research as well as cutting-edge areas of inquiry. Divided into three parts - Food, Self and Others; Food Security, Nutrition and Food Safety; Food as Craft, Industry and Ethics - the book covers topics such as identity, commensality, locality, migration, ethical consumption, artisanal foods, and children's food. Each chapter features rich ethnography alongside wider analysis of the subject. Internationally renowned scholars offer insights into their core areas of specialty. Examples include Michael Herzfeld on culinary stereotypes, David Sutton on how to conduct an anthropology of cooking, Johan Pottier on food insecurity, and Melissa Caldwell on practicing food anthropology. The book also features exceptional geographic and cultural diversity, with chapters on South Asia, South Africa, the United States of America, post-socialist societies, Maoist China, and Muslim and Jewish foodways. The Song of Silver Frond Catherine Lim,2011-09-22 An exotic, beguiling love story set in 1950s Singapore. 'It was a special protection from the gods that Silver Frond's beauty manifested itself only after the barbarians had left? A beautiful child-woman, in that intriguing in-between stage when people could not tell where innocence ended and seductiveness

began, and were charmed by both.' One morning in Singapore more than fifty years ago, The Venerable One - a wealthy, respected, handsome Chinese patriarch, head of a large household of three wives and many children and grandchildren - takes a walk by a cemetery. There, a young village egg-seller, Silver Frond, is amusing herself with a comic song-and-dance act based on popular gossip - about him. The meeting instantly changes their lives. Is he not too old? Is she not too young? Are their worlds not too far apart? With characteristic verve and wit, Catherine Lim traces the struggles of an unusual couple through the jungle of human quandaries and predicaments created by the force of tradition, and celebrates the ultimate triumph of an even more extraordinary force - love.

Recalling the good and the terrible cooks in her family, Anita Rodríguez also shares the complications of navigating a safe path among contradictory cultural perspectives. She takes us from the mountain villages of New Mexico in the 1940s to sipping mint juleps on the porch of a mansion in the South, and also on a prolonged pilgrimage to Mexico and back again to New Mexico. Accompanied by Rodríguez's vibrant paintings—including scenes of people eating on fiesta nights and plastering an adobe church--*Coyota in the Kitchen* shows how food reflects the complicated family histories that shape our lives.

**Gandhi Meets Primetime** Shanti Kumar,2010-10-01 Shanti Kumar's Gandhi Meets Primetime examines how cultural imaginations of national identity have been transformed by the rapid growth of satellite and cable television in postcolonial India. To evaluate the growing influence of foreign and domestic satellite and cable channels since 1991, the book considers a wide range of materials including contemporary television programming, historical archives, legal documents, policy statements, academic writings and journalistic accounts. Kumar argues that India's hybrid national identity is manifested in the discourses found in this variety of empirical sources. He deconstructs representations of Mahatma Gandhi as the Father of the Nation on the state-sponsored network Doordarshan and those found on Rupert Murdoch's STAR TV network. The book closely analyzes print advertisements to trace the changing status of the television set as a cultural commodity in postcolonial India and examines publicity brochures, promotional materials and programming schedules of Indian-language networks to outline the role of vernacular media in the discourse of electronic capitalism. The empirical evidence is illuminated by theoretical analyses that combine diverse approaches such as cultural studies, poststructuralism and postcolonial criticism.
