Raising Empowered Daughters Mike Adamick,2019-06-04 A fists-up handbook for helping dads help their daughters resist the patriarchy, written by popular feminist dad blogger Mike Adamick As a primary male role model in a girl's life, a father influences his daughter in profound ways, from the way she defines her female identity to what she expects from men. In *Raising Empowered Daughters*, Mike Adamick offers a wise and witty handbook for dads, suggesting ways to raise girls who won't settle for second-class-citizenship. Examining the extraordinary array of sexism-both subtle and not-so-subtle-girls encounter, Adamick highlights not just the ways that girls and boys are treated differently but how the roles of moms and dads are shaped by society, too. Full of eye-opening anecdotes and dad-relatable humor, this is a necessary guide for every father who wants to raise a confident daughter.

The Baby Diaries Tess Daly,2012-04-24 If there's one thing that puts us all on a level playing field it's becoming a mum for the first time, everything else - work, sleep, sanity - goes out of the window. When I was handed our first daughter, Phoebe, I was terrified. This tiny bundle seemed so small and helpless and it was down to me and Vernon to take care of her every need when between us we couldn't change a nappy. This book is the story of my journey into motherhood. From the shock and excitement of the positive pregnancy test to trying to look 'stylish' when I couldn't even see my feet, the overwhelming emotion of having our beautiful baby and the horror to come of not sleeping properly for over three years. And then deciding to do it all over again! I do hope that by sharing my story you will have a better idea of what to expect, pick up a few tips and gain a little reassurance that even if the journey is rocky at times (as ours was!) we all become brilliant mums...eventually. To get a sneak preview of *The Baby Diaries* download our free iPhone app - just search iTunes for Tess Daly to find it.

The Hidden History of American Fashion Nancy Deihl,2018-02-08 This book is the first in-depth exploration of the revolutionary designers who defined American fashion in its emerging years and helped build an industry with global impact,

yet have been largely forgotten. Focusing on female designers, the authors reclaim a place in history for the women who created not only for celebrities and socialites, but for millions of fashion-conscious customers across the United States. From one of America's first couturiers, Jessie Franklin Turner, to Zelda Wynn Valdes, the book captures the lost histories of the luminaries who paved the way in the world of American fashion design. This fully illustrated collection takes us from Hollywood to Broadway, from sportswear to sustainable fashion, and explores important crossovers between film, theater, and fashion. Uncovering fascinating histories of the design pioneers we should know about, the book enlarges the prevailing narrative of fashion history and will be an important reference for fashion students, historians, costume curators, and fashion enthusiasts alike.

Children's Literature and Childhood Discourses Anna Cermakova, Michaela Mahlberg, 2024-04-04 Children's literature shapes what children learn about the world. It reflects social values, norms, and stereotypes. This book offers fresh insights into some of the key issues in fiction for children, from the representation of gender to embodied cognition and the translation of children's literature. Connecting classic children's texts such as *Alice in Wonderland* with contemporary fiction including *Murder Most Unladylike*, the book innovatively brings together perspectives from corpus linguistics, stylistics, cognitive linguistics, literary and cultural studies, and human geography. It explores approaches to experiencing fiction, as well as methods for the study of literary texts. Childhood discourses are investigated through the materiality of texts, the spaces that literature takes up in libraries, the cultural history of fiction moulded through performances, as well as reading environments that shape childhood experiences, such as fashion and urban spaces. *Children's Literature and Childhood Discourses* emphasizes the crucial link between fictional stories and real life.
