We Bury Our Dead Well Rachael Webb,2022-11-28 We Bury Our Dead Well By: Rachael Webb The very element that binds us to humanity is being used to divide us. Our emotions do not make us unique; they make us human. It is how you got there and what you do once you leave the particular events of your life, this is where your uniqueness comes from. Let's start loving our living with a cup of grace and the emotional bonds of humanity. Follow two public servants who leave it all on the field to help others only to be left destitute and in peril due to the actions of others. Discover how important a support network is as you embrace individuals in a parallel world and discover how we as individuals help to kill each other every day in our actions and our words. In a world where materialist items are valued over human life, let's come back to humanity and start taking care of each other. Validation is your only requirement. It is not for you to judge good or bad. Let's see each other for the possibility, not the trials that we are currently facing alone.

Master of One Jordan Raynor,2020-01-21 What is your one thing? The entrepreneur, thought leader, and best-selling author of *Called to Create* offers a refreshing invitation: stop trying to do it all so you can thrive in your unique, God-given work. "A compelling case for embracing our vocational limits and choosing to do our one thing well."—Emily P. Freeman, Wall Street Journal best-selling author of *The Next Right Thing* Imagine how different your life would be if you spent your time doing the very thing that brings you the greatest joy. It's possible, but most people spend their days making incremental advances on numerous tasks, competent at many things but exceptional at none. That's because for too long we've believed the lie that more activity, more jobs, and more responsibility equals greater effectiveness. In short, we are becoming a society of "jacks-and-jills-of-all-trades and masters of none." But what if you could shift your focus from too many things to one? In this thought-provoking book, you'll discover the exponential power of pursuing a singular craft. Through practical principles, Jordan Raynor provides straightforward steps for finding and thriving in your calling. He also highlights more than a dozen real-life examples of high-impact individuals who have chosen to focus on and excel in their unique gifting, including:

- Chronicles of Narnia author C. S. Lewis
- Enron whistle-blower Sherron Watkins
- TV legend Mister Rogers
- Dallas Mavericks CEO Cynthia Marshall
- Reality TV star Chip Gaines
- NFL Hall of Fame coach Tony Dungy
- Biblical figures, a teacher, a pilot, a banker, and world-class entrepreneurs

Political Analysis Matthew Loveless,2023-04-05 Why let other people explain the world to you? From news reporting on elections or unfolding political crises to everyday advertising, you are confronted with statistics. Rather than being swayed by bad arguments and questionable correlations, this book introduces you to the most common and contemporary statistical methods so that you can better understand the world. It's not about mindless number crunching or flashy techniques but about knowing when to use statistics as the best means to analyse a problem. Whether you want to answer: Who is most likely to turn out and vote at the next election? or What accounts for some political conflicts escalating to war? you'll explore what can and can't be done with statistics, and how to select the most appropriate statistical techniques and correctly interpret the results. Perhaps you simply want to understand enough to pass your statistics class and move on. Maybe you want to build your knowledge so that you are not excluded from research and debate. Or it could be the first step towards more advanced study. Whatever your goal, this book guides you through the journey, empowering you to confidently interact with statistics to make you a more formidable student, employee, and democratic citizen.

Master of Me Keke Palmer,2024-11-19 INSTANT NEW YORK TIMES BESTSELLER From the award-winning, multi-hyphenate global entertainer Keke Palmer comes the inspiring true story of her journey to understanding her genuine value. A MOST ANTICIPATED BOOK OF FALL 2024: Bookshop, Apple Books, People, BookRiot, and more!! Keke Palmer thought she knew who she was. What it means to be a good person and what it takes to be a success. It all seemed so simple, until she realized the challenges she would have to face to prove to herself who she wanted to be. From feeling alienated to having to restart her career after ten years in to becoming a single mother just months after her son was born—everything she worked for in life that she felt granted her what she wanted now also reminded her that “life is going to life” and throw curveballs regardless of what you deserve. She found herself asking, Where do I find my power? How do I master myself? In her own raw and intimate words, Keke talks about everything from her struggles with boundaries to unconditional love, forgiveness, and worthiness. “Don’t block your blessings and potential opportunities by allowing the voices of other people to influence your actions,” she says. “How you’re choosing to set yourself up for success is between you and the person looking back at you in the mirror.” Throughout the book, Keke also poses readers with the questions needed to get them through their own challenging times by sharing personal stories and lessons she’s learned along the way. She gets candid about the tools she’s developed to take the reins, harness her vulnerability, and recognize ownership in the narrative of her life—which allowed her to turn personal power into major power. In this exhilarating, deeply poignant, and often laugh-out-loud book, Lauren Keyana Palmer gets real about life, work, love, and belief. These pages will encourage readers to empower themselves with the truth, leverage their currency, and find the keys to master themselves and the art of alchemy. Keke writes, “You are not on anyone else’s timeline, only your own.” The result is a tour de force. They said, “Jack of all Trades, Master of None.” She said, “No, I am the Master. Of Me.”

The best fighter is master of many styles and has the skill to apply the right methods as situations present themselves. Agnostics take the same approach to philosophy and religion. Each religion, as each philosophy, has something to teach. There is no solitary creed that applies to every situation. Some of the world's greatest thinkers, such as Confucius and Socrates, promoted agnostic ways of thinking. For instance, Confucius said, To know is to know that you know nothing. That is the meaning of true knowledge. Learn more about agnosticism and start asking yourself some big questions with this book: What is the definition of God? Is religion good or evil? What is our purpose in life? How do we as a nation raise strong and independent thinkers? Author James Kirk Wall also offers an agnostic approach to evolution and intelligent design, as well as lessons from great thinkers throughout history and tips on applying agnosticism to business and government.
