Keeper of the Lost Cities The Graphic Novel Part 1 Shannon Messenger,2023-11-07 The first book in the New York Times and USA TODAY bestselling Keeper of the Lost Cities series is being reimaged as a graphic novel with the first half of the epic novel adapted to this new format with beautiful artwork! Twelve-year-old Sophie Foster has never quite fit into her life. She's skipped multiple grades and doesn't really connect with the older kids at school, but she's not comfortable with her family, either. The reason? Sophie's a Telepath, someone who can read minds. No one knows her secret—at least, that's what she thinks... But the day Sophie meets Fitz, a mysterious (and adorable) boy, she learns she's not alone. He's a Telepath too, and it turns out the reason she has never felt at home is that, well...she isn't. Fitz opens Sophie's eyes to a shocking truth, and she is forced to leave behind her family for a new life in a place that is vastly different from what she has ever known. This stunning graphic novel retelling of the first half of the thrilling first novel comes to life with all the adventure and epic worldbuilding the Keeper of the Lost Cities series is known for.

This special edition contains beautiful black-and-white illustrations and commentary from Shannon Messenger! Twelve-year-old Sophie has never quite fit into her life. She's skipped multiple grades and doesn't really connect with the older kids at school, but she's not comfortable with her family, either. The reason? Sophie's a Telepath, someone who can read minds. No one knows her secret—at least, that's what she thinks... But the day Sophie meets Fitz, a mysterious (and adorable) boy, she learns she's not alone. He's a Telepath too, and it turns out the reason she has never felt at home is that, well...she isn't. Fitz opens Sophie's eyes to a shocking truth, and she is forced to leave behind her family for a new life in a place that is

vastly different from what she has ever known. But Sophie still has secrets, and they're buried deep in her memory for good reason: The answers are dangerous and in high-demand. What is her true identity, and why was she hidden among humans? The truth could mean life or death—and time is running out.

Skyfall Harry Harrison,1990-09-15 Prometheus is the largest spacecraft ever built by man. A joint USA-USSR project, the gigantic ship weighs over 20,000 tons--and may be the ultimate solution to the world's energy needs. Like its mythical namesake, who stole fire from the gods and gave it to mankind, Prometheus will capture the energy of the sun and beam it to Earth--unless something goes terribly wrong. An unforeseen accident has stranded Prometheus in a decaying orbit less than a hundred miles above the Earth. Its small, international crew of men and women have a day, maybe less, before they come crashing down with their ship. But there's more at stake than a few astronauts' lives. Prometheus is too immense to burn up in reentry. When it hits, history's greatest endeavor will become the world's biggest bomb. Harrison wastes little time on anything but down-to-the-wire suspense, but he provides that in whopping good doses. A shamelessly effective Chicken Little potboiler.--Kirkus Reviews At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Unlocked also includes a comprehensive guide to the world of the Lost Cities, featuring new character and world details that have never been revealed before—plus fun bonuses like Keeper-themed recipes, a detailed map of the Lost Cities, gorgeous illustrations, and so much more!

Skyfall Elizabeth Munro,2014-06-01 When Cloud is expelled from Master Sky's ranger training program, the last gryphon she expects to find at her den is her old lover Soar. Now she's the only gryphon with the skills to get inside a corrupt Calgary eyrie and Soar needs her in more ways than one. Cloud has little choice but to accept the mission. Success will get her back in Sky's good books but accepting Soar as her working partner will either heal her broken heart or ruin it completely. Master Soar walked out of Cloud's life when her departure to the ranger program was inevitable. She was

motivated, beautiful and too young to tie herself to someone like him. As much as it hurt, it was better to let her go. But when the Calgary eyrie is at the centre of a conspiracy to destroy his own, he's forced to play every card he has, including Cloud. When Cloud shuts him out and starts to operate on her own he has no choice but to go in after her, risking the entire mission to get the gryphon he loves out alive.

Skyfall Anthony Eaton, 2015-09 Teenager Larinan Mann finds that he does not fit into the conformist society he lives in. Set in a post-apocalyptic Australia, where people have adapted to climate change by building domes attached to massive towers sheltered from the sun's rays.
