Easy Listening and Film Scoring 1948-78 Jack Curtis Dubowsky, 2021-05-27 Composers, arrangers, conductors, session musicians, and executives worked in easy listening and scoring, complicating an academic focus that lionizes film music while ignoring or deriding easy listening. This book documents easy listening's connections with film music, an aspect overlooked in academic and popular literature. Fueled by the rise of the LP and home entertainment, easy listening became the largest midcentury commercial music market, generating more actual income for the record business than 7- inch singles. Easy listening roped in subgenres including classical, baroque, jazz, Latin, Polynesian, exotica, rock, Broadway, and R&B, appropriated and reinterpreted just as they were for cinema. Easy listening provided opportunities in orchestral music for conservatory- trained composers. Major film composers such as Henry Mancini and Michel Legrand had a prodigious output of easy listening albums. Critics fault easy listening for structural racisms, overlooking its evolution and practitioners. Easy listening helped destabilize a tripartite record business that categorized product as race records, old time records, or general popular music. Charlie Parker's with Strings records altered the direction of jazz, profoundly influencing other performers, encouraging bold crosspollinations, and making money. The influence of technology and historical contexts of music for work and leisure are explored. Original interviews and primary sources will fascinate scholars, historians, and students of cinema, television, film scoring, and midcentury popular music.

Film Music Mark Russell, James Edward Young, 2000 In Film Music, fourteen of the world's best known film composers discuss their craft, revealing the creative process that led to the familiar sound of the most memorable films of our time. Like all titles in the Screencraft Series, Film Music is beautifully produced and lavishly illustrated with drawings, scripts, storyboards, models and stills from classic films. A companion CD features a composition from each of the fourteen contributors. Musicians, composers, filmmakers and film enthusiasts will find much to learn and much to enjoy in this unique volume. Includes CD featuring a piece of music from each contributor Part of the Screencraft series, the first books to explore the crafts of filmmaking by tracing the entire creative process

The Encyclopedia of Film Composers Thomas S. Hischak, 2015-04-16 For more than a century, original music has been composed for the cinema. From the early days when live music accompanied silent films to the present in which a composer can draw upon a full orchestra or a lone synthesizer to embody a composition, music has been an integral element of most films. By the late 1930s, movie studios had established music departments, and some of the greatest names in film music emerged during Hollywood's Golden Age, including Alfred Newman, Max Steiner, Dimitri Tiomkin, and Bernard Herrmann. Over the decades, other creators of screen music offered additional memorable scores, and some composers—such as Henry Mancini, Randy Newman, and John Williams—have become household names. The Encyclopedia of Film Composers features entries on more than 250 movie composers from around the world. It not only provides facts about these artists but also explains what makes each composer notable and discusses his or her music in detail. Each entry includes Biographical material Important dates Career highlights Analysis of the composer's musical style Complete list of movie credits This book brings recognition to the many men and women who have written music for movies over the past one hundred years. In addition to composers from the United States and Great Britain, artists from dozens of other countries are also represented. A rich resource of movie music history, The Encyclopedia of Film Composers will be of interest to fans of cinema in general as well as those who want to learn more about the many talented individuals who have created memorable scores.

Overtones and Undertones Royal S. Brown, 2023-04-28 Since the days of silent films, music has been integral to the cinematic experience, serving, variously, to allay audiences' fears of the dark and to heighten a film's emotional impact. Yet viewers are often unaware of its presence. In this bold, insightful book, film and music scholar and critic Royal S. Brown invites readers not only to hear the film score, but to understand it in relation to what they see. Unlike earlier books, which offered historical, technical, and sociopolitical analyses, Overtones and Undertones draws on film, music, and narrative

theory to provide the first comprehensive aesthetics of film music. Focusing on how the film/score interaction influences our response to cinematic situations, Brown traces the history of film music from its beginnings, covering both American and European cinema. At the heart of his book are close readings of several of the best film/score interactions, including *Psycho*, *Laura*, *The Sea Hawk*, *Double Indemnity*, and *Pierrot le Fou*. In revealing interviews with Bernard Herrmann, Miklós Rózsa, Henry Mancini, and others, Brown also allows the composers to speak for themselves. A complete discography and bibliography conclude the volume. Since the days of silent films, music has been integral to the cinematic experience, serving, variously, to allay audiences' fears of the dark and to heighten a film's emotional impact. Yet viewers are often unaware of its presence. In this bold, insightf

Give Me a Reason Jayci Lee,2025-07-29 In this modern retelling of Jane Austen's *PERSUASION*, a K-drama actress gets her second chance at love with the man she left to save her family, if only she can work up the courage to risk her heart on forever...one last time. For ten years, Anne Lee told herself that Frederick Nam was her past. To save her father from bankruptcy, she dropped out of UC San Diego to pursue an acting career in Korea. Anne had to stop Frederick from following her and ruining his future. Breaking up with him was the best way she could love him. After Anne left him, Frederick spent years loving her, missing her, and hating her until he decided to live his life for himself. He followed his dream and became a firefighter in Culver City. He didn't need romance. He had his work and his friends. When she returns to Los Angeles, Anne and Frederick find themselves in the same wedding—she as her cousin's bridesmaid and he as his friend's groomsman. Even though he is cold and distant with her, Anne can no longer deny that she never got over him. Not even close. As for Frederick, needing to take care of Anne is a habit he can't seem to kick, but that doesn't mean he has to forgive her.

Pop Stars on Film Kirsty Fairclough,Jason Wood,2023-02-23 Pop stars have provided audiences with performative moments that have become ingrained in popular consciousness. They are a lens through which deeper understandings about

race, gender, politics, history and the artistic process can be understood. When combined with the most affective of mediums – cinema, the combination can be both thrilling and alarming. From the relatively early days of cinema, figures from the world of popular music have made forays into acting and contributed cameo appearances. From Little Richard and Kylie Minogue to Nick Cave and Tom Waits, *Pop Stars On Film: Popular Culture in a Global Market* offers a collection of essays on some of the most influential international performances from a diverse range of cultural icons. The book considers industry shifts, access and diversity, but also the notion of cultural appropriation, audience appeal, marketing and demographics. Perhaps most importantly, the publication will look at what happens when cultures collide and coalesce.
