Attitude is Everything for Success Keith D. Harrell,2004-01-01 Everyone desires success and is capable of achieving it. Having what you truly desire begins with adopting a winning attitude. By positively channeling your attitude and thoughts, using empowering language, and taking action, you'll be sufficiently equipped to successfully accomplish any goal. Attitude Is Everything for Success contains morsels of wisdom and easy-to- learn tools to help you along your journey. The key to your success is your attitude for it determines the quality of your life. For 40 consecutive days, start and end each day with one of the 40 key words for successful living and be amazed at the results. Or when you find yourself feeling rushed and needing to focus your thoughts, flip to a word and gain inspiration and encouragement as you repeat the affirmations, meditate on the quotes, reflect on the anecdotes, and act on the directives that accompany each word. Attitude Is Everything for Success is designed to reprogram your attitude, lift your spirits, and keep you on course.

Behavioral Ethics in Practice Cara Biasucci,Robert Prentice,2020-11-01 This book is an accessible, research-based introduction to behavioral ethics. Often ethics education is incomplete because it ignores how and why people make moral decisions. But using exciting new research from fields such as behavioural psychology, cognitive science, and evolutionary biology, the study of behavioural ethics uncovers the common reasons why good people often screw up. Scientists have long studied the ways human beings make decisions, but only recently have researchers begun to focus specifically on ethical decision making. Unlike philosophy and religion, which aim to tell people how to think and act about various moral issues, behavioral ethics research reveals the factors that influence how people really make moral decisions. Most people get into ethical trouble for doing obviously wrong things. Aristotle cannot help, but learning about behavioral ethics can. By supplementing traditional approaches to teaching ethics with a clear, detailed, research-based introduction to behavioral ethics, beginners can quickly become familiar with the important elements of this new field. This book includes the bonus of being coordinated with Ethics Unwrapped – a free, online, educational resource featuring award-winning videos and teaching materials on a variety of behavioral ethics (and general ethics) topics. This book is a useful supplement for virtually every ethics course, and important in any course where incorporating practical ethics in an engaging manner is paramount. The content applies to every discipline –business ethics, journalism, medicine, legal ethics, and others – because its chief subject is the nature of moral decision making. The book is also highly relevant to practitioners across all sectors.
