**Charters Towers and Its Stock Exchange** Don Roderick,1977

*Out of Place* Philip Goldswain,Nicole Sully,William M. Taylor,2014 This collection of essays explores historical, geographical, and cultural factors that contribute to our understanding of places and settings of Australian transient communities. From Gwalia and Kalgoorlie in Western Australia, Charters Towers in Queensland, Broken Hill in New South Wales, and Queenstown in Tasmania, the places provide opportunity to revisit sites of history from the different angles of architecture, landscape theory, social history, and visual arts. They also provide a springboard for thinking through the pressing issues of contemporary Australians and counterparts in other 'post-settler' societies. [Subject: Australian Studies, History]

**Out of the Shadow** Neill Florence, 2018-05-31 Georg and Gretchen Schillingberg continue their pursuit of happiness across Australia as they travel from Townsville, on the coast, to Aramac in central Queensland with Georg's brother, Johannes. Gretchen has been redeemed from the hopeless drudgery of service to a cruel mistress, and she and her family have begun a truly new life. Before the journey, the group is persuaded to accept the assistance and protection of a bullocky named Joel Skipton and his Aboriginal assistant, Bindi. They were assured that there would be no Aboriginal attacks during the trek. But Joel's reputation as an immoral, antisocial, and unreliable person catches up with him, leaving the family to face the dangerous trip on their own. Gretchen, who has suffered social rejection in Germany, refuses to write off the native people and recognizes that there is a mystery surrounding the landscape they are passing through. Now these newcomers to the land must reach their own conclusions and find a way to achieve peace and harmony in the place they now call home. In this novel, the second in a series, an immigrant family from Germany crosses the Australian bush in search of a new home, facing dangers along the way.

Colonial Adventure Ken Gelder, Rachael Weaver, 2024-10-08 Adventure was one of the grand narratives of colonisation, which saw European powers sending agents off to new and distant worlds. Their journeys didn't always follow a straight line. Some were shipwrecked, lost or marooned; adventure turned into misadventure. Others left the colony as soon as they arrived. Convicts fled to Timor, China, and South America, while bushrangers roamed the country, antagonising colonial authorities. But when adventurers directly served the interests of colonisation, they could be violent, ruthless, and brutally racist, rapaciously seeking profit and property. Many adventurers went wherever ambition took them, killing and dispossessing Aboriginal people and claiming ownership of their lands. By examining colonial adventure narratives in all their rawness and complexity, this book asks us to reflect on the continuing legacies of colonisation in Australia today.

### **The Sketch, 1893**

Gun Fights, Ghosts and Goannas Gary Wood, 2024-10-01 Ever since he was a young man living on the Gold Coast, Gary had dreamed of riding a motor-cycle around Australia. His focus on family, qualifications, career and mortgage conspired to push this dream out of his mind. Life had stopped being fun and he could see that it wouldn't get better unless he changed his thinking. Then one night while lying in his hammock, sipping red wine, and listening to music, a song from his past came over the speaker. It was a message from his younger self reminding him of his dreams. He made a goal, got a motorcycle and some camping gear, and within two years he was on a solo motorcycle adventure through Queensland. This book is more than a motorcycle travel story, it's an adventure through the heart of Queensland and the soul of Australia. Along the way, Gary learns the secret of life, loses his money by betting on chickens and solves the murder of the swaggie from the song *Waltzing Matilda*. His message to the reader is that it's never too late to set and achieve goals. If he can do it anyone can, and it's easier than you think. Just twist the throttle and look out for kangaroos.

**Brisbane & Queensland Australia** Holly Smith, 2009 Following are a few paragraphs from this inspiring and

astonishingly detailed guide. The author, a native Australian, covers everything you might want to know about Queensland - guaranteed! The places to stay in every part of Queensland, from budget to luxury, rentals to B&Bs, the restaurants, from fast food to the highest quality, the beachwalks and bushwalks, the wildlife and how to see it, exploring the country by air, on water, by bike, and every other way. The immense state of Queensland nearly takes up Australia's entire northeastern quadrant, stretching from halfway up the rough-chiseled east coast all the way to the middle of the Gulf of Carpentaria. With a landmass of 1,727,200 sq km, it's the second-largest state after Western Australia, and it encompasses every environment imaginable. To the east, golden beaches and touristy surf towns are cloaked in thick swathes of rainforest, and fronted by palm-fringed islands in clear, azure bays. The verdant greenery runs right over the rugged Great Dividing Range, ending in high, windswept central plains and stark-red, dusty western deserts. This is Australia's holiday state, with a Florida-style beach culture and more than 300 sunny days every year. There's a ton to do for anyone and everyone, from just lazing on the sand to finding physical challenges galore. Hiking, watching wildlife, skydiving, and spelunking provide just a few tastes off the menu of grand land adventures, which are linked by scenic train and cable-car journeys, meandering back-road drives, and sprawling desert explorations. On the water, there are endless choices for sailing and kayaking, surfing, snorkeling, and diving along the coast and through the Great Barrier Reef. It's the most popular vacation spot in the country because everything's here: nature, culture, history, and adventure, all conveniently set upon a framework of modern towns and wrapped up in some of the world's wildest environments. Brisbane, the state capital, sits 15 mi/25 km inland from the Pacific along the banks of the serpentine Brisbane River. It's a perfectly modern city today, with glittering high-rise buildings and an abundance of green park areas, a surrounding of hilly suburbs, and a wealth of adventure opportunities. To the south, the Gold Coast continues in a line of hotels, restaurants, bars, and beaches; to the north, the Sunshine Coast is equally touristy, but more refined. Small coastal towns like Hervey Bay, Bundaberg, Gladstone, and Rockhampton are major sightseeing spots and exit points to Queensland's famous offshore islands. Rockhampton, at the Tropic of Capricorn, roughly ends the southern third of Queensland, the region covered by this chapter. Head west of the coast from Brisbane to Rockhampton, and you'll find the scenic tropical forests covering the Great Dividing Range. Keep going, and you'll hit the gemfields, full of gold, rubies, sapphires, and other goodies. Past here, you're into the red Outback deserts. If there's one thing about Queensland, you'll never be bored for lack of new things to see or new adventures to try -and if you can choose just one destination in Australia, this power-packed state will give you the most for your money and time. The Land: Queensland may be massive, but its very different environments can be neatly divided into a half-dozen unique sectors which together hold some 31/2-million citizens. Although the state is so big it's been broken into three separate regions for this book, a general rundown of the varying outdoor scenes is covered here. You'll find a more detailed look at the land, flora, and fauna of the central and northern areas in the two following chapters. The coast, of course, is the primary focus of most visitors to Queensland, a

landscape laced with clean white beaches, sparkling blue bays, and perfect, rolling surfines often punctuated by high, rocky outcrops and dizzying cliffs.

**The Curse of Mungana** David E. Moore, 2016-12-06 The Mungana scandal is not just the story of a failed mining venture and its victims, but an expose of the arrogance of powerful politicians who compromised integrity for personal greed. Late in the 19th century mining entrepreneurs were eager to profit from over optimistic expectations of “another Broken Hill” in North Queensland. Ventures thrived with private railways linking new mines, including the town of Mungana. In the wake of “1,000 disappointments” of the failed Chillagoe Company, the new Labor Government acquired the assets. This was the signal for opportunistic operators and politicians to orchestrate secret deals, allowing them to enjoy financial benefits at government expense. The critical acquisition was Mungana Mines. Its largest shareholder was William McCormack, future Queensland Premier. This culminated in a Royal Commission, whose bombshell report exposed key beneficiaries, including McCormack and his friend, Edward Theodore, then Treasurer of Australia. In the aftermath of the scandal several myths have arisen. These are identified and refuted. It is pertinent to ask if ethical standards have really improved over the past 80 years.

*Rush That Never Ended* Geoffrey Blainey, 2013-05-24 Forget about Ned Kelly and the bushrangers: for my money if you want a really romantic and exciting saga of Australia, take a look at our mining history. It's a turbulent, dramatic story with enough material for a bookshelf full of best-sellers ... a saga of tough men, iron-nerved gamblers, violence, death and glittering riches set against the backdrop of some of the most awful country on earth. And never has the story been better told than by Geoffrey Blainey.—Trevor Sykes Australia is one of the world's great sources of mineral treasure. Out of the ground, on land and at sea, has come wealth to create a host of lucrative industries. Our landscape is littered with mines bearing evocative names like Rum Jungle, Noble's Nob, Broad Arrow and Siberia, and stories abound of fortunes won and lost. The *Rush That Never Ended* tells the story of these mineral discoveries, describes the giants of Australia's mining history and records the tremendous influence that mining has had on Australia's attitudes to unionism, religion, law and politics. The first edition of *The Rush That Never Ended* was a publishing sensation. It stayed on the best-seller lists for several months, and won the Gold Medal of the Australian Literature Society. Reviewers described it as 'a compelling book', 'readable and exciting history', 'full of anecdotes and unforgettable characters'. This classic history of Australian mining now appears in its fifth edition, updated to bring the story up to the twenty-first century.

*Three Brilliant Careers* Ross Davies, 2015-01-05 *Three Brilliant Careers* reveals the previously untold story of celebrated author Miles Franklin and two lifelong Australian friends, Nell Malone and Kath Ussher, who met in Chicago in 1914 and reunited a year later in war-torn London. Despite facing enormous risks, the women subsequently travelled to the Balkans

with the Scottish Women's Hospitals and served in frontline medical units attached to the French and Serbian Armies. After the war, Miles settled in London, Kath in Hollywood and Nell in Paris, but maintained their friendship through regular correspondence. All three achieved distinction in their chosen fields, although not without encountering significant obstacles in their path. Bridging four decades across several continents, *Three Brilliant Careers* follows the remarkable lives of the friends, and explores their crossed destinies to tell an inspirational story of Australia's early feminists.

**In Stockmen's Footsteps** Jane Grieve, 2013 Jane Grieve was born and raised on a farm on the Darling Downs in Queensland. She grew up with the wind in her hair and the rich black Darling Downs soil between her barefoot toes, her vivid imagination captivated by the tales of her Colonial forebears and the romantic notion of Australia's outback. From the outset she was determined that her life was not going to run along conventional lines; and nor did it. While working for architect Bill Durack, brother of legendary Australian identities Mary and Elizabeth Durack, she met R.M. Williams. R.M. exhorted her to work with him, Hugh Sawrey, Mary Durack, Bob Katter Snr, Ranald Chandler, Sir James Walker and other prominent Australians to build a very special monument. This is the previously untold story of the establishment of one of Australia's foremost Bicentennial projects - the Australian Stockman's Hall of Fame and Outback Heritage Centre - at Longreach in Queensland. Told through the eyes of a person whose role in the inner sanctum was pivotal to its success, it is an extraordinary true story of the legendary identities, selfless determination and sheer hard work involved in the creation of what was intended as a Mecca for all Australians.
