The TSQL2 Temporal Query Language Richard T. Snodgrass,2012-12-06 Temporal databases have been an active research topic for at least fifteen years. During this time, several dozen temporal query languages have been proposed. Many within the temporal database research community perceived that the time had come to consolidate approaches to temporal data models and calculus based query languages, to achieve a consensus query language and associated data model upon which future research can be based. While there were many query language proposals, with a diversity of language and modeling constructs, common themes kept resurfacing. However, the community was quite fragmented, with each research project being based on a particular and different set of assumptions and approaches. Often these assumptions were not germane to the research per se, but were made simply because the research required a data model or query language with certain characteristics, with the particular one chosen rather arbitrarily. It would be better in such circumstances for research projects to choose the same language. Unfortunately, no existing language had attracted a following large enough to become the one of choice. In April, 1992 Richard Snodgrass circulated a white paper that proposed that a temporal extension to SQL be produced by the research community. Shortly thereafter, the temporal database community organized the ARPA/NSF International Workshop on an Infrastructure for Temporal Databases, which was held in Arlington, TX, in June, 1993.

REALITY James McCurry, 2019-01-23 This book talks about how God and Satan are the rulers of good and evil and how good and evil are the rulers of right and wrong, even though good and evil is spiritual and right and wrong is physical. It talks about how there is an opposite of everything, like male and female or right and wrong. It talks about how men ruled the world in the beginning and women will rule the world in the end. It talks about our souls, good and evil spirits, and the spirit of truth. If you look closely in this book, you will see that we are not our own but are bought with a price of good or evil.

Violence and Non-Violence across Time Sudhir Chandra, 2018-10-03 This book probes the complex interweaving, across time and cultures, of violence and non-violence from the perspective of the present. One of the first of its kind, it offers a comprehensive examination of the interpenetration of violence and non-violence as much in human nature as in human institutions with reference to different continents, cultures and religions over centuries. It points to the present paradox that even as violence of unprecedented lethality threatens the very survival of humankind, non-violence increasingly appears as an unlikely feasible alternative. The essays presented here cover a wide cultural-temporal spectrum — from Vedic sacrifice, early Jewish-Christian polemics, the Crusades, and medieval Japan to contemporary times. They explore aspects of the violence-non-violence dialectic in a coherent frame of analysis across themes such as war, jihad, death, salvation, religious and philosophical traditions including Buddhism, Christianity, Judaism, Hinduism, Islam, mysticism, monism, and Neoplatonism, texts such as Ramayana, Mahabharata and Quran, as well as issues faced by Dalits and ethical imperatives for clinical trials, among others. Offering thematic width and analytical depth to the treatment of the subject, the contributors bring their disciplinary expertise and cultural insights, ranging from the historical to sociological, theological, philosophical and metaphysical, as well as their sensitive erudition to deepening an understanding of a grave issue. The book will be useful to scholars and researchers of history, peace and conflict studies, political science, political thought and cultural studies, as well as those working on issues of violence and non-violence.

A Promise of Forever Sheryl Lister, 2025-08-19 Perfect for fans of Jill Shalvis and Before I Let Go, this heartwarming novel explores the sisterly friendship between a group of women and a second chance at love—all set in the idyllic small town of Firefly Lake. Terri Rhodes loves her husband—when he’s actually present. Their whirlwind marriage was a steamy fairy tale for about a year. They moved to Firefly Lake, made amazing friends . . . but over time, Jon’s legal practice and Terri’s work as an ER nurse have turned them into ships passing in the night. What she wouldn’t give to connect with Jon the way they used to before the long hours and unexpected tragedy broke both their hearts. Jon can’t stand to see his beautiful wife

in pain—or talk about his own. He couldn't admit there was a problem until Terri got his attention in the worst way: by walking out. Jon will do anything to get her back, like leaning on their new friends in the Supper Club and taking her on dates that prove their chemistry is as hot as ever. He has to believe it's not too late to prove to the woman he loves that his heart and ears are open. And that no matter what, he's not giving up.

We Loved It All Lydia Millet,2024-04-02 A Time Must-Read Book of 2024 • A Booklist Editors' Choice • A Washington Post Notable Nonfiction Book of 2024 A rigorous, evocative, brilliant bow to life. —Terry Tempest Williams, author of *Erosion: Essays of Undoing* This lucent anti-memoir from celebrated novelist Lydia Millet explores the pain and joy of being a parent, child, and human at a moment when the richness of the planet's life is deeply threatened. Across more than a dozen acclaimed works of fiction, readers have become intimate with Lydia Millet's distinctive voice and sly wit. *We Loved It All*, her first nonfiction book, combines the precision of fact with the power of narrative to evoke our enmeshment with the more-than-human world. Emerging from Millet's quarter century of wildlife and climate advocacy, *We Loved it All* marries scenes from her life with moments of nearness to "the others"— the animals and plants with whom we share the earth. Accounts of fears and failures, jobs and friendships, childhood and motherhood are interspersed with exquisite accounts of nonhumans and arresting meditations on the power of story to shape the future. Seeking to understand why we immerse ourselves in the domestic and immediate, turning away from more sweeping views, she examines how grand cultural myths can deny our longing for the company of nature and deprive us of its charisma and inspiration. In a thrilling distillation of experience and emotion, she evinces the familiar sense of feeling both well-meaning and powerless—a creature subject to forces that are baffling in their immensity. The fear and grief of extinction and climate change, Millet suggests, are forms of love that might be turned to resistance. *We Loved It All* shimmers with curiosity and laconic humor yet addresses with reverence the most urgent crises of our day. An incantatory, bewitching devotional to the vast and precious bestiary of the earth, it asks that we extend to other living beings the protection they deserve—the simple grace of continued existence.

The Call/ the Fall of Humankind Ligondé,2009 The Call is the archetype of 'the Iliad by Homer'; except, here, Ligonde dares go where no other mind has gone before. As has said Stephen Hawking in his book 'a brief history of time' The Church

dislikes the idea of anyone going before or beyond the 'big bang' creation especially astrophysicists. Since, humans were limping before, then, Ligonde trek with them, back and forth in space/time, left them to proceed into 'the Quantum slipstream' beyond the Heavens near 'The Continuum' in this journey to see God! Unlike 'The Iliad' and 'The Inferno', 'The Call by Ligonde' is not fixated in one specific space/time or location on this blue, beautiful, bountiful planet Earth we dwell on; Instead, 'The Call' made them, both: space and time, its playground; in them, it goes, 'back and forth', around! Unlike 'the Iliad and the Inferno', 'The Call' is overarching, overbearing in the Multiverses's escathological fate to awaken humankind about our destitute state by these entities who supposed to care for us, ad inceptio! Two apathetic posterities, two sides stand erect, posture for: Hegemony, world domination; whereas, one is orderly, conciliatory, revelatory and with respect; while the other is chaotic, deceitful, full of concealment and with disrespect, as if everything is fined. When, in the contrary, by the latter, we are being hijacked, taken hostages for more over (6,000) six thousands years of foolish history of disobedience and futile rebellion! Finally, after centuries of literary and religious dominance in the Western civilisation, both: 'The Iliad by Homer' and 'The Inferno by Dante' are pushed off the book-shelves awe-strikingly in 'The Call by Ligonde' for Humankind to get ready for 'the Messianic Era'. Open 'The Call', this edda in the eddy, with glee. You'll bite more than you could shew! Ligonde ID # Book ID #
