Multi-Grade Readers Theatre Suzanne I. Barchers, Charla R. Pfeffinger, 2009-05-19 36 readers theatre scripts use authors and illustrators to awaken student imaginations. This book of 36 readers theatre scripts (one for each week of the school year) concentrates on scripts written at multiple reading levels with a large number of parts—including choral reading parts—that enable the entire class to participate. The first 18 scripts are written for 1st-3rd grade reading levels and feature giants of kids literature like Margaret Wise Brown, James Marshall, Bill Martin Jr., Bill Peet, and Beatrix Potter. The second 18 scripts are written for 2nd-4th grade reading levels to allow for growth throughout the school year. This group of plays introduces students to Stan Berenstain, Arnold Lobel, Shel Silverstein, and Tasha Tudor, among others. Carefully designed to meet the needs of students of various reading levels, the scripts are also ideal for use with remedial readers. Grades 2-5

Literacy and Bilingualism Maria Brisk, Margaret M. Harrington, 2010-11-01 This handbook applies proven techniques, derived from bilingual/bicultural classrooms, to teaching literacy in the twenty-first century. Its goal is to help teachers increase their understanding of bilingual learners in order to maximize instruction. Teachers can use this handbook to expand their understanding of literacy and bilingualism; implement literacy approaches and assess students' development; and learn through reflection. Practical, flexible format and content. Complete and straightforward instructions, illustrated by case studies, allow teachers to use the strategies in this handbook on their own or in teacher-led study groups. They can

select from the variety of approaches the ones which best match their students' needs and their own teaching style. Student-centered focus. All of the approaches share characteristics that help motivate students of varying language abilities to develop literacy. Field-tested approaches. The approaches have been modified and tested with bilingual students of different ages and language backgrounds in bilingual, ESL, mainstream, special education, and deaf education classes ranging from preschool through high school. New in the Second Edition: *five new approaches with their corresponding classroom implementation; *additional information in each introduction addressing its theme; *new material on issues of language, culture, and literacy development of students completely new to the English language; and *annotated bibliographies with sample books to support literacy within language and content area classes. Literacy and Bilingualism is intended for a broad audience of teachers in any type of classroom where bilingualism plays a role, and is an excellent text for preservice and inservice courses that prepare teachers to work with English language learners.

Included in this sourcebook are: ·Assessment rubrics ·Student and professional technology resources ·Descriptions of various instructional models ·An appendix containing background information to facilitate the users' understanding of certain activities ·A glossary of specialty terms and concepts used Each activity, which addresses multiple standards, can be used for enrichment or to accommodate students with various needs. The activities feature: ·Recommendations for interesting children's literature ·Links to web sites related to each activity ·Suggestions for

adaptations or extensions to effectively meet the needs of specific students Will be of interest to pre-service and in-service elementary teachers who want to enliven their classrooms with student involvement and interest in social studies topics.
